1973	4,218,347	46,409
Jan.-July	3,599,701	29,067

#### SOY BEAN MEAL

Question No. 19—**Mr. Horner**:

How much soy bean meal was used for human consumption in (a) 1973 (b) 1974 to date?

**Hon. Otto E. Lang (Minister of Justice)**: Soy bean meal is not used for human consumption but is used in livestock and poultry feeds. Soy bean meal can be further processed into isolates and protein concentrates which are used in human nutrition. There are no statistics available for human utilization in Canada but it is estimated that approximately 0.3% of Canadian production of soy beans is used in human nutrition in Canada, or approximately 25,200 cwt.

#### NATO—CANADIAN FINANCIAL AND PERSONNEL CONTRIBUTION

Question No. 82—**Mr. Fortin**:

1. For each year 1970 to 1973 inclusive, what was the financial contribution of the government to the North Atlantic Treaty Organization (NATO)?

2. How many Canadian soldiers were placed at the disposal of NATO (a) on a permanent basis (b) on a temporary basis each year (i) 1970 (ii) 1971 (iii) 1972 (iv) 1973?

**Hon. James Richardson (Minister of National Defence)**: Insofar as the Department of National Defence is concerned: 1. The financial contribution to NATO infrastructure and military budgets for the period 1970 to 1973 was as follows: 1970/71, \$14,384,000; 1971/72, \$13,834,000; 1972/73, \$14,323,000; 1973/74, \$21,000,000 (estimated) See Note: 1.

2. The number of Canadian Forces personnel placed at the disposal of NATO for the years indicated is as follows:

a. Permanent basis—

Year	Number Stationed in Germany	Number Serving on Nato Staffs	Total
1970	5,792	401	6,193
1971	5,312	327	5,639
1972	5,092	234	5,326
1973	5,036	233	5,269

b. Temporary basis—

Year	Maritime Forces	Land and Air Forces	Total
1970	4,546	4,679	9,225
1971	4,536	5,215	9,751
1972	4,526	5,665	10,191
1973	5,016	5,665	10,681

NOTE: 1. The significantly higher contribution to NATO in 1973/74 was due to approximately \$3,000,000 having been outstanding for 1972/73. This was caused by a new NATO policy of programming construction costs over a shorter time frame. Thus the contribution to NATO for the two fiscal years averaged: 1972/73, Approx. \$17 million; 1973/74, Approx. \$18 million.
