

OUR CLUBBING LIST FOR 1895.

THE BEST PERIODICALS AT GREATLY REDUCED PRICES.

Any one sending us 50 CENTS for a year's subscription to Massey's Illustrated may, by sending the amount through us, obtain any one of the periodicals named below for one year also, at the greatly reduced price quoted opposite each; in other words, add 50 CENTS to price in second column, which pays for both periodicals. See Examples Below. Our club prices are in most instances less than cost to us. Note them.

N.B.—When MORE THAN ONE periodical in the list is wanted, to the prices of those marked thus, 25 CENTS must be added. All others may be had at prices quoted. Postage is prepaid in every instance. Send in subscriptions early and avoid delays incident to rush of business at this season.

Examples.—Suppose a subscriber wishes to take Massey's Illustrated and the Weekly Globe for one year, he gets the Globe at Club Price, 50 cts., and 50 cts. for the Illustrated, making \$1.00. In other words he gets both for the price of one, and makes only the one remittance to us. Again, suppose a person wishes to take Massey's Illustrated, Harper's Magazine, Weekly Empire and American Agriculturist, by subscribing through us they would cost, as shown in next column,—

MASSEY'S ILLUSTRATED	\$0 50
Harper's Magazine, Club Price	3 50
Weekly Empire, Club Price and 25 cents added (See N.B.)	85
American Agriculturist, Club Price	1 10
Total	\$5 95

At Publishers' regular rates they would have cost \$7.00. Thus a saving of \$1.05 is effected, besides the saving in stamps, and trouble of making four registered remittances to four different publishers.

BRANTFORD MOWER.

Never Fear about breaking the Pitman of the Brantford Mower, even if you do unexpectedly run against a stone or stump, for it is fully protected by the strong bar in front of it. The Brantford Mowers are built with a view to their standing rough usage.

THE BAR CONNECTION is illustrated in the adjoining cut. It is substantial and sufficiently rigid to withstand the hardest cutting, and at the same time forms a most flexible joint, admitting of placing the cutter bar in every desirable position and allowing it to follow the most irregular ground surface (PATENTED).

RANGE OF TILT—You can leave any desirable length of stubble with the Brantford Mower, or you can shear off the crop close to the surface. The tilt lever is convenient and very easy to set.

The lever for raising the bar is also easy to handle, and the bar can be quickly raised to pass obstructions with comparatively little effort, being assisted by the large coil spring alongside the pole.

THE PITMAN WELL PROTECTED.

PLENTY OF TILT.

THE DOTTED LINES SHOW THE WIDE RANGE OF TILTING ADJUSTMENTS.
