(BRITISH OFFICIAL)
Canadian Press Despatch.
LONDON, Oct. 9, 8.25 p.m.—The following official statement was issued tonight covering an attack by a British air squadron on a German airship shed at Dusseldorf.
The secretary of the admiralty announces that Squadron Commander Grey reports that, as authorized, he carried out with Lieut. R. L. G. Marix and Lieut. S. V. Sijps, a successful attack on a Dusseldorf airship shed. Lieut. Marix's bombs, dropped from a height of 500 feet, hit the shed, went thru the roof and destroyed a Zeppelin.
Flames were observed 500 feet high, the result of the igniting of the gas of an airship.
All three officers are safe, but their aeroplanes have been lost.
The feat would appear to have been in every respect remarkable, having regard to the distance of over 100 miles penetrated into country held by the enemy and to the fact that a previous attack had put the enemy on their guard and enabled them to mount anti-aircraft guns.

NEW BRITISH ARMY ADVANCES TO ASSISTANCE OF BELGIANS; GERMANS DEFEATED AT LILLE

Lyck Occupied by Russians
Przemysl Now in Flames
Strong German Positions in East Prussia Taken by Assault—Energetic Advance All Along Line—Fall of Przemysl Inevitable.
(RUSSIAN OFFICIAL)
Canadian Press Despatch.
PETROGRAD, Oct. 9.—The following official statement has been given out by the general staff:
"On Oct. 8 our troops on the East Prussian border continued to press the enemy who had formed two fighting groups.
"The first group was operating in the region of Vladislavoff and Wirballen (both towns in the Government of Suwalki, Russian Poland). Our troops dislodged them from Vladislavoff and surrounded them on the north. On Oct. 8, however, this group still maintained its position east by southeast of Wirballen. All its attempts to take the offensive at that point failed, the enemy sustaining heavy losses.
"The second group of the enemy, a very strong one, commenced an energetic attack in the vicinity of Batschke Lake and Bakalussowo (East Prussia). Towards morning on Oct. 8 we assumed a vigorous offensive against their front. The enemy, covered by strong rear guards, tried to get out of the sphere of the battle. Our troops captured, by successful assaults, the positions which the enemy were trying to hold. We finally occupied Lyck (East Prussia).
"Our offensive all along the front continues energetically."

PRZEMYSL IN FLAMES

ROME, Oct. 8, 5.10 p.m.—(Via London).—The Russian ambassador, while denying a report that the garrison of Przemysl, in Galicia, had surrendered to the Russians, added: "However, the whole town is afire, and its capitulation is now inevitable."

Among the officers taken were several landed proprietors who previously lived in the Province of Kovno, Lithuania, which swarms with German subjects."

MARGGRABOWA LIKELY TO FALL

Important Town, Near Lyck, East Prussia, is Closely Besieged by Russians.
Canadian Press Despatch.
PETROGRAD, Oct. 9.—The Town of Marggrabowa, 15 miles north of Lyck, is expected to fall at any minute. It commands a line of communications of tremendous value to the Germans. They are reported as concentrating important forces west and southwest of Suwalki, in an effort to save this base. It is declared that the Germans have removed their heavy guns from Bakalussowo, 19 miles north of Marggrabowa, indicating that they lack confidence in the success of their resistance.
The entrenchments surrounding Przemysl have been carried, but it is not believed that the fortress itself has surrendered.
It is reported that the Montenegrins completely surround Biliditka in the south of the dual monarchy.

ALLIES CROSS INTO BELGIUM

Long Battle Line in France Has Worked Its Way Over the Northern Frontier.
Canadian Press Despatch.
LONDON, Oct. 9.—10.30 p.m.—Belgium once again is the centre of military interest, for not only has her army been battling for its life behind the fortress of Antwerp, but the long battle line of France has struggled northward until it has crossed her frontier at Armentieres and may well form with that around the fortress.
According to a German report received from Berlin this evening, the railway and telegraph communication with Antwerp is interrupted. The severing of communication has been expected, for, from the start, the Germans had been directing their attacks to points of ingress to and egress from the city and at the same time dropping shells into the town itself.

