

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, OCTOBER 17, 1912

TWO SCENES IN FIFTH GAME OF WORLD'S SERIES
AND YOUNGSTER WHO PITCHED GREAT BALL

New York, Oct. 16.—It seems that the world's series was made for the confusion of prophets. Here everybody had it in the all over poor Chasley Herring at third base, and the Marylander makes a show of his opponent. Charles leads the Giants regulars and everybody else in the series, save H. McCormick, in hitting. The latter is a champion pitcher. The latter is a champion pitcher. The latter is a champion pitcher.

CHILDREN NEED "CASCARETS" WHEN
CROSS, FEVERISH OR CONSTIPATED

Any child will gladly take "Cascarets Candy Cathartic" which not only purges but produces the slightest uneasiness—though cleanses the little one's constipated bowels, sweetens the stomach and puts the liver in a healthy condition.

Full directions for children and grown-ups in each package. Mothers can rest easy after giving this gentle, soothing laxative to children.

10 Cents. Never gripe or sicken. "CASCARETS WORK WHILE YOU SLEEP."

Health and Beauty Advice
BY MRS. MAE MARTYN

Cells: You can't expect to appear fascinating with pimples all over your face. During the summer anyone's blood is likely to become thick and sluggish from accumulated poisons which frequently find an outlet in the face. This condition can be overcome by taking a good system-tonic and blood-purifier. An excellent and inexpensive, old-fashioned tonic of tried merit is made with karsene. Dissolve one ounce of karsene in a half-pint alcohol (not whisky), then add one-half cupful sugar and enough hot water to make a quart. Take a tablespoonful before each meal and you will soon feel like a new person, and your complexion will clear and take on a healthy tone.

W. J. B.: Those annoying hairs on your chin will quickly vanish after an application of a delicate paste, made by mixing together a little water and powdered talc. This paste is to be applied and left on the skin two or three minutes, then rubbed off and the skin washed. The delicate treatment is quite harmless, and always leaves the skin clear and smooth.

E. B. S.: Although gray hair is sometimes caused by worry, it is generally due to a diseased scalp as indicated by such symptoms as dandruff, itching of the scalp and brittle falling hair of which you speak. To restore your scalp to a healthy condition, first keep it clean by shampooing every ten days or two weeks with castile soap, then massage the scalp, using a good quinine hair-tonic. You can prevent the tonic yourself by adding one ounce of quinine to a half-pint of alcohol (not whisky) and a half-pint of cold water. This is much better than most ready-prepared hair-tonics, as it contains nothing to make the hair coarse, sticky or "strange." It will remove the dandruff and stop your hair from coming out. You will find it an ideal dressing for the hair and very refreshing to an itching scalp.

S. R. O.: If your superfluous flesh proves annoying and distressing, try the following fat reducer which has given excellent results. Dissolve four ounces of paraffin in 1 1/2 pints of water; when cool strain and take a tablespoonful of the liquid before each meal. This remedy is harmless. By avoiding very rich foods and taking plenty of exercise, you will find this remedy will cut down your weight very rapidly.

Mrs. Ruth: There can be no possible excuse for a woman of your age neglecting her complexion. It is a duty you owe yourself to look as youthful and charming as possible. I would not encourage you

RED SOX ARE
CHAMPIONS
OF THE WORLD

Giants Looked Like Victors in Tenth Inning But Costly Errors Helped Change the Outlook

Boston, Oct. 16.—The Boston Red Sox, pennant winners of the American League, are the world's champions of 1912. Defeating the New York Nationals today by a score of 3 to 2 in ten innings of a bitterly fought struggle, the Red Sox captured their fourth victory of the series and carried off the premier honors in baseball.

The Giants won three games of the series, the Sox played before more than a quarter of a million people, and one contest was a tie.

The total receipts for the eight games were \$49,833, and each Red Sox player received \$4,024, while the Giant players each came in for \$2,520.

It was a game of excitement and changing emotions for the 17,000 spectators who went to Fenway Park to see these two teams who had struggled valiantly for seven games with honors even, meet for the deciding contest.

Never was a ball game more tightly waged, and it was not until twilight had fallen on the tenth inning that the Red Sox, led by their pitcher, won the game.

Nine innings of a pitching duel between the master boxman of the Giants, Christy Mathewson, and the strapping pitcher of the Red Sox, Joe Wood, for the Red Sox found the two contenders for championship honors with a tally each of nine runs, four hits and two errors.

Into the tenth inning the contest went, and the Giants, led by the hopes of the Boston crowd, scored a run, a hit and an error, but the Sox, led by their pitcher, won the game.

Mathewson's word in delivery. He tossed 27 balls to the batters in that inning, but the Sox, led by their pitcher, won the game.

Mathewson pitched 137 balls to the batters in the ten innings. He threw only 27 balls in the first nine innings, the smallest number of balls pitched in nine innings by any pitcher during the series.

The tenth inning, which was still uncompleted when the game ended, was Mathewson's word in delivery. He tossed 27 balls to the batters in that inning, but the Sox, led by their pitcher, won the game.

ALL RECORDS FOR ATTENDANCE BROKEN
IN EARLY WORLD'S SERIES BASEBALL GAMES

Boston, Oct. 16.—All records for attendance in the first five games of the world's championship. Total paid attendance for five games was 171,087, last year's figures being 138,245. Total receipts for five games, \$58,483, also a new record, as one game, the total was \$28,252.50. These receipts are divided as follows: players, \$147,571.70; clubs, \$155,262.70; national commission, \$33,948.80. In the small picture Joe Wood's hand is shown gripping a ball to throw an inshoot.

TROUBLES IN
THE CABINET
GROW WORSE

Nationalists in Revolt Again Over Navy Matter—Lack of Firm Leadership

Ottawa, Oct. 16.—Conflicting counsel and ambition within the cabinet, too much ministerial jockeying, and too frequent absence of ministers from the capital during the session, together with the lack of firm and bold leadership, have produced a most unedifying political situation in Parliament Hill.

Today the vacillation and hesitation of the government with regard to the naval question, and the calling of parliament in a more pronounced than ever. Two days ago the ministry promised to announce at once the date of the assembling of parliament, and hints at Nov. 21 as the date of opening were given out.

Since then the cabinet has met twice and now the indications are that a further breathing space will be found necessary. Mr. Borden brought back from England a layed until January. Outside of the fact that even the routine business of departmental administration, the preparation of estimates for the coming season, and the deciding of many matters of state now pending in connection with the various departments are away in arrears, the vital question of the naval proposals for the coming session is still unresolved.

The "emergency" is political rather than naval, and the "immediate contribution" first desired is Mr. Monk's quiet resignation.

The fact of the situation is illuminating, if not edifying. A majority of the cabinet have agreed to the proposal which Mr. Borden brought back from England, namely a direct cash contribution to the admiralty to help out in the alleged "crisis." The contribution has been fixed at \$30,000,000.

Then to influence the Nationalist wing, it has been agreed to repeal the Laurier naval act and to return, temporarily at least, the Niobe and the Rainbow to England. The naval college at Halifax is, however, to be continued, the cadets being sent to British cruisers as occasion requires. The permanent policy is of course to be left over for mature consideration next summer or later. There is also the supplementary proposal for the season to subsidize fast Atlantic steamers of the conventional type.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been initiated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in quinine and all the natural healing pine elements. Other preparations will not work in the recipe.

A guaranty of absolute satisfaction, or money promptly returned, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water. Let it stand for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents' worth) in a 16-ounce bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.
