

Advance Xmas Display

The fact that we have had a big and growing trade in the sale of Furs during the last week has encouraged us to organize a special display of new and stylish garments that should interest the early Xmas shopper. Which means it should interest everyone who requires furs of any description, and for the immediate or distant future.

The show cases are full of ready-to-wear garments just received from our factory, and should you desire something made we will just have time to complete your order in good shape for Xmas.

Remember you have all the facilities of three big factories to look after your order, and in the showrooms three expert designers to see that you are properly fitted.

Canada is the greatest fur country in the world, and the greatest of Canada's furs will be found at Dineen's.

EAST TORONTO.

Funeral of Late Mr. Stanford—Hunters Are Having Good Luck.

EAST TORONTO, Nov. 10.—The funeral of the late Charles E. Stanford (whose tragic death occurred at Bow-

LOCAL OPTION DOESN'T

Interfere with the liberty of the individual. It is a law enacted by the Ontario Government based on the will of the people to protect the community from physical, moral and spiritual degradation. A man who is opposed to Local Option is extremely short-sighted and occupies the absurd position of fighting against himself, his family and his own best interests. Do not make a mistake. Take care of yourself and your own interests by working for and voting for LOCAL OPTION.

manville on Thursday), took place on Saturday afternoon at St. John's Cemetery, Norway. At the home on Lyall-avenue the services were in charge of L. Baynes Reed conducted the exercises at the graveside. A number of the members of the brotherhood were present. The floral offerings were numerous, and beautiful, and testified in some measure to the high esteem in which the late Mr. Stanford was held. Great sympathy is expressed for Mrs. Stanford, who only recently came to East Toronto from near Brighton, England.

News received from the East Toronto hunters seems to indicate that they are having splendid success in the northern woods. A number of fine deer have already arrived, which confirms, if confirmation were needed.

BEER MAKES DRUNKARDS

This is a cold, unassailable fact that even the most hardened Ananias cannot deny. Local Option in York Township will simply shut up drunkard factories. The business of making drunkards is a poor one. Local Option affords a means of exit to the poor, misguided men, too, who are engaged in it.

York County and Suburbs

GREAT UNION SERVICE IN TORONTO JUNCTION

More Than 2000 Children Attend Meeting—News Items From All Over York County.

NORTH TORONTO, Nov. 10.—The public meeting held in the town hall last night, under the auspices of the Ratepayers' Association, was well attended. The question of annexation to Toronto was under discussion.

The question of a Greater Toronto was introduced by W. F. Maclean, M. P., and at the outset Mr. Maclean stated that he had given considerable thought and study to the question of a Greater Toronto, in relation to the surrounding municipalities, and the question affected the interests of North Toronto very materially. The Township of York, of which the City of Toronto is a part, is 19 miles long from east to west, and the same distance from north to south, or 100 square miles, of which 21 square miles of territory is organized into municipalities, as Toronto, Toronto Junction, North Toronto and East Toronto, and all these municipalities have something in common, namely, they are striving to get good roads, sewage disposal and electrical energy, and therefore there should be concentrated energy towards getting these conveniences and necessities. In order to obtain these necessities and solve the great problem of good roads, light, water and electrical power, Mr. Maclean believed it would be possible to so arrange matters that the whole of the Township of York could come into the city, without in any way interfering with the rights or franchises of the farmers or market gardeners, or adding to their taxes.

Urges Consolidated Action.
South of Eglinton-avenue there is very little vacant ground, and even south of Lawrence-avenue it is a great city proposition. The township roads are not satisfactory, and there are two systems of street railways, and two fares, which works to the disadvantage of the citizens of North Toronto, and the electrical energy, light, power and heat should be considered, and there is any amount of it at Niagara Falls ready for distribution, and heating by aid of coal will be superseded by electricity, but it takes concerted action to obtain it. Hitherto people were dependent on monopolies who supply these commodities, but the indications are in favor of public ownership of the street railway, electrical house at Niagara Falls. The people demand it, and especially the people of Toronto.

One-seventh of Ontario's population live between Toronto Bay and Eglinton-avenue, and these people want public ownership. The Whitney government has gone so far that it has pledged itself to the distribution of electrical energy, and it must go still further and give the people the right to recover the street railway franchise. When arbitration takes place the people ought not to be asked to pay for watered stock.

May Recover Franchise.
With public ownership of street railways the people could do as they see fit. They could make the service and accommodations to suit the people, but as it is now the managers of these concerns do as they please. Incidentally the speaker admonished the citizens of North Toronto to recover their franchise from the Metropolitan, to work in conjunction with the city and North Toronto will soon have a single fare and a double track without enlarging the franchise. When public appropriation takes place the people can have electrical energy at one-quarter the cost they now pay.

