### Three Points of Superiority

Beauty!

THERE is no prettier kitchen ware than SMP Diamond or Pearl Ware. Diamond Ware utensils are light blue and white outside and milk-white inside. Pearl Ware utensils are grey and white inside and out. Beautiful ware!

Cleanliness!

There is no cleaner, brighter-looking kitchen ware than SMP Diamond or Pearl Ware, and there is none easier to keep clean. Soap and hot dish water are all you need, because grease, dirt, stain, taint or tarnish can get no grip on SMP enamel. It's so hard and smooth. Wipes sweet and clean

**Durability!** 

There is no more durable kitchen ware than SMP Diamond or Pearl Ware. With reasonable care, good glazed steel cooking utensils last for years. Diamond and Pearl utensils are made of open hearth steelheavily coated with a specially tough, hard, porcelain enamel. There is no better enameled ware made.
