Rheumatism
Now is the time to get rid of it! Nature is pulling for you. The warm weather's here. This is your chance—grasp it—take **Templeton's Rheumatic Capsules**. Get it out of your system the easiest way! Sold by reliable druggists for a dollar. Ask our agent or write us for a free sample. Templeton's, 142 King St. W., Toronto.

THE LATE W. T. WHITEHEAD.

He Was in Cotton Manufacturing Business Many Years.
(Montreal Gazette.—Saturday)
The death occurred suddenly yesterday at his residence, 101 Chumley street, of William Thomas Whitehead in his 56th year. Born in 1864, he was educated at King's College School, Windsor, N. S., and at an early age entered the cotton manufacturing business.
In 1889 he promoted the Colonial Dyeing and Bleaching plant, and the Mount Royal Spinning Company, both of which are now owned and controlled by the Dominion Textile Company, and was also interested in the organization of the Wabasco Cotton Company of Three Rivers.
Mr. Whitehead was a member of several clubs, including the Mount Royal, St. James, Forest and Stream, Hunt Club and Montreal Jockey Club. In addition to his widow, he is survived by his son, T. Ross Whitehead, vice-president of Whitehead, Winslow, Limited, of which firm he was president; by two younger sons, W. T. Whitehead, Jr., and Robert Labatt Whitehead, and by a daughter, Mrs. Geo. Drysdale Drummond, of Montreal. Mr. Whitehead's eldest son, Capt. Ward Whitehead, was killed in April, 1915, while serving with the 18th Battalion in the second battle of Ypres. Mr. T. Ross Whitehead also saw service with the Royal Flying Corps in France and Italy.

MAYOR CARRIES HIS LUNCH

Peters Joins the Crusade Against Boston Restaurants' High Prices.
Boston, Sept. 21.—Mayor Andrew J. Peters has joined the "Bring-Your-From-Home Club" as a means of compelling Boston restaurant proprietors to reduce their prices, which have recently been generally advanced. The mayor's visit each morning puts up his lunch, and each morning at noon time eats it at his desk in the city hall.
"I think the idea of carrying a lunch from home an excellent idea," he said. "I do it myself quite often. The prices in Boston restaurants are outrageous. There was a time when you could get a good lunch at noon time for a reasonable sum, but now it is out of the question. You know I am not above carrying my lunch from home. Many people think I am wealthy, but I am not."

STRANGERS HELD WITH CERTAIN CORDS

Sudbury, Ont., Sept. 21.—Mrs. Corina Gelinna, twenty-three years of age, committed suicide in her apartments here last week by strangling herself with certain cords. She had been separated from her husband and little boy for three years, and had been despondent. Her melancholia had been aggravated by a recent visit to see the child and she took her own life. There was no inquest.

AMERICAN COLONEL GIVES FREE ADVICE TO RHEUMATICS

SAYS IT'S SHEER FOLLY FOR ANYONE TO SUFFER THESE DAYS.
Rheumatism can't be cured so long as your system is weak and run down. You must first build up and get strength to fight the disease. Ferrozone cures because it builds up, because it renews the blood and dissolves the uric acid and the poisons that cause rheumatism.
It is proved right here that Ferrozone does cure.
Col. H. M. Russ, of Edwards, St. Lawrence Co., one of the fine old heroes of the Civil War, was completely restored by Ferrozone. His rheumatism and "I couldn't get around without a cane, and then only with difficulty."
"Rheumatism took complete control of my limbs."
"Suffering was more intense than hardships on the battlefield."
"When my doctor had done his best I got Ferrozone."
"Then came a quick change."
"Ferrozone gave me comfort at once, eased the pain and took the stiffness out of my muscles."
"I am well today. Ferrozone cured me completely. I can jump and run like I did forty years ago."
Be sensible about your case. If you present medicine is useless give it up. Don't experiment again. Ferrozone is known on all sides to be a cure that does cure. Why not get a supply today. The sooner you begin Ferrozone the quicker you'll get well. Price 50c per box or six for \$2.50, at all dealers, or direct by mail from The Catarthosone Co., Kingston, Ont.

10,000,000 PEOPLE TAKE NUXATED IRON TO HELP BUILD UP THEIR STRENGTH, ENERGY AND ENDURANCE. ASK YOUR DRUGGIST. DONT ACCEPT SUBSTITUTES.

