OBITUARY.

Mrs. Margaret A. Sandall.
The death took place yesterday morning at her home, 218 Princess street, after a long illness, of Mrs. Margaret A. Sandall. The deceased lady, formerly Miss McLaughlin, was of Scotch ancestry. She was the widow of Mr. William Sandall and for many years has been an invalid and patient sufferer, receiving the faithful attention of her children who ministered to her wants with loving care and devotion. The surviving members of the family are two daughters, Misses Minnie and Jessie L. Sandall, and a son, James Sandall. The funeral will take place on Thursday afternoon at 3 o'clock.

The Cause of Appendicitis Now Definitely Known

The commonest cause of appendicitis is constipation. Every doctor says so. When you require physic, don't use a cheap drastic pill—get Dr. Hamilton's Pills, which are made from the private formula of one of the greatest physicians. Dr. Hamilton's Pills strengthen the stomach, regulate the bowels and prevent any tendency to appendicitis. In one day you feel the tremendous benefit of Dr. Hamilton's Pills. By purifying the blood and cleansing the system they prevent headaches, lift depression and drive away weariness. No medicine so successful as Dr. Hamilton's Pills. Sold everywhere in 25c. boxes, with yellow cover; get the genuine.

Y.M.C.A. FREE FROM DEBT

Reports at Annual Meeting Show Good Work—Debt Wiped Off—Officers Elected.

The annual meeting of the Y. M. C. A. was held last night in the association building, J. Hunter White presiding. Reports were presented for the different branches of the organization, and in every case encouraging progress was shown. Officers for the ensuing year were elected.

The president in an interesting address referred to the fact that a new staff had been secured for the various activities of the association and that there had been a general extension of the work from both the local and maritime points of view. An important feature, he pointed out, had been the opening up of the Y. M. C. A. building for the use of various organizations acting in sympathy with the work in hand.

The financial statement submitted by Frank C. Smith showed that although a deficit of \$4,000 had been shown at the end of the last annual audit, there are no debts now subsisting. A friend, who does not wish his name to be made known, gave \$2,000 towards liquidating the debt. Increases in revenue were shown by the report to have accrued from membership receipts, dormitories and in the various departments.

The membership report was presented by F. A. Dykeman. It showed that there is a paid up membership of 600, more than 800 members having been enrolled during the year. The chairman of the property committee, F. Nell Brodie, in his report, referred to the fact that the association building is much in need of repair, and that in order to carry on efficiently the work these repairs should be made as early as possible.

F. deL. Clements, chairman of the house committee, reported that during the year the dormitories had been well filled. The receipts from this source had amounted to \$523 beyond the sum received during the previous year. Seventy men had occupied the rooms constantly and about forty transients had also been accommodated.

Harry McFarlane, in reporting for the social committee, showed that much activity had prevailed in the entertainment of both members and visitors. Dinners, receptions, suppers and banquets had been held.

The report on the work done in the boys' division, read by Mr. Legge, showed that much good work had been done in this department. It pointed out that during the year there had been an average of fourteen Bible classes, with an enrolment of about 150 boys. In the National Bible study examinations thirty-seven boys had passed. There had been twenty-six Sunday meetings with a total attendance of 876. One hundred young men had made a statement of purpose calling for clean sport, clean speech and clean habits. Nineteen hikes had taken place during the season, the total attendance having been 375. Fireside talks had taken place with an average of fifty-two boys at each talk.

In the school for employed boys twelve were on the roll. The first aid class, under supervision of Dr. Macdonald, had done well, twenty-two students being in receipt of instruction. There had been socials and banquets with a total attendance of 1,600 boys. The report further showed that an average of thirty-eight school boys and seventeen business boys used the rooms each day during the year.

