

INSPECTOR SALISBURY SAYS RULES WERE LAX

Received Card Table and Chairs for Outside Work—Ryrie Architect Makes Statement.

At yesterday's session of the investigation into the city architect's department, Herbert B. Moore, architect of the new Ryrie building, Yonge and Shuter streets, gave an emphatic denial to statements that the north wall of the building was in an unsafe condition. L. Reynolds, the engineer, who expressed the opinion on Friday that the wall was not properly built, was recalled, and stuck to his former testimony.

The receipt by Inspector Harry Salisbury of a card-table and chairs from Gourlay, Winter & Leeming for going over the plans of their factory on Logan avenue was brought up again. Salisbury, himself, who has since left the department, was recalled, and swore that discipline in the office prior to the time Mr. Price issued instructions forbidding the members of the staff to draw plans for outsiders, was very lax. Aldermanic influence interfered sometimes, he said, but the inspectors were not paid enough. They should get \$2000 a year, as they could earn from \$2500 to \$2750 on private work.

INTER-STATE EXPRESS RATES NOW IN EFFECT

Based Upon Block System and Charges Sixteen Per Cent. Lower Than Formerly.

NEW YORK, Feb. 2.—(Can. Press.)—The new system of interstate express rates, on a scale 16 per cent. lower than those formerly prevailing, became effective today under orders issued by the Interstate Commerce Commission.

The new interstate rates are based upon a block system, the country being divided into 328 blocks formed by the intersections of the meridians of longitude and parallels of latitude.

Another important feature of the new express rate system now in force is that every express office in the United States will be able to determine and quote a rate to every other express office in the United States.

PUR RESTRICTIONS ON ASSISTED IMMIGRATION

WASHINGTON, Feb. 2.—(Can. Press.)—President Wilson regards it as universally agreed that there should be some restrictions to prevent what is known as "assisted immigration." He has not yet announced his position on the literacy test feature of pending immigration bills, and indicated today that he would not do so until consulted by leaders in congress. The senate committee on immigration has announced that it will seek the president's advice in the matter.

SECOND TRIAL UNLIKELY FOR MOTORMAN HENRY

Jury Disagreed, and Henry is Free on Five Hundred Dollars Bail.

After five hours' deliberation, the jury in the case of William W. Henry, the young motorman, charged with criminal negligence in connection with a recent collision at the King street car barns, causing the death of Motorman Alex. Macpherson and injuries to Conductor Walter Johnson, failed to agree and were dismissed by Mr. Justice Latchford. His lordship allowed Henry his liberty on bail of \$500, and intimated that the possibility of a second trial was unlikely.

The crown contended that the conductor of Henry's car had failed to give the necessary four bells before backing his car as required by the company's rules. For the defence it was argued that Henry had backed his car on a signal from the yardmaster.

Incubators will be purchased and it is proposed to place 7000 eggs for hatching purposes, while to start with 400 hens will be brought to the henery.
