### PROSPECTUS.

The Gladstone Mines, Limited, (no personal liability) was incorporated by Letters Patent under the Ontario Companies Act, dated the sixteenth day of February, 1909.

The names, descriptions and addresses of the original incorporators, and the number of shares subscribed for by them respectively, are as follows: James Stiller Lovell, Accountant, 3 shares; Wm. Bain, Bookkeeper, 1 share; Robert Gowans, Robert Murgrave, Coates and Henry Chambers, Solicitors, 1 share each; all of the City of Toronto, in the County of York and Province of Ontario. One share is fixed as the qualification of a director.

There is no provision in the By-laws of the Company as to the remuneration of the Directors.

The names, description and addresses of the Directors are as follows: Arthur G. Peuchen, Manufacturer, Toronto; John B. Kay, Esq., Toronto; The Hon. L. Melvin Jones, Manufacturer, Toronto; George Barron, Retail Grocer, Toronto; Sidney Jones, Manufacturer, Toronto; Fred H. Ross, Real Estate Broker, Toronto.

Three hundred thousand shares are being subscribed for and this is the minimum subscription on which the Directors may proceed to allotment. No further calls may be made upon shares as all the shares of the Company will be issued and sold as fully paid up. Of the shares of the Company it has been agreed to issue 500,000 fully paid up shares to Herbert W. Edgar under the terms of the contract dated the 20th day of March, 1909, hereinafter referred to.

By an agreement dated the 20th day of March, 1909, Herbert W. Edgar, of the City of Toronto, sold to the Company unpatented Mining Claim T.R. 68, consisting of the southwest quarter of the south half of Lot No. 1, in the second concession of the Township of James in the District of Nipissing, and unpatented Mining Claim M.R. 28, consisting of the southwest quarter of the south half of Lot No. 2, in the second concession of the Township of James, both of the said Township of James, the consideration payable therefor by the Company being \$50,000 fully paid up shares of the capital stock of the Company (taken at 30 cents on the dollar), and the sum of \$30,000 to be delivered from the sale by the Company of 300,000 shares of its capital stock, the Company having agreed to offer for sale 300,000 of its shares at the price of 30 cents per share each, the entire capital stock of the Company having been authorized by By-law to be sold at a discount of seventy per cent, such By-law having been duly confirmed and filed with the Provincial Secretary.

Transfers of the said unpatented Mining Claims have been executed by the said H. W. Edgar and delivered to the Company and recorded by the Mining Recorder for the Montreal River Mining Division.

No sums are to be paid as commission for or procuring or agreeing to procure subscriptions for any shares in the Company or for underwriting or procuring underwriting of any securities issued or to be issued by the Company. The estimated amount of preliminary expenses is \$1500.00.

No money, cash, shares, or debentures are to be given to any promoter. By Agreement bearing date the 20th day of March, 1909, The Toronto General Trusts Corporation has agreed to receive all monies to be paid by subscribers for the said 500,000 fully paid up shares of the capital stock of the Company, and to give receipts to the various persons paying the same, and to hold such moneys until the expiration of forty days from the date on which the said 500,000 fully paid up shares have all been subscribed for and certificates for the same have been issued.

Cobalt Miner Meets Instant Death in Remarkable Way.

MONTREAL, July 9.—The news of a very remarkable accident at a mining camp at Hanging Stone Lake, near Gowanda, by which one man was killed and two injured was brought to Bonaventure Station by Frederick Dunn, a resident of St. Johns, Quebec, who accompanied from Northern Ontario the remains of his brother, Andrew Dunn, the principal victim, for interment at his old home just outside that city.

Andrew Dunn and companions were dynamiting a vein. The fuse was ignited and the men ran, followed by Dunn's collar dog, which picked up the dynamite stick in his teeth. The explosion came just as the dog reached the cabin and dropped the explosive. Dunn was killed almost instantly, his skull being fractured in two places, and one of his arms and two ribs being

broken. One of the other men, Sims, was stunned and badly cut about the neck, while the other miner, Hackett, escaped with a few bruises. The dog, which was the cause of the disaster, bounded away and escaped injury.

### MILLIONAIRE IS A LOAFER

Rev. Dr. Chown Classes Him With the Genius Hobo.

SEATTLE, Wn., July 9.—The board of control of the Epworth League of the United States and Canada today decided to hold the next international convention in Boston May 18, 1910.

Dr. Chown of Toronto, deprecating the trend to socialism, said:

"Every reform must have a religious basis. An industrial system with a secular foundation must fail. The doctrine that each man must look out for himself is the basis of all business. The millionaire and the tramp are alike loafers in the sight of God, whose only way of making the desert bloom is by labor. The man who corners the market, or in other ways takes advantage of the necessities of his fellow is a thief and a robber."

## FOUR YEARS IN THE WEST CAUSE AMAZING CHANGES

G. T. Somers, President of the Sterling Bank, Impressed at Prosperity of the Country.

G. T. Somers, president of the Sterling Bank, has just returned to the city from a six weeks' trip thru the Canadian west. A keen observer, he has gathered a fund of interesting information regarding present crop and financial conditions.

Such material signs of substantial development as he is imbued with the conviction that the great west is rapidly coming to her own, and bids fair to equal the prosperity her friends predict.

Mr. Somers has been going and coming thru the west for the past twenty years, but never before has a large city, away that far before many years, city, as he mentioned in the same breath with Winnipeg. Winnipeg, of course, is going ahead every day.

"There will be mighty cities in the west. Fort William and Port Arthur are in the making stages of a large city, away that far before many years, city, as he mentioned in the same breath with Winnipeg. Winnipeg, of course, is going ahead every day.
