Local Notes

Mr. T. Back of Ottawa was a visitor in Athens on Sunday.

Nearly all the early spring birds have returned to this section.

If you are making good maple syrup it will pay you to label your cans.

Mrs. E. McLean, Church street, returned home last week after an absence of two months.

Mr. John R. Tye, recently organizer for the L. O. A., is now assisting Mr. W. T. Earl in his grocery.

Mrs. James Kilborn has returned to Athens from Seely's Bay where she has spent the winter with friends.

Sidney Pointer the great racing colt owned by Moffat of Kempsville was sold last week to Mr. McLean of Ottawa, for the sum of \$6,750.

The C. O. C. F. has a membership of 18,233, an increase of 3,000 for the past year. Its surplus is \$208,047.31, an increase for the year of \$44,000.

Mr. T. S. Kendrick has spent the last few days in Montreal, purchasing a stock of goods, which he will open out in a few days in the Taplin store.

Rev. W. K. Shortt, M. A., of Addison, preached two fine sermons in the Methodist church on Sunday last, in connection with the educational fund of the church.

The roads are rapidly approaching that condition when there is neither sleighing or wheeling. Lots of snow in places and bare ground in others is getting to be the rule on all the roads.

The Reporter supplies a very attractive maple syrup label, giving name and address of the maker, at \$1 per hundred. These labels have been profitably used for several years by many leading syrup makers.

The long deferred tank for fire-protection is now about to be put in near the intersection of Elgin and Wiltsie streets. The cedar has already been purchased and a start will be made as soon as the frost is out of the ground.

There was a good attendance at the sugar social held by the Epworth League on Tuesday evening. The members of the League, as usual, proved themselves good entertainers and all present thoroughly enjoyed the evening.

On Saturday last Gananoque high school was badly damaged by fire, and narrowly escaped total destruction. There was no one in the building at the time, and the fire is supposed to be due to an explosion of chemicals. The damage to building and equipment will probably be about \$2,000, not including the books and personal property of the students.

Mr. J. H. McLaughlin returned last week from a trip to Sault Ste. Marie and intermediate C.P.R. towns. He was successful in introducing the McLaughlin Asphalt Roof Paint and Perfection Cement Roofing, and has opened a trade with a large number of prominent builders and contractors that promises well.

Orders for syrup labels placed at the Reporter office will be filled the same day as received. An increasingly large number of first class makers are distinguishing their product by labeling each can, which is a guarantee that it pays to enable purchasers to tell who makes the syrup that suits their taste.

In the absence of a label, buyers are liable to get a grade of syrup that will effectually destroy their appetite for this most wholesome sweet. Good goods, properly labeled, increases the number of consumers and brings trade directly to the producer, thus increasing the profits.

Dress-making apprentices wanted - Miss BEERS.

Butter sold at 22c in Brockville on Saturday.

Mr. Geo. Robinson and family have returned to Merrickville for the summer.

Miss Loverin is visiting friends in Brockville, the guest of Mrs. Powell, Sherwood st.

Miss Mary Reynolds of Westport was in Athens last week, the guest of Mrs. M. A. Everts.

Mr. W. G. Lee of Glossville has sold his big horses and is now training a fine span of colts.

Cash paid for cow hides, deacon skins and sheep pelts at Wilson and Son's meat market, Main street. 2m

Miss Addie Hanna will hold her spring millinery opening at her residence, Elgin street, Athens, on Saturday next, 7th inst.

The first syrup of the season sold in Athens last week at 25c per quart. We have been favored with a few days of extra fine sugar weather and a large harvest of the saccharine juice is being gathered.

The store of Mr. H. H. Arnold is especially attractive these days, spring goods being everywhere displayed, and their novelty, beauty and utility, combined with low prices, make investigation or buying a pleasure.

The ice in Charleston lake is reported to be unusually thick for the beginning of April. Last spring the ice remained until the 24th inst., when it broke up and disappeared in one night, without any "shoving".

The Ontario Educational Association will meet in Toronto, April 17th, 18th and 19th. It embraces representatives from all departments of educational work, including college professors and high and public school trustees.

The windows in the several stores about the town are taking on a pleasing appearance. The arrival of spring goods has commenced and some very pretty things are to be seen. A trip to the stores at this time does one good.

