ploy of the C. P. R.

Obituary

Mrs. Emma K. Hall.
The death of Mrs. Emma K. Hall,
widow of Thomas Hall, occurred at the
residence of her daughter, Mrs. Ho-
land Skinner, 194 Duke street, early
yesterday morning. Death was due to
heart trouble. She is survived by four
daughters and three sons. The sons
are Charles of Fredericton, Wendell
of Inglewood, California; Thomas and
Frank of New York; and by four
daughters, Mrs. J. R. Moore of Ro-
gers, N. H.; Mrs. George Schmitt and
Mrs. O. Benner of New York, and
Mrs. Skinner of this city. The funeral
will be held today from the residence
of Mrs. Skinner.

Mrs. William MacCollom.
The death of Mrs. William MacCol-
lom occurred at her home at East-
mount Sunday afternoon. She was the
widow of William MacCollom, who
passed away on May 12. She was 70
years of age. She is survived by three
daughters and three sons. The sons
are John H. of Fredericton, Ernest of
Halifax, and William at home. The
daughters are Mrs. J. S. Thompson of
this city, Mrs. Morrill of Eastmount,
and Miss Sarah at home. The funeral
will be held this afternoon at 2.30
from her late residence, Eastmount.

Alice Elizabeth Boddington.
After Elizabeth Boddington, daugh-
ter of Mrs. Belle Boddington, died yester-
day at her home, 24 Protection
street, West Side, after an illness of
only a few days. She leaves her mother,
three brothers and one sister to
mourn. The deceased girl was the
daughter of Arthur J. Boddington who
lost his life in an accident at Sack-
Point. The funeral will be held to-
day (Tuesday) at 10.30 o'clock from
her late home.

Antoinette S. Morse.
Antoinette Saunders Morse, wife of
the Rev. A. Osgood Morse, Editor of
The Maritime Baptist, passed away at
her residence, 110 Victoria street,
last evening at 6 o'clock, aged fifty-
three years. Mrs. Morse had been suf-
fering from cancer for some two years
and although she had been confined to
her bed for some weeks the end was
not expected so soon. When Mrs.
Morse came to St. John in June last
to assume his duties as Editor of
The Maritime Baptist, Mrs. Morse was
in Boston undergoing treatment from
which it was hoped relief might be
had. About July last she joined her
husband and family in St. John
when it was seen that the hope of
relief was in vain. She steadily de-
clined until the end came peacefully
as she slept last evening. Mrs. Morse
was a woman of very kindly disposi-
tion, one of the quiet, affectionate
home makers and had many friends
wherever she was known. She was a
native of H-brown, N. S. Beside her
husband, who leaves a wife and three
children, she leaves a daughter and
one son. A sister and two brothers
residing in Stoneham, Mass., also
survive. The remains will be taken to
Lawrencetown, N. S., for burial, leav-
ing St. John on Wednesday morning.

Gloucester County Conservatives Have Strong Organization

Entire Polling Districts to be Covered by Speakers—County Swings to Meighen.

Special to The Standard.
Bathurst, N. B., Nov. 14.—A very active Conservative organization is being effected this week in every parish of the county, and a schedule of meetings is also being arranged which will cover the entire polling division of this electoral district. Mr. DeGrice, the candidate, is addressing meetings this week on the islands of Shippeagan and Miscou, which will be later visited by other speakers who are assisting Mr. DeGrice. The Conservative candidate is receiving assurances of support from many former Liberals and the fact that he belongs to the lower end of the county, which contains the larger proportion of the voters, greatly enhances the success of his election on Dec. 6 next. The central committee rooms have been opened over the Bathurst Lumber Company's offices and is in charge of James J. McMahon. It is expected that meetings will also be held in support of Mr. DeGrice at places in this section of the county which, apparently, is swinging strongly in line with sentiments so universally expressed in favor of the Meighen administration. It is now beyond question that the battle will be warm in Gloucester throughout the rest of the campaigning period. The organizations which so successfully carried the Conservative candidates to victory at the last municipal elections are being used with reinforcements to support Mr. DeGrice, the government candidate. J. L. Ryan and J. Bennett Hachey are announced as speakers at meetings to be held on Tuesday, Wednesday and Thursday evenings at South and East Bathurst and West Bathurst cross roads.

Bluff Officials of Bank, Gets Away With Big Sum

Hamburg, Nov. 14.—A civilian im-
itator of the noted captain of Copen-
hagen—the tailor who looted the munici-
pal treasury of that town with the aid
of officers in uniform and a squad
of soldiers whom he met on the road—
has duplicated the tailor's feat in a
Hamburg banking house.

He presented forged credentials as
an official in the ministry of finance
and declared all the current cash ac-
counted pending an investigation of
charges that the firm had indulged in
illegal speculative dealings, and de-
parted with 800,000 marks. Police are
able to find no trace of him.

