# The Gold Dust Twins' Philosophy

NOW you have often said—"Oh dear, I dread when eating time comes near. It's not so much the cooking, grub, but cleaning after."—there's the "rub." Each kitchen holds a mass of work, no tidy little wife should shrink.

The kitchen floor, the kitchen sink, the kitchen pots as black as ink, the kitchen kettles and the pans, the silver, glass and cups and cans; wherever you may look, the toil means more than any kitchen toil. To just "prepare" a meal is "fun," but work, with THAT is scarce "begin."

If those who stay up days and nights to vote the cause of "Women's Rights" would only vote the GOLD DUST PLAN they soon would have the best of man. More time for comfort and for smiles; more time to play a woman's wiles, for once the GOLD DUST TWINS appear, Hard Labor's cry you never hear; frail woman is a queenly soul who plays the "Take-it-Easy" role. Each GOLD DUST package sets her free by bearing out its guarantee, and never more those household woes that every weary woman knows. File up the dishes as you will, the GOLD DUST TWINS will clean 'em still. Old floors and woodwork sinks and pans, turn out as Master Cleaner Plans. From sun to sun, and chore to chore, your tasks will fret you no more.

The Gold Dust Twins

# FUNERALS.

The funeral services of Mrs. Alice M. MacKinnon were conducted yesterday afternoon at half past four at her late residence, 5 Celebration street. Rev. W. H. Barracough was the officiating clergyman. The remains were removed to the C. P. R. train for conveyance to Montreal, where interment will take place.

The funeral services of Mrs. Sarah A. Worden were conducted Wednesday

day night at nine o'clock at her late residence, 81 Dorchester street, by Rev. Wellington Camp and Rev. F. H. Wentworth. The remains were taken yesterday morning to Cambridge, Queens County, for interment.

Busy at St. Stephen.

With orders for \$50,000 worth of their goods on hand, the Clark Bros. shoe factory is running much at night in an effort to fill these demands before the first of May. Ten cases are being turned out daily. Over eighty hands are employed and the payroll last week amounted to nearly \$1,000. The demand for their excellent goods is steadily increasing and the market constantly widening. A prosperous year is assured the firm and its employees.—Courier.

# PRISONER WAS BROUGHT IN ON MOTOR CYCLE

County Policeman Saunders conveyed man to jail at fast clip.

A few days ago Bernard Barry, an aged man, escaped from the chain gang while the prisoners were working at Mount Pleasant. The guards were unable to find him and it was not expected that Barry would be seen in the city for some time. The escaped prisoner did not go far, however, for yesterday afternoon county policeman J. H. Saunders found Barry on the Loch Lomond Road and placed him under arrest. There is no patrol wagon for the use of the county cop and Policeman Saunders was in a quandary for a short time, but soon found a plan to land his man in jail in quick time, and save the county the expense of paying for a horse and carriage. The county officer patrols the different sections on a motor cycle and he had the machine with him yesterday when he came up with Barry. It only took a few moments to get Barry seated comfortably on the rear seat and then the journey commenced. The uniformed officer with the old man hanging on behind his motor cycle proved an object of much interest to hundreds of persons on the sidewalks.

As the county motor patrol swung into King street east, and finally came to a stop in front of the jail Barry alighted, his limbs were rather stiff after taking what he did not term a "joy ride" and he might have been seen to draw one long breath of relief. It cannot be said that he was happy to return to a room behind the bars, but if interviewed, and he told the truth, he would undoubtedly say that he was glad to have the chance of dismounting from the cycle of his own accord, and to land in the safe and sure. There is a law that states that any person who escapes as Barry did from the chain gang, is liable to a term of two years in the Dorchester penitentiary.

There is no possibility of any firm continuing in business and selling the quality of "Salada" for less money. You can get "Salada" Brown Label from your grocer at 35c. a pound, Blue Label at 40c. and Red Label at 55c. a pound, and these teas are from the choicest gardens in the island of Ceylon. All "Salada" teas are clean, pure and free from dust which so many other teas are loaded with to reduce their cost.

# Fire in County

The dry weather during the past few days has been responsible for a number of grass fires not only in the city but in the county districts and some of the fires in the county have developed to dangerous proportions. Yesterday afternoon there was a serious grass fire off the Golden Grove Road. The fire was eating its way quite rapidly towards the property owned by Harry Sinclair when County Policeman Saunders and Warden McLean put in an appearance. The two officials worked for about four hours fighting the fire and after their hard task managed to beat out the flames, and it is said that it was only through their efforts that the Sinclair property was saved.

# Destroying Property

Shortly after midnight Patrolmen Cowan and Spiney of the western division arrested John B. Smythe on Rodney street and charged him with the wilful destruction of property. Smythe is the third officer on the steamer Tor Head and last night he pulled the barber pole from its fastenings on Cameron's barber shop, and throwing the pole to the street, broke it.

# Is 83 Years Old And Her Heart Does Not Bother Her.

Thanks to MILBURN'S Heart and Nerve Pills.

