Well, This IS a Treat!

Many a Torontonion has felt just that way within the last week or two, as he has enjoyed the rare

Delicacy of Aroma

of the "New Ten" Cigar. Though it has been on sale in Toronto less than two weeks, the "New Ten" has already won hundreds of friends, because it is so different from the average ten-cent cigar.

Its flavor is pure Havana, full and rich, while its subtle aroma is a real delight to the man who has wearied of the sameness of other cigars.

Try a change for the better—
