## LT.-COL. MALONE GETS SIX MONTHS

**Albert Hall Speech Held to Contain Seditious Utterances.**  
Lieutenant-Colonel L'Estrange Malone, Liberal member of the British House of Commons, who was arrested in Dublin, November 10, for alleged seditious utterances, was on Friday sentenced to six months' imprisonment.  
Two surety bonds of a thousand pounds sterling each were demanded pending an appeal from the judgment of the court.  
Prior to the sentence, Malone declared through his attorney that he withdrew nothing and apologized for nothing in his Albert Hall speech and was willing to stand trial. The case has caused a sensation in England because of Malone's position as a member of the House of Commons and his notable war record.  
Colonel Malone was also charged with the possession of two loaded pistols, in violation of the law, found by the police in his London flat. Linked with this charge was another allegation that he had in his possession two cloak room tickets for parcels of pamphlets of an alleged seditious nature which were deposited in an underground station checking room.  
On this charge the prisoner was bound over on his good behavior to keep the peace for one year. Two sureties of a thousand pounds each were asked, failing which another six months' imprisonment would be imposed. The colonel's attorneys gave notice of appeal.

## COST OF BRITISH ARMY OF OCCUPATION.

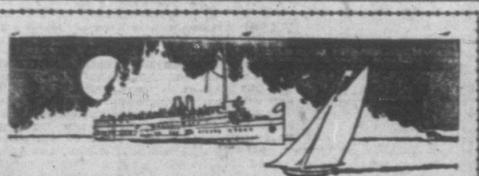

It was stated in the British House of Commons this week that the cost of the British Army of Occupation on the Rhine was £2,600,000 sterling a year.  
The total cost, since the armistice up to September 30 of this year was £21,980,000 sterling and the amount received from Germany for the troops amounted to 346,000,000 marks.  
There never was a good war or a bad peace.—Franklin.

**Come for a Glorious Boat Trip**  
COMMENCE your boat-trip holiday at Lewiston, where one of our meticulously-appointed Steamers will connect with your train. Thence across Lake Ontario to Toronto—through the Thousand Islands and the Rapids to the Cities of Montreal and Quebec. Such is the route of the trip from  
**"Niagara to the Sea"**  
terminating in the canyon-like scenery of the Saguenay. We approach Cape Eternity, a towering mass of rock that looks down upon us in isolated grandeur, making our craft look like a microbe organism in some spectral picture.  
Our steamer traverses a little bay, and we gaze spellbound at Cape Trinity—the lowest of its three elevations graced by a huge statue of the Virgin—which for 70 years has gazed with seeming compassion on the waters below—impervious to the elements, a thank-offering of a devout Catholic.  
These mightiest of all the promontories that tower above the dark waters of the majestic Saguenay, form a fitting climax to a trip that has no equal for awe-inspiring grandeur and panoramic charm.

## SOLDIER-FARMERS REPAYING LOANS

**Over One Million Dollars Returned to Government.**  
More than one million dollars has been received in repayments of loans made by the Soldier Settlement Board, according to interim reports from branch offices of the board throughout the Dominion, and the expectations are that this figure will be considerably exceeded.  
It is announced that war veterans placed on farm lands in Ontario under the Soldier Settlement Board have made payments of principal and interest due November 1, amounting to \$220,772. The amount due on that date was \$212,672. Seventy-five per cent. of the 1,148 soldier farmers, whose payments were due, promptly met their obligations, amounting to \$125,045, and the balance was made up by 45 settlers, who paid off their entire loans or considerable portion of them in advance. These figures are as of November 14.

## HUGE STEEL PLANT ON THE WEST COAST

**British Capital to Extent of \$50,000,000 Backing it.**  
Incorporation of the Coast Range Steel, Limited, with a capital of \$15,000,000, and controlled by British capital, was announced at Vancouver recently. It is the intention of the company to erect an iron and steel plant with blast furnaces on the lower mainland of British Columbia. Plans of the company provide for the ultimate expenditure of \$50,000,000 in the establishment of a great iron and steel industry, and it is the intention to start active construction within six months. Engineers have been in the province for two months making a survey of the situation.  
Vancouver men named provisional directors are H. J. Landahl, Fred T. Coogoon, J. D. Kearns, John Stela and Major Montague Moore. The Provincial Government has approved the project, and will pay \$2 a ton pig iron production bounty.

## LENINE AND TROTSKY ADMIT FAMINE FEAR.

Nikolai Lenine frankly admits the seriousness of the food situation in Russia, according to a Central News despatch from Copenhagen, quoting him in the Soviet newspaper Pravda as follows: "Soviet Russia never before has experienced such a food crisis. Moscow and other cities are paralyzed by famine and the army is becoming famished. It is necessary for us to use all means in our power to enforce delivery of foodstuffs by the peasantry."  
Leon Trotsky wrote: "We want to see rebellions in other countries so as to render an attack upon our country impossible. The Red army is in dire need of food and clothing. If these are not supplied immediately all our efforts will be futile."
