**THE CROW'S NEST**  
A Second Crow's Nest.

The Crow's Nest Pass Coal Company was organized in British Columbia in the year 1896, ten years ago. It is the only coal stock that had ever been offered to the public at large in the Dominion of Canada up to that time. The stock was put on the market in the spring of 1898 and offered to the people at ten cents a share. The first allotment was sold to school teachers, clerks, merchants, doctors, servant girls, carpenters and men and women in all walks of life. This brought about the most cheering and gratifying results any poor man awake to find himself independently rich from a small investment. For \$100 one thousand shares were secured, and to-day this amount of stock has a cash valuation of \$285,000, and that year's dividends brought a dividend of \$10,000 (\$10.00 per share). Coal experts and engineers who have owned properties and shares of the Crow's Nest are fully aware that ours are as good, if not better, for \$100 as any other coal in the world. It is superior for steam, domestic and industrial purposes and fully equal for country and smelters' coal. Our Company controls 17,000 acres of coal land, estimated to contain 100,000,000 tons of coal. In the year of 1905 those shares were worth \$100 each, and the company's stock had reached the \$100 mark, and in the fall of the same year it sold for \$125, and to-day its market price is \$235.

times double your money in one year in an investment like this we offer you. You can get 1,000 shares of our stock to-day for \$250.00, which may be worth as much as the Crow's Nest is to-day if you hold it long enough. Do you realize what this means for you? That the British Columbia Amalgamated Coal Company's stock will reach the \$100.00 mark in from six to seven years from now is the belief of those that have seen and examined the properties and are familiar with the local condition in that country. Get in for \$200.00 for \$100.00 quickly, and do it now. Do not ask your neighbor for his advice. Use and act on your own judgment. It will soon be this. Call early or write and we will give you any further information that you may desire.

**BETTER THAN LIFE INSURANCE**  
A source of income that will last as long as you live. An asset that you can leave behind you for your friends and relatives. Have you a child, a daughter, a child, a sister, brother, or friend, whose welfare you have at heart? If so, why not invest in the Crow's Nest? It will give you a certificate issued in their names; that will give them income for life.

**TWO YEARS FROM NOW**  
The stock should begin to pay handsome dividends, and in another year or two may have a cash valuation on the market from the dividends it then will pay of at least \$100.00 a share. This calculation is based on sound and conservative business judgment, and on well-tried laws of natural growth. It is quite safe to say that the Amalgamated Coal Company shall have fully equipped its four properties on Coldwater River, Nicola Valley, B. C., and has built up a market for its product, and can produce coal and coke on a large scale, which may require six to seven years to accomplish (taking the Crow's Nest stock Company as an example). This stock should then be worth its own cost, from the dividend it then will pay, \$100.00.

**NOVEMBER 15TH TO 50 CENTS PER SHARE.**  
The par value of this stock is one dollar, and is fully paid and non-assessable, and shareholders are exempt from personal liability. Once paid and secured it is settled for ever, buy now. This stock advances.

**OPPORTUNITY.**  
To see it and grasp it in time, makes a man the master of his destiny. DO YOU WANT TO MAKE MONEY HONESTLY, AND FAST? Would you like to become interested in a coal property in British Columbia, and make \$100.00 per share, steady to strong, on an investment of \$250.00? We offer you the opportunity to do this. You may have \$250.00, \$500.00, or \$1,000.00, whatever the case may be, in bank, drawing three per cent. interest yearly. Does this satisfy you when you can't buy now?

**Recommended by Bankers and Merchants.**  
As the safest and best investment on the market to-day which is being offered to the public at large. We want men and women of moderate means to get interested in this great enterprise, and to get in now, on their first inception. Remember, for \$250.00 you will get one thousand shares of Amalgamated Coal, which will secure for you and your family a source of income, and may make you independently rich. Remember, 1,000 shares of Crow's Nest Pass Coal is to-day worth \$285,000, and brings a yearly revenue of over \$100,000.