SOUTH AFRICA OFFERS MARKET

Now Large Buyer of Canadian Goods and Will Improve.
(Toronto Globe.)
That Pretoria, South Africa, will soon rank as one of the foremost industrial cities of the world, owing to her metal industries, is the prediction of J. Wallace, a delegate from Pretoria to the Chamber of Commerce convention. It has been known for years, he states, that there were extensive iron fields in the vicinity and it is estimated a foundry has entirely justified this optimistic view. Pig iron (suitable for steel) is being produced more cheaply by far than in any other country.
"For instance," said Mr. Wallace, "the United States Steel Corporation was able to assemble raw materials before the war at a cost of \$42 a ton, and for \$24 a ton at the end of last year. Against this the Pretoria iron mines calculate that they are able to assemble the material for a ton of similar pig iron for \$2 less than the American pre-war price, or \$12 less than the American price at the end of 1919."
"South Africa, with its crying need for railways, agricultural implements, and mining machinery, offers a very large market for iron and steel. When the needs of the country have been satisfied in this respect and given favorable railway rates there is prospect of a large export trade."
"The Union of South Africa is a large buyer of Canadian goods, the imports during the year of 1919 being more than \$9,000,000 in value."
"Practically the only commodity which the union exports to Canada is wool, of which a large quantity is wool, the quantity so exported in 1919 being 490,455 pounds to the value of \$385,000."

Old Folks' Coughs, Catarrh, Bronchitis Quickly Cured

This Tells of a Method That Cures Without Using Drugs.
Elderly people take cold easily. Unlike young folks, they recover slowly. That is why so many people past middle life die of pneumonia.
Cough Syrup seldom does much good because they seldom digest it. Any doctor knows that a much more effective treatment is CATARRHOZONE, which cleans and soothes the irritated surfaces of the throat.
In using CATARRHOZONE you do not take medicine into the stomach—you simply breathe into the throat, nose and lungs rich piney balsamic vapor, so full of healing power that colds, catarrh and bronchitis disappear almost instantly.
The germ-killing balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure medicinal essences, whereas with other cough syrups the affected parts could not be reached and harm would result through burning the stomach with drugs.
A CATARRHOZONE inhaler in your pocket and your purse enables you to stop a cold with the first sneeze. Large size costs \$1.00 and supplies treatment for two months. Small size, 50c, trial size, 25c; all storekeepers and druggists, or The Catarthosone Co., Kingston, Canada.

CIVIL CONTROL FOR MILK

Considered by Producers and Board in Toronto.
Toronto, September 21.—Almost simultaneously, and by a coincidence, the Toronto Milk Producers' Association held a meeting at which municipal ownership and control of milk was advocated, and a special committee of the Toronto Board of Control discussed the advisability of this city going into the dairy business on its own account. Neither body was aware that the other was in session.
At the Milk Producers' meeting, Prof. H. H. Dean, head of the department of animal husbandry, at the Ontario Agricultural College, Guelph, advocating public ownership of the milk business, said: "By the city's handling the distribution of milk the price could be reduced to the consumer and at the same time raised to the producer." Professor Dean suggested that the milk producers and civil representatives should get together and see if they could not cut out unnecessary expenses.
At the meeting of the civil committee, Alderman Rick estimated a saving of \$1,600 a day, or \$500,000 a year, to the citizens of Toronto by the reduction of the price of one cent a quart, even if no greater saving were effected, under municipal ownership and control. No definite action was taken on the question of municipal ownership at either meeting.

THE COAL STRIKE

London, Sept. 20.—There was little hope tonight that the strike of the coal miners, set for Sept. 27, could be averted. The executive of the miners' federation had another long conference today with Sir Robert Horne, president of the board of trade, but no agreement could be reached on the question of an increase of two shillings per day in wages as demanded by the miners.

Women's Appetites Grow

London, Sept. 21.—Presiding at an annual meeting of a restaurant company John Pearce said that the greatly increased revenue was due to the large amount being spent by women. Formerly he said they would be satisfied with bins and milk. Now they order substantial meals.

Husband Fines Wife

London, Eng., Sept. 21.—Petty fines which a husband imposed on his neglected wife were described in police court when Mrs. Ivy Holliday was granted a separation. They had been married five years. He imposed a system of fines on his wife for trivial offences, taking the money out of her allowance.

Survives in Den of Lions

Bombay, India, Sept. 21.—A native Hindu committed suicide by entering a den of lions at the Bombay Zoo. When his body was found two lions were snarling over the remains.

"If you think you will not have an accident, ask the man who had one, then think safety," says the Safety League.

