

THE THREE HUNGARIAN MARTYRS

The Triduum announced in our issue of January 13 was celebrated in the cathedral of St. Boniface on the 12th, 13th, and 14th in honor of the three Hungarian Martyrs beatified by Pope Pius X. on Jan. 15, 1905. The exercises, which took place in the evening, were attended by a large concourse of the faithful. On Friday, the 12th, Rev. Father Woodcutter preached in excellent French. He related the story of the martyrdom, which was made possible by the troubled state of Hungary in 1619, and he drew therefrom lessons of steadfastness in the faith. The sermon was followed by Benediction of the Blessed Sacrament, given by Rev. James Dugas, S.J., Rector of St. Boniface College, and sung by the College choir, all the students being present in the body of the church.

On Saturday evening Father Woodcutter made a few introductory remarks in French, explaining that he was about to preach to some forty Hungarians there present in their own language, and that the reason why he had to invite them from Winnipeg to St. Boniface was that they had as yet no church of their own. Then he spoke for about half an hour in the Magyar tongue, describing to the natives of Hungary the religious war which desolated their fair land at the beginning of the seventeenth century, and giving details of the horrible cruelties inflicted on these Catholic martyrs by the locally dominant Calvinist party. At the close of Father Woodcutter's Hungarian sermon, His Grace the Archbishop spoke to the assembled Hungarians in English and thanked them for their presence there that evening, adding that he hoped soon to be able to secure for them a church building of their own. Then followed Benediction given by His Grace the Archbishop. The singing was furnished, as on the preceding day by the college choir and students.

On Sunday in the new chapel of St. Boniface College, at about three in the afternoon, after Vespers, at which Rev. Father Dugas, S.J., Rector of the college, presided, Father Woodcutter spoke for three-quarters of an hour in excellent English to the assembled students, rehearsing once more, but with fuller details and a greater abundance of practical applications, the historical setting and the story of the martyrdom.

On Sunday evening at the cathedral the exercises of the triduum closed with a specially solemn Benediction of the Blessed Sacrament, given by Monsignor Dugas, V.G., assisted by Rev. Father Dugas, S.J., and Rev. Jos. Poitras. The college students sang the hymn for several martyrs, preceded by the "Ave Verum" of Father de Doss, S.J., and followed by an "Ave Maria" written and sung by Mr. Rene Brun, Professor of Piano in St. Boniface College, and by a Cecilian Society "Tantum Ergo." After Benediction, Monsignor Dugas, carrying a reliquary with relics recently received from Rome, of the three Blessed Martyrs, passed along the communion rail, presenting the relics to the respectful veneration of all the persons present, who knelt down and one by one kissed the reliquary. During this ceremony which lasted a long time owing to the great crowd coming up one by one, the college students sang a beautiful hymn,

YOUNG MAN, BE HONEST

Because you have just discovered that there is hypocrisy in this world, do not become so inflated with this knowledge that you seek to demonstrate the falsity of religion. A day of reckoning is coming for the hypocrite, whether in this world or the next. Recent developments have shown that a large proportion of these reckonings are coming in the present world. The man you may know who is hiding behind the cloak of religion, while he robs the poor and unfortunate will have his day of reckoning. The religion is just as true as ever. It is the sinning man who is at fault. When you have had a little more experience, young man, you will realize that there is a practical side of religion, and that "honesty is the best policy." Be honest with your fellow man! This applies also to woman. What is more contemptible than a person who will betray a trust, whether the trust be virtue or money or confidential information? If you deceive one, confidence is ruined. The confidence of your fellows, of the men with whom you associate and do business, can not be reckoned in dollars and cents. Confidence of his fellows is part of man's

How Is Your Cold?