Toronto was being discriminated against by the two great lines of railway, but was nevertheless making enormous development.

Favors General Scheme.
North Toronto, as well as other municipalities around Toronto, should join together and go to the city and demand a big scheme for water supply, and a sewage disposal. Neither of the two systems is now satisfactory.

Should the citizens of North Toronto come to the conclusion that "Greater Toronto" would be beneficial to them, then it behooves them to strengthen the hands of the provincial government, and public ownership of public utilities is the fact.

If North Toronto were part of "Greater Toronto" a single fare to all parts of the city would not only be a possibility but would become a fact, as the northern suburb could not be treated differently from any other part of the city.

To the question of "Can the provincial government cancel the Metropolitan Railway franchise?" Mr. Maclean gave an emphatic "Yes."

The council of North Toronto ought to avail themselves of the invitation of the Hon. Adam Beck and hold a conference with him.

Discussion Does Good.
Mr. Maclean congratulated the citizens of North Toronto on the organization of a body alive to the best interests of the town, and predicted that much permanent good would result.

Mr. Waddington stated that the question of electrical energy was of great importance, but he questioned the power of the town council to go to the government re the electric light system in the face of the present franchise.

H. H. Ball foresaw that much good would result from the meetings, in bringing out discussion. Annexation

would have the effect of bringing about the parallel and side streets.

City Taxes Lower.
D. B. Reid, by a comparison, showed that the taxes in the town were 25 per cent. higher than in Toronto, and the rents 25 per cent. lower. Annexation would bring about cheaper borrowing power, free street lighting, cheaper insurance, police protection, a sewer system, cheaper telephones, postal delivery, parallel streets and the widening of Yonge-street.

Henry Swan of Deer Park stated that annexation would greatly increase the taxes, but the city ought to exercise jurisdiction over a certain district to enable them to lay out streets to the best advantage.

At the next meeting the matter will be further discussed.

His Honor Judge Morgan will hold a court of revision of the town's voters' list to-morrow (Monday) morning at 10 o'clock, in the council chamber, town hall.

RICHMOND HILL.

Public School Concert Was a Splendid Success.

RICHMOND HILL, Nov. 10.—Great interest was manifested in the plowing matches of King and Scarboro. A goodly number of prizes came to Markham and Vaughan. These competitions will help to prevent single plowing from becoming a lost art.

St. Mary's Anglican Church have announced a sale of work in the near future.

The public school concert was a decided success. The Masonic Hall was filled in every corner with interest, enthusiasm and good nature. Chairman J. McDonald's task was not hard and he took pleasure in it. Every number given by the school was greatly appreciated, especially the patriotic drill. Nearly \$50 was obtained as a starter for the new P.S. library. Mr. Lemon and his staff deserve much congratulation.

Now the Scotchmen are looking for great things on Wednesday evening next. If program and pains count, there should be a full house.

We are glad to observe that Dr. Coultter, deputy postmaster-general, who often visits our burg to see his sisters, has received at the hands of King Edward VII. in the list of birthday honors, the order of C.M.G.

The change of timetable of the Metropolitan Railroad, whereby five cars each way per day are cancelled, does not give unalloyed satisfaction. If the needs of the suburban villages were considered more carefully it must inevitably increase the coffers of the company.

Several of our citizens are attending the interdenominational missionary conference being held in Jarvis-street Baptist Church.

The enterprise of our local Sons of Scotland cannot be too highly praised. About a month ago, when the dates for the two big Scottish concerts in Toronto—the 48th Highlanders, on Thursday, Nov. 7, and the Sons of Scotland, on Tuesday, Nov. 12—were

announced, they saw that the residents of Richmond Hill and this vicinity were not going to be able to attend either concert, owing to there being no later cars on Tuesday or Thursday nights. They then determined to bring to Richmond Hill the famous Heather Male Quartet, who were booked as a feature attraction for both these big Toronto concerts, as well as most of the largest Scottish concerts of the season in the other principal Canadian cities, and to have them on a Wednesday night, when everybody could conveniently attend. So on the 13th, next Wednesday, the Heather Male Quartet, assisted by Miss Grace Merry, elocutionist, and another Toronto artist, will be heard at Masonic Hall, and everybody who appreciates enterprise and good music will be there.

At the next meeting the matter will be further discussed.

His Honor Judge Morgan will hold a court of revision of the town's voters' list to-morrow (Monday) morning at 10 o'clock, in the council chamber, town hall.

