

A GENERAL FEELING OF BUOYANCY.—Dr. J. M. Reese, of Phillipsburg, N.J., reports an interesting case as follows: "Miss N——, school teacher, came under my care in April. Anæmic, nervous system very much depressed by reason of extra work and strain, attendant upon preparing for the annual examination. She was suffering from sub-acute Laryngitis, the vocal chords relaxed. She would not give up her work, which required great exertion of the vocal organs. I used a course of tonics and other customary remedies without giving relief. I then put her on Maltine with Coca Wine, and she responded promptly. The hoarseness disappeared, and she has improved constantly ever since she began to use this preparation; her general condition improved in every

respect; increase in weight was marked, and she often spoke of a general feeling of buoyancy. It appears to me that we can always depend upon getting good results in this class of cases from Maltine with Coca Wine. The tonic and sustaining effect of the coca, added to the diastatic properties of the Maltine, makes it just exactly what we need in so many diseases of modern life."

HE COULDN'T AFFORD IT.—A mother was urging her son to purchase an overcoat, and he was insisting that he could not afford one. "Very well, then," said she, "you will get pneumonia; see if you don't." "No," said he, "I won't get that either; I can't afford anything new."

PIL ORIENTALIS

THOMPSON

Endorsed by the Medical Faculty as the only reliable Aphrodisiac upon the market, and that it has no rival in Pharmacy for Impotency or Loss of Erectile Power. Contains the new Aphrodisiac "Ambrosia Orientalis."

CULLED FROM UNSOLICITED TESTIMONIALS:

DR. W. W. WOODRING, U. S. Pension Examiner, Mt. Pleasant, Utah, says: "I have been using your Pil Orientalis in my practice now for six months, and must say that they are all that you claim for them, and even more in senile cases of impotency. My official position as U. S. Pension Examiner gives me many opportunities with the veterans that would never come to light otherwise, and I am prescribing the pills for impotency often, and as an adjunct to other treatment in ovarian congestion. I consider them the most potent aid I have found in thirty years' experience in general practice."

DR. E. E. GLEASON, West Brome, P.Q., Canada, says: "I think that the effect of your pills is more lasting than any other that I have used."

DR. F. L. SIM, Memphis, Tenn., says: "Your pills will have a great future. . . . They are reliable."

DR. M. RANDOLPH LATIMER, M.D., Aquasco, Md. (1855), says: "I had my druggist obtain me a bottle, which I used on an old gentleman over 70 years, for functional impotency, with decided benefit."
