

OUR PRESENT
DISPLAYS INBed and
Table Linen

departments are of exceptionally fine character, both as to assortments and prices.

Linen Damask

Table Napkins and Cloths to match. Table Damask by the yard.

Hand and Bath Towels

Linen Huckaback Towels, Turkish Bath Towels and Bath Mats.

Embroidered Linens

Include handsome Quilts and Pillow Shams.

"Taoro" Linens

These exquisitely hand-drawn pure linen goods in "D'Oyley, Platte Mats, Tray Covers, Tea Cloths, etc."

Linen and Cotton

Sheetings and Pillow Cases.

All Wool Blankets

Elderdown Quilts

White Marseilles Quilts

The New Goods

Now showing for spring include: Mantles, Jackets, Costumes, Skirts, Silk Shirt Waists.

Trimmed Millinery

New Suitings

Silk and Wool Gownings.

Wash Fabrics

Lawns, Muslins, Cambrics.

MAIL ORDERS for goods or samples given prompt attention.

SALISBURY'S IRISH BILL.

A Chinese Puzzle Understood By No One Except Him.

London, March 31.—The new Irish bill, introduced by Mr. Wyndham, Chief Secretary for Ireland, just before the beginning of the Easter vacation, in the House of Commons, has been the subject of much discussion.

The bill, which is intended to give the Irish people the right of electing members to the House of Commons, is a measure of great importance.

It is admitted that half the measure may be put in force, but it is believed that the other half will not be put in force.

The bill is a measure of great importance, and it is believed that it will be put in force.

The bill is a measure of great importance, and it is believed that it will be put in force.

CANADA HAS BEEN OVERPAID

Rev. Mr. Bland, a Methodist Minister of Ottawa, Deals With Politicians.

BOTH POLITICAL PARTIES DENOUNCED

"Patriotism of Pigs" and "Everlasting Whine for a Quid Pro Quo."

Ottawa, March 31.—The Dominion government and the opposition were denounced last evening by the Rev. S. Goldworth Bland, a leading Methodist minister. In a sermon at the Methodist Church, Mr. Bland said that Canada needed a Cecil Rhodes to crystallize true Canadian sentiment in regard to British relations, and especially in connection with the South African war. The government, he said, displayed only the patriotism of pigs, who look only for more swill, while the opposition, instead of protesting, set up an everlasting whine for a quid pro quo. Canada, he said, has been overpaid for everything she has done for Britain, and fails to realize that this war is being fought for Canada and that nation's stand for ideas, and not to make money.

He asked if it was to be found such that the Dominion government is anxious to go to war for the empire, and they are not looking for what they can get out of the Mother Country. Lord Minto, he said, must be blushed to sign the cablegram from his Ministers to England, telling the other Country that the government did not consider it would be in the public interest to pay for the equipment and transport of another contingent.

Mr. Bland also criticized the government for refusing to discuss Imperial defence, and said the graves of young Canadians in South Africa were a reproach to the Dominion government, and he was sorry to see that the opposition took no other stand than to give for a quid pro quo, and ask the British workman to pay a few more cents for his loaf of bread for the pleasure of eating Canadian flour.

A Cecil Rhodes in Canada would show that true Canadian sentiment is against the government and the opposition, and is in favor of paying for Canada's share in the war, and contributing to Imperial defence.

FAVOR GOVERNMENT OWNERSHIP.

Theory Should Be Tested on Temiskaming Railway.

Government ownership of railways was the chief theme of discussion at the weekly dinner of the Constitutional Club at Webb's yesterday. Mr. Fisher of the Empire Club presided.

N. W. Rowell came out strongly in favor of public ownership of railways, and instanced the proposed Temiskaming and Intercolonial Railways as opportunities to test the theory. He pointed out that the conditions under which the Intercolonial Railway was conducted did not offer a fair criterion to ascertain the merits of the principle.