LONDON, Saturday, Oct. 10.—The Chronicle is in receipt of a despatch which says that the Germans have entered Antwerp. The inhabitants are quite calm, most of those who wished to leave the city having done so before the bombardment commenced. There is no objection from the censor to publication of this statement, which is unconfirmed.
Canadian Press Despatch.
LONDON, Saturday, Oct. 10.—(4 a.m.)—The Daily Mail has been informed on good authority that Antwerp has fallen. Neither the official press bureau nor the Belgian minister can confirm the report.
The Daily Chronicle's Rosendaal, Holland, correspondent, under date of Friday, says the situation in Antwerp is critical, and that the town is virtually deserted, except for the Belgian troops.
"Every house here," the correspondent continues, "is packed to the roof with refugees, and other refugees are camping around the railroad stations. Antwerp's civil guard was disbanded Wednesday."
"Stubborn fighting is proceeding before the Antwerp fortifications," says The Daily Mail's Ostend correspondent, telegraphing Friday. "Four assaults have been repulsed at No. 4 fort at Viouxdiem. The bombardment of the town appears to be somewhat diminishing in intensity."
MADE SUCCESSFUL SORTIE.
The Ostend correspondent of The Daily Mail has sent the following despatch, under date of Thursday: "According to the latest advices, the Belgians made a successful sortie from Antwerp, which resulted in the capture of 3000 Germans and forced the enemy to recross the River Nethe, abandoning their guns at Linth."
SOUTHERN SECTION ON FIRE.
"Every sign indicates that Antwerp is falling," says The Daily Chronicle's Antwerp correspondent in a despatch dated Thursday. "It is possible the town will be surrendered.
"The main streets are deserted, but there are 20,000 panicky people on the quays and around the railroad station waiting to leave.
"The town is in flames thruout the southern section and no attempt is being made to quench them."

NEW ARMY TO AID BELGIANS.

LONDON, Oct. 9.—A new British army is advancing toward Antwerp from the north of France, where it is united with a French force at (name of town deleted by censor).
The British forces mentioned in the despatches from Antwerp Wednesday as co-operating with the Belgians are believed to be the advance guard of this army. The desperation of the German assaults of the Belgians' fortress is ascribed to their knowledge of the approach of this army and their efforts to accomplish the downfall of the defenders before the reinforcements arrive. Rumors of this new army have been heard in London for nearly a week, and the German cavalry raids, which have reached virtually to the north coast of France in the last few days, are thought to have encountered it, as no allied force of which definite knowledge has reached the public has been operating so far north.

GERMAN ATTACK REPULSED.

ANTWERP, Oct. 9.—(Via London).—It is stated that the German effort toward northern France, aiming to drive a wedge between Antwerp and the allies, has been defeated. Fierce fighting is in progress around Lille and to the south of Ghent.
Many captured Germans have been conveyed to Dunkirk. At Ostend a German Taube was destroyed.
All along the route of the allies' advance they have been given a most enthusiastic reception by the remaining survivors.

JAPANESE COMMAND TSINGTAU.

PEKIN, China, Oct. 9.—The Japanese forces have captured Prince Heinrich mountain, which is the highest point in the German leased territory at Kiaochau, and are quickly placing siege guns upon it. This position is most important, as it commands Tsingtau and forts Moltke, Iltis and Bismarck, giving the Japanese the same advantage as did the capture of 303 Kilometre Hill at Port Arthur, in the Russo-Japanese war. The bombardment of the main defences of the town is imminent.
I am informed officially that the Japanese commandant has been instructed to ask the governor of Tsingtau to surrender the city to avoid the useless slaughter of the garrison. I talked with a refugee from Tsingtau, who said that Governor Von Waldeck has issued
