PRICE TENDENCY IN HARDWARE IS KEEPING UPWARD

(Hardware and Metal, June 12.)
The price tendency on nearly all hardware lines is still upward and advances in many important basic lines have been made this week. Carpet and at tracks have been revised upwards; taut nails are also higher. Exanmled, sivanized, jappaned and tin wares are

also included in the list of higher revisions. Other lines that have new higher prices are stove pipe wire, stove pipe and elbows, flat and round head iron screws, valves, lubricators, brushes, pine pitch, carpet beaters, wood jacketed oil cans, building paper, veneered wood chair seats, steel wool, lamp burners, children's cycles, rifles and shot guns, wheelbarrows, sand paper and spading forks. Turpentine and linseed oil has declined in some localities.

A number of important amendments are being made in the application of the new taxation according to the announcement of the minister of finance. According to the new ruling the tax will be made on the amount in excess of exemptions stated instead of taxing the total value.

congestion has not yet been overcome and some shipments have been on the road for a long period.

FIFTY YEARS IN THE PRIESTHOOD

Sacerdotal Jubilee of Rt. Rev. Mgr. Doucet of Grand Anse.

(Bathurst Northern Light.)
On June 30 Right Reverend Monsignor Doucet, pastor of Grand Anse, will have spent fifty years in the holy priesthood—fifty years of unceasing labor for God and country.

As everybody is aware, besides giving himself entirely to the duties of his holy ministry, Monsignor Doucet has always shown himself the prompt and ardent supporter of every movement tending to the general good of the community; and by his scholarly attainments and practical ability has contributed in no small measure to the success of every good cause. In the work of higher education, however, he has always been interested in a very special manner, aiding by judicious counsel and material assistance in the all important but difficult task of the education of youth.

To the institutions of higher education conducted by the Redist Fathers, Monsignor Doucet has always been a warm friend and valued auxiliary. It was through his kind services that the beautiful property upon which now stands the Blessed John Eudes Seminary was secured. At the present moment he is president of the committee formed for the restoration of the Sacred Heart College.

As a token of sincere appreciation and profound gratitude, the Redist Fathers purpose holding a special celebration at West Bathurst on June 30 in honor of the venerable jubilee. Rev. Father Wallace, pastor of West Bathurst, has kindly placed his church at the disposal of the Redist Fathers for the occasion; and thus, Monsignor Doucet will offer the Holy Sacrifice on the day of his golden jubilee, in the parish of his birth and in the church of his baptism.

A committee composed of citizens of the village and of the town of Bathurst has been formed in order to associate the people of Bathurst with the jubilee. The members of this committee will assist in the preparation of the celebration, and in the reception of the guests.

The high mass will be sung in the parish church at West Bathurst at 10 o'clock. The singing and ceremonies will be executed by the Redist Seminary. After the high mass an address in the name of the people of Bathurst will be read to Monsignor Doucet. Dinner will be served at the residence of the Redist Fathers.

In the evening the ceremony of the removal of the first shovel of earth will take place on the grounds destined to be the site of the new Sacred Heart College. Several speakers will be heard.

GROCERY PRICES IN THREE CITIES OF THE DOMINION

The following comment on the market situation as regards foodstuffs, appeared in Canadian Grocer last week:

The markets generally are firm with the usual weekly advances registered on some lines of commodities. There is no indication as yet that prices will come down. Sugar supplies are scarce and the grain market is extremely strong. Business, however, is reported rather quiet due to the readjustment of prices caused by the fixing of the luxury and sales tax.

Summarizing the market this week there is very little change. The general tone is strong with a very good demand. The price of meats is unchanged except that the price of cooked hams is higher. The price of eggs, butter and cheese is unchanged but the supply is very good. The sugar market is exceedingly strong and present quotations are only nominal. There is a decided break in the price of walnuts. Canned peas, tomatoes, corn, are quoted higher as the supply is very low. There is no change in the price of either tea or coffee but the market continues strong. Vegetables are in very good supply and the price is even lower this week. The fruit market is unchanged. There is another rise in the price of wrapping paper and soap chips are slightly dearer.

Toronto.
The trend of all grocery markets is upwards with advances registered on marmalade, cleansers, tobacco, wrapping paper, chocolate bars and maple butter. The situation in the sugar market is unchanged. Granulated sugar is scarce in so far as wholesalers are concerned, but retailers are fairly well supplied. There is a strong market for molasses. Barbados is in scant supply and quotations are high; ordinary molasses are likely to be higher. The strong condition of the grain market tends toward higher prices on cereals; the demand, however, is very quiet. Tea importers are having difficulty in procuring teas showing quality; the cheaper, lower grade, for which there is very little demand, is plentiful; the finer grade teas, however, are scarce in a firm market. Peanut butter and salted peanuts are reduced in price. Extracts have advanced 25 to 35 cents per dozen. This is to take care of the recent tax on alcohol.

The market for dried fruits is steady with the exception of figs. In some quarters figs are being quoted to the trade at less figures than the original cost to jobbers. The unsettled condition manifest on nuts a couple of weeks ago still prevails; the reason for this is that importers have had their orders doubled, with the result that stocks of nuts are far in excess of what they should be at this season. The rice market is unchanged; the improvement noted on shipments of rice last week is maintained and all varieties are fairly well represented. Vegetables are arriving freely. Quotations on old potatoes are lower. The first car of watermelons is due to arrive this week, but prices are high. Other fruits are plentiful.

Fresh pork cuts have advanced one cent per pound. Smoked and cooked hams are also higher. The egg market is easier. The butter market is firm. Shortening, lard, margarine and fish are unchanged.

The Friendly Smoke

THERE is something mighty comforting and satisfying about "OLD CHUM" Tobacco; a sort of soothing restfulness that pipe smokers have come to associate with this friendly smoke.

"OLD CHUM" is an old, old chum with all pipe smokers. It has the perfect tobacco taste—the mellow richness—and men know that they can be chummy with "OLD CHUM" all day long and that the "good night pipeful" will be as sweet and cool as the one enjoyed just after breakfast.

For years and years "OLD CHUM" has been Canada's favourite pipe tobacco and today is more popular than ever.

King Albert Incognito.

London, Eng., June 15—A man entered Hyde Park with a companion, and after a stroll sat down. The man who demands a penny a seat called on them

and got a coin. It was a three-penny bit.

A policeman offered him a shilling for it. Another offered him a shilling. He said it for a bob. The man who gave him the coin was King Albert.

Lightning Kills Fisherman.

Wheatley, Ont., June 14—Struck by lightning while out lifting nets during the progress of a thunderstorm on Saturday, Lyle Dawson was instantly killed and two companions were stunned.

**A New Beauty of Line
Seen in this Chalmers**

IT'S a car very easy to look at; and there's a wealth of comfort in those new type seat cushions of this Chalmers. At the radiator the lines are high. At the rear they are low. But this new beauty has in no way penalized roominess.

From the cowl back the top line of the coach is low, but as you sit in the car you lounge even lower.

Once in motion this position becomes even more alluring as you sink into the seat, note the absence of sideways, and feel that the car is hugging the road closely.

Particularly is your enthusiasm stirred when you observe the ease of the engine's effort, its intense silence, the quick response when you turn loose the power stream.

You tacitly pay a compliment to Hot Spot and Ram's Horn, for they have Fletcherized the raw gas, utilized the last drop of power that nature stored away.

And you admire a Chalmers the more for it, for in addition to its beauty of action, it is arrayed in new garments that are refreshing to a degree.