WHY WEAK NERVES AND THIN BLOOD

CAUSE SUCH GREAT PHYSICAL WEAKNESS AND MAKE YOU EASY PREY TO A MULTITUDE OF DANGEROUS DISEASES.

Every human being is born with a cer-
tain quantity of "nerve force"—some
with more than others. Your body normally makes or gener-
ates nerve force only about so fast, and
if through overwork, worry, constant
nervous strain or other excesses, you use
up your nerve force faster than your
body makes new nerve force, then your
nerve power becomes weakened, and as
a consequence your blood may become thin,
pale, and watery, and you become feeble,
nervous, and irritable. In such a state you may
not only suffer terrible tortures from a mul-
titude of alarming symptoms, but in your
greatly weakened condition you are an easy
prey for the multitude of dangerous germ
with which you must come in almost daily
contact, and you may therefore easily con-
tract some dangerous or even fatal disease.
In cases of nerve force exhaustion in which
your nerve and brain cells are starving for
want of a sufficient supply of nerve force or
nerve cells, the brain cells are starving for
want of time taking more stimulating medi-
cine than they can assimilate. The nerve
cells must have nerve force to build fresh
supply new nerve force for the same as a
starving person must have food to build
new tissue. For centuries science has
searched for a nerve tonic, but in vain. The
principal chemical constituent of active
nerve force is in a form which most nearly
resembles that in the brain and nerve cells
of man. This remarkable product is today con-
tained in Nuxated Iron so that you may now
easily obtain the nerve force which is so
essential to your health. Nuxated Iron is a
natural product, and it contains no
poisonous drugs. It is the iron in your blood
and the iron in your brain, and it is the
iron in your nerve cells. Organic iron
carries the blood and plenty of rich red
blood means more nerve force. Nuxated
Iron not only directly supplies the nerve
cells with the iron which they need, but
also stimulates the blood to manufacture a
greater supply of nerve force. In fact, the
manufacturers guarantee satisfaction or
your money back. Nuxated Iron is for sale by all druggists.

Curtis Steeves Sent Up For Trial On Serious Charge

Alleged to Have Had Carnal Knowledge of Girl Under Age of Consent.

Special to The Standard.
Woodstock, N. B., Nov. 14.—Curtis
Steeves, 22 years of age, said to be
the son of Gains Steeves, of Elgin,
Albert county, recently acquitted on
the charge of murder, who was ar-
rested near Centerville on Saturday
appeared before Police Magistrate
Comben this afternoon charged with
having carnal knowledge of a girl un-
der the age of consent, and was sent
up for trial at the next court. The
witnesses heard were Edison Stairs,
father of the girl, who is eight years
of age; Dr. Field, of Centerville; Dr.
Griffin, of Woodstock, and Sheriff
Porter.

ROYAL YEAST CAKES

— Product of Canada —

It was known many years ago that yeast
is an excellent thing for the many ills that
result from disordered stomach or run down
blood condition. Lately eminent scientists
have been investigating the matter thor-
oughly and their conclusions point to the
fact that the beneficial effect of yeast has
not been overrated. The yeast treatment is very
simple and economical - and altogether
harmless.

Before each meal eat a Royal Yeast Cake,
or take a cake dissolved in water or fruit
juices. The scientific investigators say that
the curative elements in Royal Yeast are
the vitamins and nuclein which it con-
tains. It is certainly well worth a fair trial by
those who suffer from any of the ailments
mentioned above.

Salvage Mystery Sloop In Kennebec

Thought to Have Been Abandoned by Rum Runners When Pressed by Officials.

Bath, Nov. 14.—The mystery sloop
which has been submerged in the
Kennebec river just north of the Bath
Box, Company's plant for the past
two years has been raised by Alton
L. Wright and Lewis E. Spicer.

The original owners of the sloop
disappeared and a story was circu-
lated around the south end that the
owners were rum runners and used
the craft off the Maine coast until
Federal authorities got on their trail
and were hot after the sloop. Know-
ing they were in danger of capture,
they ran up the Kennebec and sank
the sloop where it was found by
Messrs. Wright and Spicer. Whether
this was true is a part of the mystery.

These young men had quite a job
on their hands in raising the craft.
They used a big discarded mast for
lifting first, setting lines under the
sloop and making the ends fast to
the mast on low tide and using two
scoops also. The raising tide lifted
the craft from her cradle of mud and
at high tide the men eased the sloop
to the mudbank nearby and on the
next low tide made an examination
of her. No there was not a bottle
of liquor aboard. The principal car-
go was masts and there were some of
it.

The young men have now cleaned
the mud out and fast getting the
sloop on a craft serviceable again.
They found numerous holes bored in
the bottom and making the craft and
they have plugged.

The craft, when ready for com-
mission again, will be a valuable asset
to the two salvagers. Should the
original owners turn up, which is not
thought likely, they will find that the
cost of salvaging will be a big item.