For the religious work committee the report given by Charles Robinson showed that weekly prayer had been consistently observed, and that real interest had been taken in this branch of the work of the association. The report of Mr. Bonk on behalf of the physical department gave interesting particulars of the progress made in athletics and general physical development. E. S. Peacock gave particulars of the billiard, ping-pong and checker tournaments, of which had provided wholesome competition. After a vote of thanks had been unanimously passed to the Ladies' Auxiliary, of which Mrs. H. Climo is president, for the good and painstaking work that had been a feature of the work of the auxiliary throughout the year, the meeting proceeded to elect officers, the result being as follows:

President, J. Hunter White. **Directors,** W. H. White, H. A. Porter, F. deL. Clements, James Henderson, H. W. Rising.

DIED.

SANDALL—In this city, on the 11th inst., Margaret A., widow of William Sandall.

DALY—At her home, Fairview, St. Martins, on May 9th, Mary, widow of the late Michael Daly, in the 66th year of her age, leaving two sons, two sisters, and five brothers, as well as a large circle of friends to mourn their loss.

SHARP—Suddenly, on the 10th inst., at Ten Eyck Hall, 121 Union street, this city, John W. Sharp, aged sixty-nine years, leaving his wife, one brother and one sister to mourn.

Service will be held at Ten Eyck Hall on Wednesday evening at eight o'clock. Interment at Springfield, Kings County, on Thursday. Train leaves at 7.10 a. m., Thursday.

PERSONAL.

Mrs. A. E. Macaulay leaves this morning on a trip to Boston, Hartford and New York.

Charged with Assault.
Shortly after five o'clock yesterday afternoon Samuel Lewis was arrested by Patrolman Ross on the charge of assaulting and beating Mary Connell on May 1st.

Another One.
Martin Bowes, a brother of the turnkey, Frank Bowes, of the county jail, was yesterday sworn in as a patrolman on the local police force and went on duty for the first time last night.

REQUIRE MORE SEWERAGE FOR PARISH OF LANCASTER

Councillors O'Brien, Golding and Bryant Improving Sewerage and Lighting Systems of the Parish—Grants for Morgue and Children's Aid Society.

Business of a routine nature was transacted at the meeting of the municipal council yesterday afternoon. Councillor O'Brien endeavored to have a resolution passed sanctioning the issuance of bonds for \$8,000 to cover the construction of a sewer to serve City Line, Clifton street and Woodworth Road, Lancaster, but it was decided to have a special meeting later to consider this matter.

The chief item discussed was the payment of money to the assessors of Lancaster and St. Martins. These items appeared in the accounts recommended for payment by the finance committee but the county secretary pointed out that the law concerning the payment of the assessors had not been carried out and it was decided not to pay the accounts till work had been completed.

The sum of \$2,000 was voted for the erection of a morgue and the warden and secretary were empowered to try and find \$1,500 to pay over to the Children's Aid Society.

Those present were Warden McLellan, Councillors Frink, Russell, Dean, O'Brien, Golding, Bryant, Carson, Shillington, Thompson, Stephenson, Smith, Black and Howard with the county secretary. The minutes of the last meeting were read and approved.

The bills were recommended for payment by the finance committee. Two items, assessors of Lancaster \$330.80 and assessors of St. Martins \$178.82, had not been recommended by the committee but had been added to the list. Councillor Frink protested against the payment of these arrears in taxes were not filed with the county secretary. He thought to pass the bills now would be illegal. Councillor O'Brien thought the matter of unpaid taxes was for the tax collectors to report upon. The assessors would have to devote much time in finding out the boundaries of the property in arrears as required by the act. He felt that the assessors would finish their work, whatever it was, even after the money had been paid.

Councillor Dean pointed out that only two parishes had not complied with the law. He thought it would be a good thing if the record of those in arrears were filed with the county secretary.

In answer to Councillor Golding, the county secretary said that last year the assessors from St. Martins and Musquash had been paid before the papers had been filed but there had been so much trouble that he would not take the responsibility of paying this year without an order of the council.

