SPORTING MATTERS
THINGS HUMMING AT MILLIDGEVILLE

The yachtsmen have been busy during the evenings of the past week getting their craft in commission for the coming season. The masts on many of the yachts have been scraped and varnished. Owing to the cold and backward tides of the season the water is not as far advanced as at the same time in previous years, and the start is now kept busy in the daytime performing work which the yachtsmen formerly did in the evenings. By rushing the work as soon as the weather permits it is thought the boats will be ready for the water at the usual time.

INTER-SOCIETY LEAGUE ARRANGE FOR SEASON

Baseball will not be allowed to languish in St. John this season. The Inter-Society Baseball League, composed of St. Peter's, St. Joseph's, St. Rose's and the F. M. Morrissey, secretary, and J. A. Barry, treasurer.

VIENNA, April 20--With regard to the health of King Alfonso very unfavorable reports have lately been circulated. From a personage connected with the Vienna court the "Pester Lloyd" learns the following: "King Alfonso recently suffered from influenza from which he has recently recovered. The report of the illness of the king of Spain is originally ascribed to a Bourne manoeuvre in Paris. These reports have frequently been based upon the assumption that King Alfonso's father died from pulmonary affection, the present monarch must have inherited a tendency to the same disease. This, however, is a voluntary supposition which is altogether groundless. King Alfonso gives himself up, now as before, to all kinds of sports and amusements, often with great hardihood. How little in Republican and Carlist circles it is believed is shown by the following circumstance. In these circles the word 'a solution' (the solution) is proverbial. King Alfonso rides fast for hours together, and also takes dangerous dangerous automobile rides in steep places. In the Carlist and the Republican circles the king is expected to end his days by a sudden accident, so in the cartoons he is represented in an automobile, below which is printed the word 'a solution.' The word has spread to court circles, where the king is often tempted to moderate his pace while out of doors.