Mrs. J. McLaren, Commanda, Ont., writes us under date of February 9th, 1914. "Sixteen years ago I took bad with my heart and nerves, and was not able to do anything. I tried a good many doctors, but they did me no good; in fact one doctor gave me up to die. I heard about Milburn's Heart and Nerve Pills, and I thought I would give them a trial, and after using a couple of boxes I saw that I was improving. I kept on using them for quite a long time. I am eighty-three years old and my heart does not bother me at all."

"I am raising a little girl who was never very strong, and the doctor said that she had palpitation of the heart, so I started to give them to her. She is now twelve years old, and they are doing her more good than I can possibly tell you. I would advise anyone who has a weak heart to try Milburn's Heart and Nerve Pills, as they have done wonders for us."

Price, 50 cents per box, 3 boxes for \$1.25; for sale at all dealers, or mailed direct on receipt price by The T. Milburn Co., Limited, Toronto, Ont.

# COSTS \$3,000,000 PER MONTH TO FEED DESTITUTE FRENCH

Two and a half Millions who are behind the German lines will hereafter receive relief through the American Belgian Commission—There has been a great deal of suffering.

London, March 25, 7.45 p. m.—Herbert C. Hoover, chairman of the American Commission for Relief in Belgium, who returned to London from Paris today, announced that the negotiations for feeding 2,500,000 French civilians who are behind the German lines have been completed. The arrangements were settled between Mr. Hoover and French delegates from the north, whom the Germans permitted to journey to Paris by way of Switzerland to attend the conference.

For the past two months the commission has been reluctantly extending the distribution of relief farther and farther southwards from the Belgium frontier into France and for the past month has been feeding over 500,000 French persons between Maubeuge and Sedan.

In anticipation that arrangements would be made which would meet with the approval of all parties the commission already had purchased additional supplies. These are now arriving in Rotterdam, and the people of Lille, Cambrai and other cities in this part of France will be relieved within the next few days. The condition of these people—chiefly women and children, is desperate. Old age and infant mortality has increased with extraordinary rapidity under the very restricted supply and the coarse character of the food available.

"The French government," said Mr. Hoover, "was unable to come to the assistance of these unfortunate people, so the commission arranged a series of banking credits on behalf of the various communal authorities which are cut off from the rest of the country by the German army. The French delegates estimate that in addition to such stores as still remain, they can keep their people alive on a ration of 6 1/2 ounces of flour, one ounce of

beans, one ounce of rice and one ounce of bacon per day, together with a sufficient supply of condensed milk and cocoa for extremely young children.

"The total cost is estimated at from \$2,500,000 to \$3,000,000 per month and the commission is now in a position to state that it can see its way clear to carry on this work for the next two months. The work of distribution in northern France will be accomplished by an extension of the organization already existing in Belgium.

"The commission is establishing four principal warehouses at provincial centres, from which the foodstuffs will be distributed to arrondissement warehouses and the system operated as in Belgium, the warehouses and transportation being under the supervision and control of American members of the commission and the financial measures under a French commission.

"The German government has given the necessary support to the work and there is no lack of benevolence among the French in their desire to assist their own people. The commission does not intend to appeal to the world for help in this French problem, but feels confident that it can carry the load by means of the machinery which has just been set up.

"The direction of the whole organization in Belgium and France remains under the control of Thomas Connell, former manager of the Brussels Street Railway. G. Pinchot has joined the commission as a member and will take charge of one of the sections around Lille. With the conclusion of this arrangement regarding France between 900,000 and 1,000,000 persons will become dependent upon the American commission for their daily bread."

# OBITUARY.

John Russell.

Newcastle, March 24.—The death of John Russell, of Lower Derby, who had resided the last few months in Moncton, took place on the 20th, at the age of 80 years. He was a much respected member of the Baptist church of Lower Derby. Mrs. Russell died last September. He is survived by the following children: Wm. Ames, Charles Burrell of Calgary, and Miss Helen at home. Charles F. of the ammunition column at Fredericton, and Arthur A. of the artillery corps at Halifax, are the brothers.

# Scott Act Case Adjudged.

F. R. Taylor, K. C., arrived home from Fredericton last evening. He was to have acted as counsel for the Dominion Express Co. in the case laid

# GERMAN KULTUR SHOWS AGAIN

Police order Berlin shops to "abate the evil" of signs in Allies' languages.

Berlin, March 25 (Via London).—The chief of police has issued a notice to all the Berlin precincts calling attention to the fact that trade marks, signs and inscriptions in English, Russian and French still remain on shop doors in Berlin, and ordering that all precincts report not later than April 20, that steps have been taken to "abate the evil."

"Wide circles of the inhabitants," says the order, "feel that their patriotic sentiments are injured by the regrettable lack of national consciousness evidenced by these conditions."

# SUPPER AND CONCERT IN ST. MATTHEW'S CHURCH

In St. Matthew's Presbyterian church a patriotic concert was held, preceded by a supper. Mr. S. E. Logan presided and the attendance was gratifyingly large. Supper was served from six to eight o'clock at which latter hour the following concert program was begun:

# WASHING WON'T RID HEAD OF DANDRUFF

Dissolve It. That's Best Way.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.
