DOCTORS DENY STORY.

Boys' Death Not Caused by Poisoned Candy.

Donald Colgrove, the 5-year-old son of Charles Colgrove, traveler, living on Major-street, died on Thursday night...

The physicians who attended, however, say that gastritis caused the death, and that there was nothing in the candy story.

CITIZEN'S DRESS 1915.

Gentlemen's Warm Coats

At no time in no climate has the Gentlemen's Outer Garment of some mode or another been dispensable—note the "wrap" of the "citizen of 1545."

And it's timely here to suggest to every gentleman who appreciates comfort in his dress—and likes a lot of good style tied up with it—the having made for himself one of these Oxford or Cambridge Warm Coats—made up with black velvet collar and heavy will Beatrice linings.

\$28.00 to \$34.00.

Look best in the box back style—slightly flared.

YORK COUNTY AND SUBURBS IF GIVEN FEW CONCESSIONS COMPANY WILL BUILD ROAD

J. Enoch Thompson's Offer to East Toronto Council — Police Court at Junction.

Toronto Junction, Nov. 23.—One hundred hogs were slaughtered at Gunn's Packing House on St. Clair-avenue yesterday. To-day there were 190 hogs slaughtered. The plant is working in perfect order.

A Mr. Hurd, who owns a house on Pelham-avenue, which has been in an unsanitary condition for some time, appeared in the police court this morning, charged with having gas escaping from a tank in his house. The case was adjourned until next Friday to enable his counsel, Hon. J. W. St. John, to be present.

John Peeler was fined \$1 and costs for cutting soda on the public street. The magistrate remarked that the next offence of this nature would be fined \$2, and this would be increased by \$2 for each offence until such vandalism is discontinued.

A bench warrant was issued to John Stevenson, who did not put in an appearance. He is charged with getting goods on false pretences.

Rumor has three candidates in the field for the mayoralty contest: Councillor Baird, Councillor Haines and ex-Councillor Ryding. Mayor Smith has emphatically stated that he will not be a candidate.

Toronto Junction Council, 232, C.O. C.F., held their regular monthly meeting to-night in Thompson's Hall. The work of paving Keele-street is now going on rapidly. Contractor Hodgson has nearly all the curbing made, and the street railway have lifted their tracks to the proper grade.

A large herd of cattle in turning the corner of Keele and Dundas-street, day attempted to go south on Keele-street and were headed off by a man and a dog. Pedestrians had to make room for the cattle, as they came in from the sidewalk on the southeast corner to do their turning on.

Judge Morgan held court of revision in the town hall to-night. Another 149 names were added to the list.

An entertainment was given in Western-avenue School by the teachers and pupils. The occasion was the distributing of the prizes won at the recent field day sports.

East Toronto.

East Toronto, Nov. 23.—J. Enoch Thompson has represented to the town council that with a concession in the way of a franchise over that portion of the Danforth-road in the town limits, and a similar franchise from York Township Council, a strong financial company are prepared to take active steps with a view to the completion of the road in the early spring. The new company will undertake to find a way to land passengers in the city at one fare.

All the public buildings in town are well advanced. Two weeks will serve to complete the Kew Beach Presbyterian Church.

North Toronto.

The roads, especially the side roads, are abominable. Never in the history of the town have they been so bad. It takes a team of horses all their strength to haul an empty wagon over those so-called roads. It has been figured out to The World representative that the town loses at least \$100 worth of trade a day in merchandise of different kinds from the residents of the township east and west, owing to the impassable condition of the side roads.

The latest road building material as used by ladies consists of old newspapers. Whenever a lady is compelled to cross Yonge-street she has some old newspapers, which she will spread out before her so as to protect her from becoming a living post-impaled in the centre of Yonge-street. The experiment was tried yesterday and proved successful.

The foundation for the new steel water tower is so far advanced that the contractor will start to lay the concrete to-day if the weather permits. The material for the new steel water tower is in the yard of the contractor, the Polson Co., ready for inspection, and to be transported to Eglinton to start its erection.

The rector of St. Clement's Church, Rev. T. W. Powell, entertained the choir at the rectory on Thursday evening.

Inspector Fotheringham visited the Eglinton public school yesterday. On examination being made of the tower of St. Monica's Church, Eglinton, it was found that none of the structural parts of the tower had been erected, but only some sheet metal work in course of erection was displaced by the gale.

Dear Park.

By kind invitation of Mark Bredin, the class of Principal W. J. Thomson went to his factory on Avenue-road last night to see how bread is made.

The recent development re the erection of a car barn by the Metropolitan Railway Company has awakened the slumbering Ratepayers' Association with Dr. Armstrong as president, E. D. W. Butler as secretary, and W. J. Thomson as treasurer. The association is calling a meeting of the ratepayers to discuss ways and means to stop the Metropolitan from accomplishing its aim.

The latest rumor has it that ex-Councillor P. C. Miller will oppose Councillor Watson for the position of first deputy reeve at the coming election.

Wychood.

George, the 12-year-old son of Jas. Lindsey, has been taken to Grace Hospital to have an abscess removed from his neck.

The Wychood Park Brass Band, which was recently organized, has now 17 instruments. J. Dinwoody generously advanced the money to save the band the discount of 25 per cent. on the purchase price. The band will give an entertainment next Friday evening.

At the meeting of the Ratepayers' Association last night it was decided to advertise a mass meeting to be held next Thursday evening to choose candidates for election for the York Township council. Messrs. Ross, Deagan and Irwin were appointed a com-

Notice to put themselves in touch with the other ratepayers' associations of the southern part of the township in order to elect members to the township council favorable to the southern part of the township. J. T. B. Rowell announced himself to be in the field for councillor. A deputation will wait on Messrs. F. C. Miller, Ross and Dinwoody to urge their consent to allow themselves to be nominated for first, second and third deputy Reeves respectively, and a deputation will wait upon W. Edwards of J. E. Edwards & Son, to urge him to run for reeve, the committee to report at the mass meeting next Thursday evening.

York Mills.

Among the victims in the wreck of the steamer Dix between Seattle and Port Blakely, Sunday night last, was Mrs. Frank E. Grainger, who along with her two brothers was drowned. Mr. Grainger is a former resident of York Mills, and his brother, Mr. Alf H. Grainger, is connected with the Eaton shoe department. The party were on the way to Port Blakely to visit Mr. Grainger, who had just returned from the committee to report at the mass meeting next Thursday evening.

Dunlop Rubber Heels Make Easy Shoes

THE heel is designed by nature to serve as a cushion to soften the fall of foot in the motion of walking. But the heels of our shoes are not made to carry out this idea. Leather heels are as hard as wood, and walking on them sets up a jar that shakes the whole body. Dunlop Comfort Rubber Heels supply a natural foot-cushion. They make walking a comfortable exercise that does not fatigue. Made of live rubber. They give spring and lightness to the step down to the last point of wear. Made to preserve the credit of the name "Dunlop" and this trade mark.

Boys--the Consideration of To-Morrow

THE BOY to-day is the man to-morrow—figuratively speaking. That is to say his clothes won't fit him more than the "passing hour." Now that may be true enough, but that doesn't make it any more satisfactory to see him going to school untidy and disreputable. Better let us see what we can do for him Monday—boys' day in the Men's Store. Perhaps we can surprise you when you see what a good all round boys' store this is.
