JOHN DUNCAN,  
THOMAS WALLACE,  
St. John, N. B., 28th January, 1840.

By ROBERT F. HAZEN, Esquire, Mayor of the City of Saint John, and one of the Justices of the Inferior Court of Common Pleas in and for the said City and County of Saint John.

To all whom it may concern, Greeting:

NOTICE is hereby given, that upon the application of Mark Dole, of the said City, gentleman, to me duly made according to the form of the Act of Assembly in such case made and provided, I have directed all the Estate, so well as personal property within this Province, of CYRUS STOCKWELL, late of the said City, Hotel Keeper, (which said Cyrus Stockwell is departed from and without the limits of the Law as it is alleged against him,) to be seized and attached, and that unless the said Cyrus Stockwell do return and discharge the said debt or debts within Three Months from the publication hereof, all the Estate, as well as personal, of the said Cyrus Stockwell within this Province, will be sold for the payment of the said debt or debts, in and for the said City of Saint John, the fourth day of February, in the year of our Lord one thousand eight hundred and forty.

M. H. PERLEY, ROBERT F. HAZEN, Mayor &c. Attorneys for Petitioning Creditor.

### TREACLE.

**30 H** D'S first quality TREACLE just received per ship *Elizabeth*, from Liverpool, for sale by  
JAMES KIRK.

### MOFFAT'S Vegetable Life Medicines.

THESE Medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and ending them with renewed tone and vigor. In many hundred certified cases which have been made public, and in most every species of disease to which the human frame is liable, the happy effects of MOFFAT'S LIFE PILLS AND PHENIX BITTERS have been gratefully and publicly acknowledged by the persons benefited, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.

THE LIFE MEDICINES recommend themselves in diseases of every form and description. Their first operation is too laxative for the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened faces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these and leave such collected masses behind as to produce habitual constiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. The LIFE MEDICINES recommend themselves in diseases of every form and description. Their first operation is too laxative for the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened faces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these and leave such collected masses behind as to produce habitual constiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. The LIFE MEDICINES recommend themselves in diseases of every form and description. Their first operation is too laxative for the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened faces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these and leave such collected masses behind as to produce habitual constiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers.
