Why Not Now—Instead of Later?

It's a universal spring impulse—that impulse that makes us want to clean house, to plant things in the garden, to make the outside of the house as inviting as the inside. And every spring there are lots of things for the inside of the house that we need but delay in getting—in many cases not because we can't afford them—but simply because we decide to wait till we can get "that" or "something else."

Do you really "want what you want when you want it"? The Home Lovers' Club will prove its worth to you this spring if you do WANT to make your home as attractive as you've always intended it to be.

The Club privileges will allow you to purchase from any department devoted to housefurnishing wares, on a system of liberal deferred payments. There is no charge for this Club accommodation, and the Club Secretary—Fourth Floor—will gladly supply you with all information as to Club terms.

Tons of Fine French China at Much Below Factory Cost

Thursday we group into four big assortments thousands of pieces of fine Limoges Dinnerware.

The large part of these offerings is from well known "stock" patterns. The war has so interfered with deliveries that they have become "top-sided"—too many of these lines—and we cannot wait for the deliveries to balance up the stock. The Simpson policy of quick turn-over caught our department with this big surplus, which we will clear in a big three-day sale, beginning Thursday.
