

INDIES TREATY IS DISCUSSED

Dr. Murray McLaren Goes Into Matter at County Meeting

Thomas Bell Deals With Liberal Government Record—Other Speakers.

Colonel Murray McLaren, C.M.G., V.D., M.D., and Thomas Bell, Conservative candidates for Saint John County last night. Dr. McLaren was at Dipper Harbor, Chance Harbor and Musquash. When Mr. Bell, traveling in the opposite direction reached Dipper Harbor, the meeting was over, so he spoke at only two places.

WEST INDIAN TREATY.
At Musquash Dr. McLaren spoke on the proposed West Indian Treaty. He said that it seemed to have been forgotten that there is now a treaty between Canada and the West Indies.

THROAT TROUBLE DANGEROUS

Starting Point of Many Diseases Which Often Prove Fatal

How often a cold attacks the throat and renders it so weak that Bronchitis and Tonsillitis seem to have an immovable foothold. And the worst of it is that the throat continues to get weaker and increase the danger of much more serious diseases. Ordinary cough medicines acting as drugs give only temporary relief—if indeed any at all.

What is needed is something that will build up the body so that it has the strength to throw off the disease, which will most certainly remain as long as there is weakness.

Father John's Medicine does just this very thing. It is a nourishing tonic-food which supplies the pure food elements, producing the energy necessary to resist germs.

Let Mr. Valere Vayer, of No. 145-R 10th St., Limouliou, Quebec, tell you how Father John's Medicine restored his wife to robust health.

"My wife suffered from throat trouble for a long time, but now since taking Father John's Medicine she is in perfect health. She used to be pale but now she has a good color and I am glad to tell my friends about Father John's Medicine."

Years ago, in 1855, the Rev. Father John O'Brien being attacked by a bad cold, which left him with a stubborn and distressing cough, was rapidly falling in health. An eminent physician prescribed a tonic for him which supplied his body with rich nourishment his weakened system was unable to obtain from ordinary food, and restored him to rugged health. Simply because of its merits this food medicine was recommended by Father John and has since enjoyed an ever increasing popularity.

Father John's Medicine while nourishing nerve and body tissue, building health and flesh, imposes no burden on the digestive organs. As it contains no alcohol or dangerous drugs it is therefore safe to give to any member of the family.

Canadian Newsprint Output This Year To Exceed The U.S.

NEW YORK, Oct. 27.—A report of the Canadian Pulp and Paper Association made public yesterday by the Canadian Pacific Railway estimates that the Dominion will produce a greater volume of newsprint during the coming year than the United States and that her output will continue to lead. Production in September for the fourth time this year exceeded the output of the United States for the month. In 1924 the Dominion manufactured 124,704 tons and this country made 121,019 tons.

For the first nine months of this year the Dominion production was 1,110,781 tons and that of the Republic 1,099,921 tons. The combined production of the two countries for that period is the greatest in history.

The exports of pulp and paper from Canada for the nine months aggregated \$111,519,865, as compared with \$108,050,333 for the same period last year. The pulp exports accounted for \$34,181,917, while paper amounted to \$77,337,948, of which \$71,713,472 was the value of 1,017,500 tons of newsprint. In 1924 the shipments were 906,747 tons, worth \$68,073,040. The Dominion shipped 1,185,495 cords of pulpwood, worth \$11,775,909, against 1,090,485, valued at \$11,140,838, in 1924.

months' notice, may provide, that to be entitled to the concessions granted in articles 2 and 3, the products of any of the colonies aforesaid shall be conveyed by ship direct without transshipment from the same colony or from one of the other colonies entitled to the advantages of this agreement into a Canadian port.

OF SAME OPINION.
No doubt the Government was aware of that but he trusted that the advantage of giving that six months' notice and having the preference restricted to direct business done with our own country would be given consideration.

They would notice that in the new treaty now awaiting ratification, that the Government had adopted the recommendation put forward in his speech and so, in order that the advantages of the treaty might be obtained, West Indian products should be conveyed direct to Canadian ports, he had said in the Commons.

Dr. McLaren declared he took the same position today as he took in the House of Commons.

VIEWS ON SHIP SERVICE.
Dr. McLaren also said in the House of Commons, he pointed out, that he was sure from what he knew of the West India service that there was need for improvement in the ships. More cargo storage, better ships, better accommodation, more speed were required.

The speaker said he had confidence that under improved shipping facilities and changes in the treaty conditions that considerable advantage would accrue to the Maritime ports and to Canada from expansion of the West India trade.

