The Investment Annuity Policy —OF THE— North American Life Assurance Company

Provides that at death, or if on the Endowment Plan, at
the maturity of the endowment period, the Company
will pay the amount of insurance in 20 or 25 equal
annual instalments, the first of such to be paid on the
occurrence of the event or at the expiration of the en-
dowment period. This plan at once secures to the ben-
eficiary an absolute guaranteed income for the period
selected.

The particular features of this plan are not embodied
in any other policy of insurance offered to the insuring
public of Canada. It contains elements which no com-
pany has yet offered to the insured.

A much lower rate of premium is chargeable on it
than on the other plans of insurance, on account of the
payment of the face of the policy being extended over a
period of twenty or twenty-five years.

The favorite method of accumulating the profits is
equally applicable to this plan of insurance as to the
other investment plans of the Company.

For further particulars apply to any of the Company's
Agents, or to