Bills Ordered Paid

It was finally decided to pay the bills recommended as follows:
W. F. Roberts, M. D. \$224.40
W. F. Roberts, M. D. 4.00
W. F. Roberts, M. D. 39.00
The Standard 30.00
The Times 31.35
The Telegraph 31.35
J. H. Allingham, M. D. 4.00
Sweeney & Ferris 3.60
Barnes & Co. 42.10
Barnes & Co. 2.70
The Standard 2.00
J. & A. McMillan 7.75
John Salmon 30.78
County Treasurer 7.50
John Magee 3.00
Elliott Fisher & Co. 4.43
A. Heans 43.42
United Typewriter Co. 9.00
J. & A. McMillan 3.25
W. H. Thorne & Co. 3.45
H. P. Idolls 5.50
W. A. Reed 8.00
Dept. of Public Works 2.00
Valuators' expenses to Fredericton 47.25

It was also decided to pay to the assessors of the several parishes their fees upon the work of the W. M. S., the Sunday school and the Y. P. S. were very satisfactory.

Miss Bond, for the house committee, also made a good report. It was shown that the financial standing is in good shape, more money having been forthcoming during the past year than for some years previously. There were eleven baptisms and six persons were admitted to church membership by letter.

The officers for the ensuing year are as follows: Treasurer, James Patterson; superintendent of Sunday school, J. W. Mott; Sunday school secretary, H. J. Smith; assistant S. S. secretary, C. H. Coggin; librarian, J. S. Smith. Refreshments were served during the evening.

FUNERALS.

The funeral of James E. Earle took place yesterday afternoon from his late residence, 116 St. Patrick street, where services were conducted at 2 o'clock. From the house the remains were conveyed to Trinity Church, where services were conducted at 2.30 o'clock. Rev. Ralph Sherman officiated. Many friends attended the service and a large number of floral tributes were received. The interment was in Fernhill cemetery.

The funeral of Mrs. Mary Stratten-Kane took place yesterday afternoon at 2.30 o'clock from her late residence 17 Simonds street. The services were conducted by Rev. G. Cotton and Rev. J. J. McCaskill. The interment was in Fernhill cemetery.

The funeral of Mrs. Fred T. Coles took place yesterday afternoon from her late residence at Red Head. The remains were laid to rest in Fernhill cemetery.

Two Grants.
The warden asked that something be done in reference to the grant

ENGINE OVER EMBANKMENT INTO STREAM

Engineer and driver carried down with locomotive, at Quisibis, but escaped injury.

Special to The Standard.

Hartland, N. B., May 11.—Facts are leaking out in connection with an accident which happened Saturday on the C.P.R. at a place called Quisibis about 30 miles this side of Edmundston. A freight train about to cross a small bridge there was suddenly arrested in its course by the engine leaving the rails and going over into the stream, the abutments of the bridge evidently having been undermined by the freshet. Driver McCluskey and his fireman went over with their engine but luckily neither was very badly hurt. A wrecking train went up to the scene of the accident on Sunday morning to repair the damage and raise the engine out of the ditch. Monday's down express was diverted over the N. T. R. and was an hour late arriving here as a result of the run off, but the road is now clear and traffic goes on as usual.

Driver McCluskey has had many narrow escapes while on the road. In the Grand Falls accident about twelve years ago, when the train went through the bridge, McCluskey was at the throttle of his engine and was submerged under it for some minutes before he was able to extricate himself. He escaped practically unhurt.

CHARLOTTE COUNTY CONVENTION

St. Stephen, N. B., May 11.—The executive of the Liberal-Conservative party in Charlotte County met in St. Stephen this evening and decided to hold a party convention in St. Stephen on Wednesday, May 19. The meeting was an enthusiastic one and was well attended.

This Leaves the Skin Free from Hairy Growths

(Toilet Talks.)
A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered delatone and water, spread on hairy surface and after about 2 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get delatone.

WHAT DYSPETICS SHOULD EAT

A PHYSICIAN'S ADVICE
"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisurated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal, take some of the bisurated magnesia as directed above, and see if I'm not right."

From the golden wheat berry to the clean new bag or barrel your own white hands are the first that touch FIVE ROSES none other is pure enough for you.