Thanked For Paving Prince Edward Street

Paving Programme for Next Year Discussed—Survey of Millidgeville Rd. Ordered.

The city fathers received quite a
shock, of a pleasant nature however,
when a delegation of property owners
on Prince Edward street appeared and
appeared before Police Magistrate
Comben this afternoon charged with
having carnal knowledge of a girl un-
der the age of consent, and was sent
up for trial at the next court. The
witnesses heard were Edison Stairs,
father of the girl, who is eight years
of age; Dr. Field, of Centerville; Dr.
Griffin, of Woodstock, and Sheriff
Porter.

Commissioner Frink said he was
considering the paving of Prince Wil-
liam street, from King to Princess;
Market Square, Haymarket Square,
Princess and Duke streets next year.
In connection with his proposition
to extend the streets in the Millidge-
ville avenue section, Commissioner
Frink moved the road engineer be
instructed to make a survey of the
Millidgeville road between Spar Cove
road and the Board's Head road, and
this carried.

Commissioner Bullock asked if the
Commissioner of Public Works would
consider the removal of a large shoul-
der of stone at the head of Rodney
street on the West Side.

Commissioner Frink said the de-
partment had a crusher there last year
and there were so many complaints
that the opportunity to remove it to
Millidgeville road was taken advan-
tage of. He said he would bring in a
report.

Alleged Attempt to Bomb Building Frustrated by Scotland Yard

London, Nov. 14.—A tip was receiv-
ed by Scotland Yard last night that
an attempt was to be made to place
a bomb on the premises of the Amer-
ican consulate in Cavendish Square. A
special guard was thrown around the
residence all night, augmented by a
force of constables and special agents
who prevented the success of the plot.
Information as to the intention of the
communists is understood to have
been obtained by Scotland Yard in
espionage work upon radicals here.

The bomb plot, like that at Paris
had for its aim a campaign of terror-
ism to bring about the liberation of
Sacco and Vanzetti, the two commu-
nists under sentence of death in Mass.
achieved. Although the information
in the hands of the police did not im-
plicate if any similar effort was to be
made against the embassy the guard
there also was increased. So far as
can be learned there was no attempt
at last night's demonstration to cause
any loss of life as the consulate is
nearly always deserted after dark ex-
cept by the caretakers.

Robert P. Skinner, the consul gen-
eral, has received numerous threaten-
ing letters apparently from Commu-
nists in regard to Sacco and Vanzetti.
He personally has taken no special
precautions and spent last night at
his home a mile or two from the con-
sulate. Members of the consulate staff
have done some work themselves in
investigating the activities of Commu-
nists in England but so far have not
run down anything of serious charac-
ter.

British officials believe, however,
that the heavy guard last night pre-
vented what might have been a ser-
ious incident and have not yet relax-
ed their vigilance. A previous effort
of Communists to hold a public de-
monstration before the consulate and
embassy it will be remembered, was
spoiled by a heavy rain.

near the company's offices in East Jef-
ferson avenue, and escaped with a
satchel containing \$4,700. The money
was being taken to a nearby bank.

NIGHT COUGHS

Terribly wearing on the system is
the cough that comes at night and
prevents sleep.

The constant coughing keeps the
lungs and bronchial tubes in such an
irritated and inflamed condition that
they get no chance to heal.
You will find in

DR. WOOD'S
NORWAY PINE SYRUP
a remedy without an equal for soothe-
ing the lungs, loosening the phlegm,
strengthening the breathing organs
and fortifying them against serious
pulmonary diseases.

Mrs. John McKernan, Lower Mon-
tague, P. E. I. writes:—"About three
years ago I caught a very bad cold
accompanied with a sore throat and
hoarseness, and was so hoarse you
could hardly hear me speak. I could
get no rest at night with the terrible
coughing, hacking cough. I tried
several remedies, but they did me no
good. Finally I saw Dr. Wood's Nor-
way Pine Syrup advertised; got a
bottle, and at once it gave me relief,
and after using four my cough had
all gone. Now I always keep 'Dr.
Wood's' in the house, and shall re-

Earl's Sister Is A Dairy Farmer

Lady Victoria Murray Turns Hobby Into Profitable Business.

An earl's sister who took up farm-
ing as a hobby eventually found it
could be turned into a business. She
developed it on thoroughly practical
lines, and now it is proving a great
success.

She is Lady Victoria Murray, the
Earl of Dunmore's sister, and the
owner of 300 acres in the Whiteley
Hill, near Macleodfield, Cheshire.

Lady Victoria has a herd of 110
Shorthorn and Friesian dairy cattle,
and has despatched by motor and
train some 40,000 gallons of milk dur-
ing the year.

From the model poultry farm, 160,
000 eggs have been shipped to mar-
ket besides large quantities of dressed
poultry.

As a purchaser of store cattle,
Lady Victoria shows excellent judg-
ment, and is the possessor of some
notable pedigree stock.