AURORA.

Budget of News From a Go-Ahead Town.

AURORA, Nov. 8.—The annual meeting of the local branch of the Lord's Day Alliance will be held in Mr. Tule's office on Wednesday evening, Nov. 13, at 8 o'clock.

The 12th Regiment Band are making arrangements for a concert in the early part of December.

On Monday evening Messrs. Staples, Leece and Kirby, Victoria College students, will address the Senior Epworth League at 7.45.

P. Delahaye has bought the business of D. McDonald, on the east side of Yonge-street, and will assume possession on Monday.

The Ladies' Aid of the Methodist Church will hold an entertainment in the church on Wednesday evening. On Sunday morning Rev. Mr. Moore of Stouffville will officiate.

AGINCOURT.

Pastor of Knox Church Leaves This Week for Fergus.

AGINCOURT, Nov. 10.—(Special.)—In Knox Presbyterian Church to-night Rev. J. A. Brown gave his farewell address to a large congregation of members and adherents.

The reverend gentleman, during his long pastorate here of 16 years, has given the greatest satisfaction and his removal to Fergus, Ont., where he goes this week is deeply regretted.

At the Thursday night meeting a purse containing \$100 was given to Mr. and Mrs. Brown.

The regular monthly meeting of the Agincourt branch of the Women's Institute will be held on Tuesday, Nov. 12, at 2.30 p.m. at the home of Mrs. T. Armstrong, L'Amoureux. Interesting subjects will be discussed at that meeting. All ladies are cordially invited to attend.

ESTRAY.

Strayed from the corner of Danforth-avenue and Eglinton-road, one bay mare, 6 years old, and one brown mare 10 years old. Any information leading to their recovery will be suitably rewarded. Paterson Bros., East Toronto. Phone Beach 85.

Have You Heard the Glad Tidings?

Winter Suits at Simpson's

ONE farmer will grow finer wheat than his neighbor. His neighbor's apples will perhaps excel his own. One carpenter may make a better window frame than another whose specialty is staircases. One tailor may make a better seam than another who knows how to press and shrink and mould into shape. One manufacturer may produce a better line of overcoats than another who has a well founded reputation for his suits.

Well now, here's our point. We take the overcoats from the one and the suits from the other. We take our pick of the excellences.

We know who is who in the clothing trade in this country. We are the large customer to the firms who excel in the goods for which they are noted.

One firm gets ahead of others on tweeds. Another wins out on worsteds. Another gets more style into its overcoats, and so on down the clothing list.

We take our pick of the best, buy in quantity, sell at prices in accordance.

You can't want a better deal than you get at Simpson's men's store.

A Tuesday Special in Suits.
Men's Fall and Winter Weight Suits, popular materials in imported tweeds and fancy worsteds, a large assortment of neat and dressy patterns to select from, including browns, grey and blacks, mid-greys, in single and double-breasted sack style, and well tailored. Regular prices for these suits were \$9.00, \$10.00, \$10.50, \$12.00, \$15.00, and some higher. To clear, Tuesday—\$6.95

Men's Furs

You'll find we can save you money on furs, gentlemen. If you want a fur lined coat this winter or a fur collar to go on your overcoat, you'll make a good move by coming here.

Men's Fur-lined Coats, extra fine black English beaver cloth shell, extra well tailored and good fitting coat, lined throughout, including sleeves, with best quality mink marmot skins, with choice Persian lamb collar; 20 only in this lot. Tuesday \$33.00

100 Men's Adjustable Fur Collars, in astrachan, electric seal, wombat, wallaby and beaver opossum, made so as to button on any coat. Tuesday, special . \$3.00

Men's "Victor" Boots

FOR EVENING WEAR—Style L, patent colt, with dull matt calf, blucher top, medium and heavy oak-bark-tanned soles, C and D widths, all sizes, \$4.00.

FOR OUT-OF-DOOR WEAR—Style H, a heavy box calf blucher boot, leather lined, triple sole and Shank, square shank, a boot that may be worn without risk of wet feet, C, D and E widths, all sizes, \$4.00.

York Township Debentures.

Tenders will be received up to 11 a.m. Tuesday, the 12th inst. for the purchase of ten thousand dollar debentures of School Section 13, York, bearing interest at the rate of 5 per cent. per annum, from the 8th day of August, 1907, and payable in thirty equal annual instalments of principal and interest.

Total annual payment being six hundred and fifty dollars and fifty-two cents \$652.00.

The highest or any tender not necessarily accepted.

J. W. ARMSTRONG,
Treas. York Township, 49 Jarvis-street, City.
