THE LONDON ADVERTISER, LONDON, CANADA. GRAVE CRISIS OVER WAR SERVICE ACT

SERIOUS SITUATION IN ALBERTA---TRAGEDY

Absolves Young Man, Who Is Physical Wreck, of Desire To Evade Law-Orange Pope Ruling World Would Be as Bad as Roman Pope-Former Minister Praises People of Quebec.

[Special to The Advertiser.] Lindsay, July 12.—Thousands of Orangemen loudly applauded Gen. Orangemen loudly applauded Gen.
Sir Sam Hughes today as he made one of his characteristic fighting speeches. In summarizing, Gen. Hughes stated that he had been asked to explain the recent Guelph incident, the Jesuit College matter.
"How can I do so when the facts are not yet disclosed?" he asked. "But, rest assured, that at the proper time and place I shall endeavor to see that the facts are made fully known. One fact I feel I can state in Justice to Hon. Mr. Doherty, minister of justice, whose son, it appears, is a student in that Jesuit College. I have not seen the lad for a couple of years, but at that time and, I am assured, now also, the lad was a physical wreck, and I do not for a moment believe in any sense was evading the law."

Sees Disruption in Home Rule,
Referring to the situation in Ireland. Sir Sam said: "Let me here frankly assert that the Irish tenantry gets privileges and concessions more so than any other tenantry in the world, that while many are loyal, yet a large proportion are in German pay in this war, and Lioyd George, the hour he grants Sir Sam Hughes today as he made

any special home rule government to Ireland, different from what he confers on Scatland, England or Wales, or gives the Irish any special favors, then will begin the disruption of the British Empire. Britain must recognize the spirit of true liberal and not ultra-montane Roman liberalism."

No Popes—Orange or Roman.

"Responsible government should be established not on autocracies, not creeds, not societies, not labor unions, not bolshevikism, not I. W. W., not anarchy, but citizenship. I love Orangelsm, but I have often asserted, and more than ever believe, the worst calamity to befall a nation next to being ruled by a Roman pope would be to be ruled by an Orange pope."

Sir Sam had a good word to say of the people of Quebec, some of them. There are priests and priests, bishops and bishops. Some have been openly and successfully encouraging enlistment, while others were passive, and still others negative. No Popes-Orange or Roman.

"Incidentally, it is not generally known that best blood of French-men has been shed for Protestant-ism and human liberty all the world over."

Vaudreuil, Que., over the administration of the military service act, Jos. Chevrier committed suicide following an assault by him on James O'Neil Farrell, a federal policeman, whom he injured seriously with a rifle.

The military authorities here gave out the information about the shooting. They stated that Farrell was engaged in making an arrest when he was assaulted by Joseph Chevrier, who resides at St. Lazare, near Vaudreuil.

Farrell was taken to the Royal Victoria Hospital in this city. There he was found to be suffering from concussion of the brain, and had, apparently, been hit over the head by Chevrier with the butt-end of his rifle. An operation was performed, and afterwards it was announced that Farrell was in a very dangerous state. An official investigation into the affair has been ordered.

QUEBEC BARRACKS MAY FOLLOW LEAD OF THE CALGARY COMMAND

Quebec, July 12.—A secret meeting of all the principal officers of the Mill-tary District No. 5, was held at noon today at the Quebec drill hall, and although no official announcement was forthcoming, it is known the conflict between the civil and military officials over the habeas corpus proceedings were dealt with. As related yesterday Justice Dorion of the superior court ruled that Col. Rogers and Major Paquette be jailed here for contempt of court if, on July 17, they have not produced Edward Durand, draftee, who obtained a writ of habeas corpus from the superior court. That armed resistance would be offered by the local militia to officers of the civil law attempting to arrest Col. Rogers and Major Paquette is not known yet, but it is believed the local militia will do as much as the Calgary barracks to resist the arrest of the abovementioned officers.
