

## LIST OF ILLUSTRATIONS.

xxv

FIG.

	PAGE
244. Section of inguinal canal . . . . .	214
245. Transverse section of prepubic region . . . . .	215
246. Abdominal cryptorchidism . . . . .	217
247. Internal inguinal region . . . . .	219
248. Prepubic region seen from below . . . . .	222
249. Transverse section of posterior abdominal region . . . . .	223
250. Inguinal incision . . . . .	225
251. Transverse section of posterior abdominal region of mare . . . . .	228
252. Transverse section of posterior abdominal region of cow . . . . .	229
253. Longitudinal section (mare) . . . . .	230
254. Longitudinal section (cow) . . . . .	231
255. Charlier's vaginal speculum . . . . .	232
256. Charlier's vaginal (later form) . . . . .	232
257. Guarded bistoury . . . . .	233
258. Ovariectomy in the cow (first stage) . . . . .	234
259. Ovariectomy in the cow (second stage) . . . . .	234
260. Scissors for ovariectomy . . . . .	235
261. Forceps for ovariectomy . . . . .	235
262. Forceps for ovariectomy . . . . .	235
263. Metal finger-stall . . . . .	235
264. Finger clamps . . . . .	235
265. Colin's guarded bistoury . . . . .	235
266. Colin's ovariectomy forceps . . . . .	236
267. Ovariectomy (Cadiot's method) . . . . .	238
268. Grasping the ovary (cow) . . . . .	239
269. Atheroma of the false nostril . . . . .	249
270. Right-sided facial paralysis (central) . . . . .	252
271. Double-sided facial paralysis (peripheral) . . . . .	252
272. Position of nostrils and nose in double-sided (peripheral) facial paralysis	253
272a. Electric torch . . . . .	271
273. Supernumerary tooth (horse) . . . . .	272
274. Normal position of the molars in the horse . . . . .	275
275. Tooth rasp . . . . .	277
276, 277. Tooth chisels . . . . .	277
278. Tooth cutter . . . . .	277
279. Left-sided shear-mouth . . . . .	279
280. Grinding surfaces in shear-mouth and in normal mouth . . . . .	279
281, 282. Tooth shears . . . . .	282
283. Tooth screw . . . . .	283
284. Metznik's tooth shears . . . . .	283
285. Central dry caries of a horse's upper molar . . . . .	285
286. Sealers for dogs' teeth . . . . .	287
287. Necrosis of a dental alveolus, with displacement of the last molar and extensive osteitis of the lower jaw (horse) . . . . .	291
288. Günther's forceps for upper molars . . . . .	294
289. Günther's forceps for lower molars . . . . .	294
290. Günther's exporter . . . . .	294
291. Günther's beaked forceps . . . . .	294
292. Günther's forceps for first lower molars . . . . .	295