THE WONDERFUL FRUIT MEDICINE

Every Home in Canada Needs "Fruit-a-tives"
To those suffering with Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pain in the Back, Eczema and other skin affections, "Fruit-a-tives" gives prompt relief and assures a speedy recovery when the treatment is faithfully followed.
"Fruit-a-tives" is the only medicine made from Fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics.
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets for week ended Sept. 16, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:
Where and how the new railway rates will fall is one of the topics that the market discusses at length this week. In some cases it will make no difference in prices quoted, although the difference will come when the buyer pays for the material from the present location of the material to his own premises. Much felt the special cost of haulage increases because the United States freight rates cover the case. Considerable of the concern is that the purchaser shall pay only the increase granted to the roads.
Although there is nothing official to warrant the belief, the trade seems to feel that there is bound to be a move that will do away with the dual steel market that exists now, viz., the selling schedule of the corporation and of the independent, between which there is a difference so great that it cannot be reconciled. Most of the deliveries that are now coming from the independent mills and as a result the prevailing prices are very high.
Machinery inquires report in several cases that their business has had a number of very interesting inquiries during the past few days, and that deliveries on orders that have been booked some time ago are coming through in a very satisfactory way.
The government railroads are buying small tools now, particularly carbon and high speed drills. As a general thing though the trading that is being done is in smaller lots.
Several houses report that they find it necessary to pay more attention to their collections than usual, reporting some of these as being rather slow.
In "hardly any section of the steel, iron or allied trades can it be said that there is any buying being done for stock now, prices and deliveries being very much opposed to any such policy."

ARNSTEIN IN JAIL

New York, Sept. 20.—Federal Judge Manton today issued an order directing that Julius W. (Nicky) Arnstein, publisher of the "master mind" in New York's "five million dollar bank theft" be placed in Ludlow street jail until he obeys a court order to answer questions in bank-robbery proceedings brought against him.

MOTHERS!

Watch your children's skins. As soon as you see the slightest trace of a rash or sore, apply Zam-Buk. This antiseptic balm will prevent the sore place from infection, prevent it from spreading and healing soon follows.
Careful mothers always keep Zam-Buk on hand for their children's injuries—it ends pain so quickly and prevents any possibility of festering. Best for cuts, burns, scalds, bruises, ringworm, scab sores, eczema and teething rash. All dealers one box.

Zam-Buk "FREEZONE"

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Try it! Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to remove every hard corn, soft corn, corn between the toes, and the callus, without soreness or irritation.

MOTHER!

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You may say "California."

Drop THAT COUGH! Speedy Relief Sold Everywhere Inexpensive. Dr. Wilson's Syrup of Tar and Cod Liver Oil. Brayley Drug Co. Limited. St. John, N. B.

Big Leaguers Use Absorbine-J. Many of the stars in the big leagues endorse "ABSORBINE-J" for the rub down after the game. They know that "ABSORBINE-J" not only relieves aches and pains but keeps the joints and muscles pliable and supple, and prevents stiffness in joints and muscles.

Everything About Cuticura Soap Suggests Efficiency. Soap, Ointment, Tuboam, 25c each. Sold everywhere. Cut. Depot, Toronto, Ontario, Canada, 212 St. Michael's Street.

Just Apply This Paste and the Hairs Will Vanish. (Boudoir Secrets). The judicious use of delicate paste insures any woman a clean, hairless skin. To prepare the paste, mix a little of the powdered delatone with some water, then apply to the objectionable hairs for two or three minutes. When the paste is removed, and the skin washed, every trace of hair will have vanished. No pain attends the use of the delatone and it will not hurt the most sensitive skin, but to insure results, see that you get real delatone.

"DANDERINE" Stops Hair Coming Out; Doubles Its Beauty. A few cents buys "Danderine." After an application of "Danderine" you can not find a lost hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

NEW LIST ON WIRE NAILS IS SPECIAL FEATURE (Hardware and Metal, Sept. 18). The special feature of the work is the new list on wire nails. The prices of "extras" are revised and though some sizes are unchanged there is a considerable advance on others especially in the smaller sizes, but the base price is unchanged. These changes were not unexpected and were forecast by Hardware and Metal two weeks ago; the increased freight rates from United States steel mills having affected the price of raw materials.

Electric heaters are costing more, as are curby combs. Among lines reduced in price are some lines of wrapping twines and garden hose for spring. Lower prices are granted on resin, but turpentine and linseed oil are unchanged. Prices on paint seem likely to remain as they are for the present. Scarcity continues in pipe and fittings and in galvanized sheets which are in some cases being quoted higher. In metals it has recovered and lead is a little easier. Full goods are selling readily and collections are said to be satisfactory.

AK HEADACHE TABLETS For Headaches and Neuralgia. A scientific film combatant which, after 5 years' tests, is now advised by leading dentists everywhere and supplied by all druggists in large tubes.