He was confident that a Conservative Government would be favorable to carrying out a well developed treaty with the West Indies and people might be assured that the Conservatives would lose no opportunity of improving and increasing the West India trade.

TRANSPORTATION RATES.
Dr. McLaren spoke on the Conservative policy of special consideration for transportation rates for the East and West to Central Canada.

Dr. McLaren referred to the British Preference and declared that the Conservative policy was that the British Preference would be conditional on the use of Canadian ports only.

MR. BELL SPEAKS.
Mr. Bell dealt more particularly with the record of the King Government which he criticized severely for alleged extravagance. He spoke also of the tariff and transportation and the emigration of Canadians.

At Musquash Mr. Shepherd was the chairman and other speakers, besides the candidates, were Dr. J. H. Barton and R. G. McInerney.

At Dipper Harbor Mr. Thompson was the chairman and Herbert Mayes contributed vocal solos. The speakers were Arthur N. Carter and R. L. Granan.

Quebec Highways Blocked By Snow
QUEBEC, Oct. 26.—In addition to tying up most of the river traffic yesterday the snow storm that swept over many parts of the province of Quebec played havoc with highways.

It was announced today by the deputy minister of roads that the Quebec-Murray highway was blocked by snow, while various other roads are likewise covered with drifts and impossible for automobiles to traverse.

All the liners held up by the storm resumed their respective voyages this morning.

SHOTS FIRED AT QUEBEC RALLY

Lights Cut Off, Stones Hurl-ed, General Pandemonium Reigns

Premier Taschereau, Interrupted in Speaking Blames "Irresponsible Parties."

QUEBEC, Oct. 26.—The sudden severing of electric wiring, which threw the place into utter darkness while Premier Taschereau was speaking, followed by revolver shots, stone-throwing and general pandemonium, made a political meeting at Chateau Richer in Charlevoix county without precedent in the history of that constituency.

The meeting was held in the interests of P. F. Casgrain, Liberal candidate, who had the support of the Prime Minister of the province of Quebec. It was while Mr. Taschereau was addressing the crowd that all the lights suddenly went out.

BATTLE ROYAL ENSUES.
A battle royal ensued in the darkness and after stones had been heaved in the direction of the platform, the sudden barking of a revolver broke out above the din. The shots were answered by other weapons outside the building, whose owners, according to accounts of the evening, began taking "pot shots" at passing automobiles.

When the uproar was at its height and it seemed certain there must be many serious casualties, the wiring was repaired and the flood of light brought the turmoil to a close. Premier Taschereau deplored the occasion and laid the responsibility at the door of "irresponsible parties who did not belong to Chateau Richer."

PROBES PRICE CUTS

Crowder Gets Retailer's Views Re Fair Profit on Sale of Goods.

WINNIPEG, Oct. 26.—J. T. Crowder, Vancouver, Dominion president of the Retail Merchants' Association of Canada, arrived here yesterday to continue his investigation of the business fraternity of the Dominion.

The object of his tour, he stated, is to see whether business men are in favor of the retailer's being granted a fair margin of profit on nationally advertised goods. He declared that price-cutting on nationally advertised goods is so acute that the retailers claim they are being driven out of business.

Wincarnis

Builds Health

Coleman & Co. (Canada), Ltd. 67 Portland St., Toronto

"Bright as a Dollar!"

"85 years of age, yet full of energy"—writes one of the hundreds of Wincarnis users who have told us of the wonderful benefits they have derived from Wincarnis. This sturdy old man attributes his present health to the regular daily use of Wincarnis for the last five years.

Before that time he found himself tiring quickly, having sleepless, restless nights, and frequent spells of mental depression—the results of a run-down condition.

Medical research has definitely proved that one of the causes of a run-down condition of the body is a shortage of certain mineral elements, including iron, potassium, calcium, sodium and phosphorus, and until a sufficient supply of these minerals is restored to the body, good health is impossible. Wincarnis contains every one of these elements in addition to other health giving ingredients, and in a

form in which they are most rapidly absorbed into the blood and carried to every part of the body to be converted into vital force.

Wincarnis has been recommended by over ten thousand physicians in cases of nervousness, anaemia, sleeplessness and the general debility that accompanies a run-down body. For fifty years this strength giver and nerve restorative has brought new life and happiness to weakened men and women.

Buy a bottle of Wincarnis today from your druggist—try it and see the difference just a few days will bring.