Every place you go you hear the same question asked. Do you know that there is nothing so dangerous as a neglected cold? Do you know that a neglected cold will turn into Chronic Bronchitis, Pneumonia, disgusting Catarrh and the most deadly of all, the "White Plague," Consumption. Many a life history would read different if, on the first appearance of a cough, it had been remedied with

capital, no matter what his business may be. It is worth money—and more than money.

Be honest with yourselves! The religion you are taught represents the highest standard of life. It shows you the highest standard of manhood. This should be your standard. It should be you. Perhaps you may err in minor things, but you cannot afford to be mean, or low, or disreputable, or false to the religion of your mother and the religion you yourself should sustain. Examine your conscience. And be true to yourself!

Be honest towards God. Are you so puffed up that you think you can fool God? Do you have an idea you can avoid the confessional, or, going there, conceal the truth and deceive the Lord? Tell the truth.

Be honest!—Intermountain.

AN EFFECTIVE SAMPLE

A non-Catholic clergyman was very fond of a particularly hot brand of pickles, and, finding great difficulty in procuring the same sort at hotels, when travelling, always carried a bottle with him. One day, when dining at a restaurant with his pickles in front of him, a stranger sat down at the same table and with an American accent presently asked the minister to pass the pickles. The minister, who enjoyed the joke, politely passed the bottle, and in a few minutes had the satisfaction of seeing the Yankee watering at the eyes and gasping for breath.

"I guess," said the latter, "that you are a parson?"

"Yes, my friend, I am," replied the minister.

"I suppose you preach?" asked the Yankee.

"Yes, sir; I preach twice a week, usually," said the minister.

"Do you ever preach about hell-fire?" inquired the Yankee.

"Yes; I sometimes consider it my duty to remind my congregation of eternal punishment," returned the minister.

"I thought so," replied the Yankee, "but you are the first of your class I ever met who carried samples."

"There's no danger," said the doctor. "It's only a carbuncle coming on the back of your neck. But you must keep your eye on it."

WATER IN YOUR BLOOD?

Lots of people have thin, watery blood.—They eat plenty, but don't digest. When digestion is poor, food isn't converted into nourishment—in consequence the body rapidly loses strength. To positively renew health, nothing equals Ferrozone. It excites sharp appetite,—makes the stomach digest, forms life sustaining blood. Abundant strength is sure to follow. If you need more vitality, extra energy, better nerves, then use Ferrozone, the medical triumph of the age. Fifty cents buys a box of fifty chocolate coated Ferrozone tablets.

FREE HOSPITAL FOR CONSUMPTIVES
NEAR GRAVENHURST, ONTARIO

Since this institution was opened, a little more than three years ago, 560 patients have been cared for. Over 2,000 patients have been treated in our two Muskoka homes within the past seven years.

- Not a single applicant has ever
- been refused admission to the

Our plea for help is that the Muskoka Free Hospital for Consumptives cares for patients that all other hospitals refuse. If the needed money is forthcoming, this dread disease might be stamped out.

—Dr. T. G. RODDICK, an eminent physician of Montreal, ex-president of the Canadian Medical Association, and ex-president of the British Medical Association, stated at a meeting of the Montreal League for the Prevention of Tuberculosis, his firm belief that in twenty-five years, provided proper means are adopted, a case of consumption would be a curiosity.

Within the month the accommodation has been increased by twenty-five beds, adding to the burdens of maintenance, but in the faith that a generous public will come to the aid of the trustees.

"No, Mr. Brown," said the beautiful girl, "I am sorry that I can not be your wife. I hope however," she added, anxiously, "that this disappointment will not lead you to plunge into dissipation and extravagance." Whereupon Mr. Brown rose from his knees, and exclaimed bitterly, "You bet it won't, Miss Jones; I'll need to save up for six months to make up for the money I've wasted on flowers and chocolates and theatre tickets and things these last few weeks."

He was an old merchant who devoted much time to his advertising. "John," said his wife, "what do you want on your tombstone?" "Oh," he answered, "it isn't important what the text is so long as it gets good space and is well displayed."