WORTH ITS WEIGHT IN GOLD, STATES FARMER

Travel World Over and You Couldn't Find the Equal of Tanlac, Says Conrod. Feels Hundred Per Cent. Better.
"If you travelled the world over I don't believe you could find a better medicine than 'Tanlac' was the emphatic statement made recently by Isaac Conrod, well-known and prosperous farmer, living at Chezzetooke, Halifax County, N.S.
"I was troubled so had with indigestion for four years, I couldn't eat a thing without suffering the worst kind of pains afterwards. I had a disagreeable feeling like a lump in my stomach after meals, and what I ate would sour and form gas that bloated me up till I was in perfect misery. I lost all desire for food and frequently had spells of nausea, when I could not retain the little I did force myself to eat. Just as soon as I lay down at night I had a feeling like I was going to smother, and could get but very little rest on this account and always got up in the mornings feeling tired and worn out.
"So many people advised me to try 'Tanlac' that I decided to do so, and it proved just the right medicine for me. I can now eat a good hearty meal and never suffer a prickle from indigestion. I sleep like a log all night, have lost that tired, worn-out feeling, and feel one hundred per cent. better in every way. 'Tanlac' has been worth its weight in gold to me, and I simply can't praise it enough."
"Tanlac is sold in St. John by the Home Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Parsons, High-Hanson, Lepreau; E. J. Conley, Leonardville; N. H. Johnson, Clarendon Station, and by the leading druggists in every town.—(Adv.)

movement, it would be made to produce good results, and be of much benefit not only to old country people, but to the city as a whole. Will the English, Scotch, Irish and Welsh people interested in this movement please drop a card to Mrs. Roby, 291 City Road, our secretary, who will be glad to furnish them with full particulars, and a mass meeting will then be arranged. Thanking you, Mr. Editor, for the valuable space, I remain on behalf of the O. C. C., Yours respectfully, PHIL HORNE, Vice-President.

OLD COUNTRY PEOPLE

The Editor of The Times.
Sir,—Like a stone thrown into a pool, the sad suicide, which occurred the other day, has caused a ripple, which has been increasing to an ever widening circle ever since. People from the old land have met me on the street, called me up over the phone, and otherwise intimated to me that something should be done to prevent any such circumstance occurring again.
The meeting of the Old Country Club last Friday night, which was reported in your valuable paper, as having gone on record to increase its sphere of usefulness as one of the results of this evidencing interest. It is now felt by many of the members of the club that the old country people now resident in the city, would right now get behind this

Beauty Secrets for Women. A woman's fondest hope is to stay young. She often resorts to paints, powders and cosmetics to hide her years. Some women pay large sums to so-called "Beauty Doctors" in the belief that money will buy youth. Others wear girlish dresses, thinking they can fool the world about their age. But no one is deceived. The more you try to hide your age, the more it shows.

There is but one thing that holds old age back, and that is health. Sickness and weakness bring old age early in life. Dr. Pierce's Favorite Prescription is a building-up medicine for women. It makes them healthy and strong when they suffer from women's troubles. It keeps them looking young by keeping them well. It is a woman's tonic for the frail, the delicate and those who are nervous, dizzy and who have backache and "dragging down." Some women took it years ago and have felt younger and well ever since. Doctor Pierce's Favorite Prescription is altogether vegetable and without a particle of alcohol. It is safe to take. Try it now. In tablet or liquid form at all druggists, or send ten cents for trial package of the tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or branch in Bridgeburg, Ont.

USE The Want Ad War. A Gift. A 10-Day Tube of Pepsodent is sent to all who ask. See coupon.

Five Things Happen

When you brush teeth in this way. All statements approved by authorities. Dental science has produced a new teeth-cleaning method. Millions of people have already adopted it. Leading dentists everywhere advise it. In effective ways it combats the film on teeth. And it deals with this tooth wrecker as was never done before.

The fight on film. Modern dentistry finds that most tooth troubles are caused by film. The film at first is viscous. You can feel it now. But it clings to teeth, enters crevices and stays. It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acid in contact with the teeth to cause decay.

A multiple attack. Now new ways have been found to fight film. Careful tests have proved them. High dental authorities approve them. They are all combined in a dentifrice called Pepsodent. It meets every modern requirement. And this new tooth paste is fast coming into world-wide use.

You'll know in a week. Some results of Pepsodent appear rapidly. Within one week the good effects will be amazing to you. One ingredient is pepsin. One multiplies the starch digestant in the saliva, to digest starch deposits that cling. One multiplies the alkalinity of the saliva to neutralize mouth acids. Two factors directly attack the films. One of them keeps the teeth so highly polished that film cannot easily cling. In all these ways it brings and maintains whiter, safer teeth.

Pepsodent CANADA REG. IN. The New-Day Dentifrice. A scientific film combatant which, after 5 years' tests, is now advised by leading dentists everywhere and supplied by all druggists in large tubes. Only one tube to a family.

Send coupon for a 10-Day Tube of Pepsodent. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how the teeth whiten as the film-coat disappears. Compare the results with your old methods. Then let those evident results tell you what is best. Cut out the coupon now.
