VEIN ON COBALT LAKE

Strike, Made at 195 Foot Level, Shows Calcite Rich

good strike was reported Wednesday: The property consists of 47 acres lying under the ped of Cobalt Lake, and including a road allowance of 33 feet around the south shore of the lake. The development of this property has been by for the most difficult problem in the Cobalt district. A large pro-portion of the property lies under the bed of Cobalt Lake, and all the pros-pecting has been done under ground. Until recently this underground work, which has included over 5000 feet of inking, drifting and cross-cutting, has not developed any large ore bodies. The total returns of the sale of the THINGS OF THE NORTH

work was discentified at this point, and a cross-cut driven to the vein from the winze. Drifting on this vein to the east has been productive of good ore for some distance. The night shift on Oct. 12, working in this drift, the shift of the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of calcite rich in the cross-cut driven to the vein of t

started on the new vein.

A car of mixed high and low grade ore, with an estimated value of \$11,-000, is now at the smelter.

SHOWINGS ARE UNRIVALED Waldman, Young O'Brien Vein Traced for Seven Hundred Feet.

Development of this company's property, which adjoins the O'Brien and Kilpatrick properties at Miller Lake, will commence in about two weeks. A gang of men are now stripping on two properties belonging to Big Six at Anima Nipissing Lake, where over twenty veins are now traced on the surface.

"Expansion on all sides marks the progress of the Cobalt camp," says George A. Robirson of Bryant Brothers. & Co. On the Gillies limit, where the forest has been king, the clang of hammer and drill is now heard and the rough prospects are being rapidly defeated. mer and drill is now heard and the rough prospects are being rapidly de-veloped into mines of surpassing rich-ness. The showings on the Wyon-

Suicides on Wedging Eve.

She Methodist Church is held in Victoria, B. C., it will cost \$27,000. Rev. The innovation promises are trying to get another point chosen that is not so far from the headquarters at to be very popular, and about 50 men which he had furnished for his bride by shooting himself thru the heart.

PRACTISING ADVER-TISING ECONOMY.

(Reprinted from New York Commercial.)

This column has a distinct educational value to businessmen, because it gives them ideas on advertising that they can utilize. Our businessmen readers, as well as advertising agencies, are invited to express their views on the merit, value, growth and future of advertising. By such interchange of views great good, it is felt, will come to all participants.

By H. S. Snyder,

the Advertising Department of Joseph Dixon Crucible Co. Everybody that knows anything about advertising appreciates the won derful possibilities it offers for spend money. Every advertiser finds i this in an effort to throw a little light on rational selection in advertis

As a matter of fact, there is really no difference in economy in advertising and economy in general, but in adver-tising the "road to wealth" seems less issue were small. Little stock is offering even on the advances. The
shares made a new high level at \$5.60
and closed at that figure.

In the other stocks speculation was
concentrated in Silver Leaf, which kept
up to the recent level thruout. The
shares were freely offered around these
figures, but remained firm to the close.
Cobalt Lake sold up nearly three
points to 16 1-4 on news of a strike on
on the property. Beaver, City of Co-

Cobalt Lake sold up nearly three points to 16 1-4 on news of a strike on on the property. Beaver, City of Cobalt, Otisse, Timiskaming and Peterson Lake were dealt in at prices about steady with yesterday. Foster advanced five points on a speculative demand and closed at the best figure reached.

The market through was dull, but with a good undertone. Underlying conditions continue of the best and any increased bullish speculation would to all appearances impart a decided buoyant rend to the Cobalts as a whole.

DEALS IN GOLD PROPERTIES

St. Anthony Reported Sold to M. J. O'Brien of Cobalt.

Two important deals in Sturgeon Lake—2000 at 154, 500 at 164, 500 at

essary to the securing of proper efcern will employ as many salesmen as it believes necessary to cover its chosen field and it prefers ten good salesmen to twenty mediocre ones. Here is the cue for selecting mediums. Take enough to cover the field well and take good ones. If rigid economy demands sacrifices, limit the field, but stick to the

publications, make it as good as you can. This may cost a little something, When it comes to the copy for the thut so does anything of value. It would not be considered economy to pay the necessary price for a fertile but undeveloped piece of land, and workings on Cobalt Lake on which a good strike was reported Wednesday:

Can. This may cost a fittle something but so does apything of value. It would not be considered economy to pay the necessary price for a fertile but undeveloped piece of land, and then refuse to spend a consistent amount on its development in adverged with violation of a city by-law amount on its development in adverged with violation of a city by-law amount on its development in adverged with violation of a city by-law amount on the following is a description of the board o

depend on the cultivation almost the tirely.

The keynote is quality rather than quantity. Whatever you have under consideration, whether it is newspaper or magadine advertising, bill locards, street cars, cards, booklets, circulars or souvenirs, decide first if you can dispense with the matter. If you decide that it should be done, do it well. You will find that the difference in cost between the first class and the commonplace is not so great, but the difference in results may easily represent the difference between failure and success.

Ideading contractor.

John Stark and John Hickey were sent to Central Prison to day for two years, the former for theft, and the latter for attempting to shoot his wife.

A real estate transaction of some magnitude was consummated yesterday, when W. E. Elmore & Company, Traders' Bank Building, Toronto, purchased 200 choice business and residential lots at Bartle, Cuba. Bartle is on Sir William Van Horne's railway, and is suprounded by Cuba's richest sugar, fruit and vegetable areas. Al-

ore have netted about \$88,000.

On March 15, 1909, a vein carrying high silver values was encountered, which is believed to be the No. 2 vein of the McKinley. A drift was started south towards the McKinley line, but owing to the proximity of the bed of the lake, it was decided not to under-cut a 3-inch vein of calcite rich in silver, running at right angles to the vein on which they were drifting. The old drift will be continued and a drift started on the new yells. be in every case, the advertiser chuckles over the wholesale figure of receive his catalog judge by that piece of matter individually and have no interest whatever in the size or cost of It is the old illustration of t he printhe entire edition.

ple: That which is worth doing at all is worth doing well. If you are not prepared to go the full measure, it is best to keep out of advertising entire

Third Magistrate Needed. In order that he might attend a meeting of the old boys of Upper Canada College, Col. Denison, senior police magistrate in and for the City of Toronto, adjurned police court after sitting just 17 minutes yesterday morning. Many cases were remanded.

This was noted by several watchers

This was noted by several watchers as one of the times that a third police magistrate would have been of service to the city had he been available.

Skippers of small craft entering the harbor after dark by the new western channel are warned to keep clear of the western end of the south pier which extends about 700 feet from the sandbar and which is protected by a white light. This channel, being under construction, is not open for navi-

COBALT--- New Find on Cobalt Lake Sends Stock Price Higher --- COBALT Stocks Are Scarce

Quick upward movements in Cobalt Lake and Foster yester-day demonstrated the fact that actual selling orders in the market are small.

Many other stocks are likely to have similar movements.

We are not partial to Foster, but think it has speculative possibilities. Our special advice to-day is: BUY HARGRAVE, and at

COBALT BAKE will sell higher:
There he several stocks which we think are selling too low. Ask us for this list. All orders sent us, either for buying or selling, are executed on the Standard Stock Exchange.

FOSTER COBALT Shareholders.

No doubt you have been informed that "this stock is selling too high." Do not be misled by a statement of that kind. Foster Cobalt is the cheapest on the list at the present market price. If you are interested and wish to know, why, write for circular giving full particulars of the condition of this rich property. It is free for the asking.

for the asking.