He pointed out that the conditions under which the Intercolonial Railway was conducted did not offer a fair criterion to ascertain the merits of the principle.

Piano Evolution.

A. Christoff, an Italian, designed the first piano in the city of Bologna. The instrument combined the harpsichord and the dulcimer with the keyboard of the clavier. All the best of the three instruments are embodied in the piano constructed by the Morini. Field, Rogers Co., Ltd., of the Morini. Field, Rogers Co., Ltd., is widely known in its practical use, sung by thousands of pleased purchasers.

The Strings Produce the Tone.

The matchless silver bell-like tone of the Morini piano is produced by the proper stringing of the instrument. Only the best steel is used which, when strung, produces the greatest strength and elasticity. The strings are perfectly tempered so as not to break and to break under the great strain it is subjected to in years of hard service.

Not the Original.

It is related of Handel that on hearing the musical instrument known as the "Serpent" he took a great dislike to the sound and exclaimed "Vai de te, serpent!" Being informed that it was called "Serpent," he replied, "Vai de te, serpent!" but he did not desert that ancient reed, Handel's favorite instrument, until he had seen the Morini piano. He was struck by the wonderful sustaining qualities and sympathetic vibration of the Morini piano. It is one of these instruments that a composer delights in, producing as it does the most perfect harmony.

Music on the Nile.

The Egyptians produced music thirty centuries B.C. by means of a long stringed instrument, the "Serpent," which was made of wood and was played with a plectrum. The "Serpent" was the ancestor of the modern piano, and was the first instrument to be played with a plectrum.

BEAVER LINE.

Sailing Date Changed From Friday to Thursday.

Never before in the history of St. Lawrence navigation has there been offered to the travelling public such excellent passenger service as there will be this coming summer season.

Canada that the United Empire Loyalists came here. Young Canadians are anxious to go to war for the empire, and they are not looking for what they can get out of the Mother Country.

Lord Minto, he said, must be blushed to sign the cablegram from his Ministers to England, telling the other Country that the government did not consider it would be in the public interest to pay for the equipment and transport of another contingent.

Mr. Bland also criticized the government for refusing to discuss Imperial defence, and said the graves of young Canadians in South Africa were a reproach to the Dominion government, and he was sorry to see that the opposition took no other stand than to give for a quid pro quo, and ask the British workman to pay a few more cents for his loaf of bread for the pleasure of eating Canadian flour.

A Cecil Rhodes in Canada would show that true Canadian sentiment is against the government and the opposition, and is in favor of paying for Canada's share in the war, and contributing to Imperial defence.

WHILE PARLIAMENT

Is in Session, Ottawa People Hear of a Marvellous Cure.

It is a Rescue From Suffering and Death Effectuated by

Paine's Celery Compound

THE GREAT SPRING MEDICINE.

MR. BROWN SAYS:

"After the Use of Paine's Celery Compound I Am Now in the Best of Health."

The greatest of modern physicians, Prof. Edward E. Phelps, M.D., LL.D., after years of long practice and close scientific study, gave to suffering and diseased men and women his marvelous life-giving prescription, with the conviction and positive knowledge that it had peculiar virtues and ample powers to cure, after the terrible verdict, "Incurable," was uttered by the medical profession.

"Thousands of the strongest testimonials from the best known medical men and women of our country fully sustain the claims made by Paine's Celery Compound."

One of the most convincing proofs furnished comes recently from a gentleman widely known in the Capital City, we refer to Mr. Alfred Brown, of London, Ont.

Mr. Brown's letter fully demonstrates that the greatest sufferer may be cured by the use of Paine's Celery Compound. I had, during the years of my illness, tried almost all the advertised medicines, without deriving any good results. I was also treated by several of the best doctors of this city, but they could not cure me, at least, would understand my case.

I was getting worse, and was told I was incurable. I was indeed in a critical condition. I could not go from the house alone as I was liable to sudden collapse. I
