of the class.

—The motion to consider Mr. Morrison's of the class.

—The motion to consider Mr. Morrison's bill for the reduction of the tariff was defeated in the House, by a majority of 17. The defeat was not unexpected. It was obtained by the combination of Mr. Randli's followers with the Republican members. The President has expressed his disapointment at the defeat. The vote coast, for consideration, 186 were Democratic, and 4 were Republican. The opposing rote was made up of 122 Republicans and 35 Democrats.

lioans and 35 Democrats.

—California seems from the statistics of this year, to lead as a wheat-growing State. The aggregate yield of wheat is estimated at 60,000,000 bushels or more, and the yield of barley at 38,819,202. The season has been entirely favorable both in the abundance of moisture and the absence of northers.

northers.

—Taylor's Falls, Minn., has the largest log jam in the world. It is estimated to contain 140,000,000 ft., it extends for two miles along the river.

—The Anglo-American Ins. Co., Wakhington, has suspended business.

This is about the size of Ireland.

—There is a surfeit of fresh salmon in the New York market. The arrival one day last week comprised sixteen car-loads from Oregon and thirteen from Canada.

—The Lake Shore officials at Chicago have succeeded in sending out a freight train. The engine and cars were covered with officers armed with rifles, and although the strikers were congregated in large numbers, no attempt was made to interfere with the train. This breaks the blocksde caused by the strike.

The Tarse Onlys.

LEAVES OF T. - Mast. Exi. 19.

[This is all that the Christless sinner can bear. He may be decked with all the conward forms of religion, but he cannot bear a single cluster of fruit auch as God can own and socept. His forms of prayer and chants of song, with all the routine of fasts and feasts, are "nothing but leaves" instead of the converted of the converte

BELIEVE OSLY .- Luke viii, 50

BELIEVE OFLY.—Luke viii, 50.

This is all that the sinner has to do in order to be saved. It is not believe and "live up to it," or believe and "wait till you feel happy;" but God says, "Believe on the Lord Jesue Christ, and thou shale be aved:" No doubt the truly saved one will feel happy, and God will enable him to live as a believer ought; but this is not to be mixed up with the God-appointed way of a sinner's reception of the goopel. "Abraham believed God, and it was counted unto him for righteoumnes." He did many good works, and gave up nuch for God after this, but this justification before Ged was by faith alone. It was, "Believe only."

JEND ONLY—Matt. xvii. 8.

Sam Jones suggests this test for the half and-half Christians:

Well, now, here is a dog going along following two men. But you don't know whose dog he is, to save your life, for he is following two men. But you say to yourself, "I will find out whose dog that is. I'll go up a little further to where the road forks off, and when one of the men goes one way and the other man the other, I'll watch which road the dog follows and then when he turns to the right I shall know the dog belougs to that man, and if he turns se the left I shall know that he belongs to the other man." Now if there is a prayer-meeting and a theatre on the same night, and I see a crowd going up Michigan arenus I cannot tell for my life whose dogs they are, but I go up to the forks of the road and then I can tell. I stand right at the forks of the road and less some of the crowd head off toward the theatre, and some to the prayer-meeting. And now, if you turn on Wedneeday night to the theatre you are the devil's dog, and you need say nothing more about it. That is true as we are talking. We get mixed And now, if you turn on weatnessay night to the theatre you are the devil's dog, and you need say nothing more about it. That is true as we are talking. We get mixed up in this world, and we mix all sorts of things, but the roads fork, and we can tell whose dog you are werey time then. The idea of a Christian man trying to hold a newscementing and then going to deal prayer-meeting and then going to hold a theatre, or playing cards, or going to the dance at this same time! It is a disgrace to the cause of Christ.

The great success which has followed the introduction of Minard's Liniment has tempted unavorapulous parties to put pand force on the market white Liniments similar to Minard's in appearance. The public is cantioned not to be put off by salesmen who say "this is just as good," but to take no other preparation than MINARD'S. but to take MINARD'S.

MINARD'S.

Analyzing the Baking Powders.

"Royal" the only absolutely pure baking powder made.-Action of the New York State Board of Health.

Under the direction of the New York State Board of Health, eighty-four different kinds of baking powders, embracing all the brands that could be found for sale in the State, were submitted to examination and analysis by Prof. C. F. CHANDLES, a Member of the State Board and President of the New York City Board of Health, assisted by Prof. EDWARD G. LOVE, the wellknown late United States Government chemist.

The official report shows that a large number of the powders examined were found to contain alum or lime; many of them to such an extent as to render them seriously objectionable for use in the preparation of human feed.

Alum was found in twenty-nine samples. This drug is employed in baking powders to aheapen their cost. The presence of lime is attributed to the impure cream of tartar of commerce used in their manufacture. Such cream of tartar was also analyzed and found to contain lime and other impurities, in some mples to the extent of 98 per cent of their entire weight.

All the baking powders of the market, with the single exception of "Royal" (not including the alum and phosphate powders, which were long since discarded as unsafe or inefficient by prudent housekeepers) are made from the impure cream of tartar of commerce, and consequently contain lime to a corresponding

The only baking powder yet found by chemical analysis to be entirely free from lime and absolutely pure is the "Royal." This perfect purity results from the exclusive use of cream of tartar specially refined and prepared by patent process of the N. Y. Tartar Co., which totally remove the tartrate of lime and other impurities. The cost of this chemically pure cream of tartar is much greater than any other, and on account of this greater cost is used in no baking powder but the "Royal."

Prof. Love, who made the analyses of baking powders for the New York State Board of Health, as well as for the Government, says of the purity and wholesomeness of "Royal":

"I have tested a package of 'Royal Baking Powder' which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of ment, and does not contain either alum or phosphates or any injurious substances.

"E. G. LOVE, PR.D."