The Easter rates over the G. T. R. and C. P. R. are at single first-class fare, good to go from April 12 to 16, both days inclusive, and return April 17th. Teachers and students are allowed from April 6th to 14th, returning 24th, at single fare and a third.

Mr. Wealey Moore of Addison met with a painful accident on Tuesday of last week. He was engaged in sawing wood with a circular saw when his left hand came in contact with the saw which severed the index finger and penetrated to the centre of the palm. He was greatly exhausted by the excessive hemorrhage, but is now doing well under the care of Dr. V. H. Moore of Brockville.

The Rev. Thomas Leeb, B. A., Trinity College, Toronto, has been appointed by the Archbishop to succeed the Rev. C. J. Young, B. A., in the missionary parish of Lansdowne. Mr. Leeb was ordained in 1893 and has labored with extraordinary success in the wildest part of the diocese in the townships of Duncannon and Montague, North Hastings.

His zeal and devotion have merited the recognition of the church authorities, and the congregations of Lansdowne are to be congratulated at the selection made by the Archbishop.

On Monday morning last Mr. Samuel Barnes was crossing the floor of the Spicer mill when one of his legs was caught by the log carriage and broken below the knee. He received prompt attention and is now reported to be doing well. Mr. Barnes has been the victim of a series of accidents. About four years ago he was seriously injured by a heavy piece of machinery falling upon him and it was at first thought that he would not recover. Last fall, he had one of his arms broken and had not long been able to use the injured member when this latest accident again lays him aside.

No Fire Protection. The damage done by fire last week to Gananoque high school would have been much more serious had it not been for the efficient work of the fire brigade. This reminds us that Athens high school is entirely without any protection from fire, and the same is true respecting the Methodist and Baptist churches and the many fine residences on Church street. One tank would protect these three buildings and a considerable area beyond; two tanks could be so placed as to protect all the buildings on the street as well as some property on Mill, Reid, Isaac, Victoria, Elgin and Joseph streets. The area that could be reached by the brigade's 500 feet of hose and efficiently protected from tanks located on the Church street elevation is so large that though the sinking of the tanks would cost considerable the relative amount to be paid by the parties benefitted would be very small. We again urge the residents of that part of the village to give this matter attention, and suggest that a meeting be called to consider ways and means of securing some benefit from the village's expenditure on fire-fighting appliances.

Call at Miss Falkner's for your new Easter bonnet.

Mr. Chas. Howe, who has spent the winter with his family in Athens, left this week on his return journey to Castleton, N. D.

"Prevention is the best medicine." You can prevent sickness and cure that tired feeling and all blood humors by taking Hood's Sarsaparilla.

The meeting announced for Saturday evening last, to consider a proposition for improving the Methodist church buildings, was postponed until this (Wednesday) evening.

The regular monthly meeting of the Woman's Missionary Society will be held at the home of Mrs. John Patterson, Reid street, on Thursday afternoon, April 5th, at three o'clock.

Miss Della Garner, after visiting many friends in the Glossville neighborhood, returned to Gouverneur on the 22nd ult., taking with her pleasant memories and the good wishes of all.

The American-gear honey-extractors (improved) and four forms and sizes of improved bee-feeders are made by Messrs. W. F. Earl and W. S. Hough. Mr. Earl takes great pains with whatever pertains to bees.

Mr. M. Heffernan, on April 2nd, while in his sugar-bush on the Washburn farm, Soperton, noticed a number of the dreaded caterpillars about an inch long. He cut a place in the 'ice' for one, in the sun, and at the end of three hours it got on a chip thrown to it and recovered. They seem to be able to endure a temperature below freezing.

The Citizens' Band is improving rapidly under the tuition of Mr. S. Manhard and are already in such form that their very popular open-air concerts will be resumed as soon as the weather permits.

Rev. R. Harvey of Frankville is making satisfactory progress towards complete recovery from his recent serious illness and announces that he will resume his pulpit work on Sabbath next by conducting service at the Redan.

A Great Sale. Mr. W. T. Earl has decided to close his business in Athens on 1st of June and in the meantime will offer his stock at such reductions as deserve the careful attention of all purchasers living within trading distance of Athens. General groceries will be sold at unprecedentedly low prices and his fine range of crockery and fancy goods will be disposed of at first cost. Call and investigate the genuine character of this clearing sale. All accounts must be paid before the 15th of May. 2i

"STRANDED" NERVES. Healthy Nerves are the Corner Stone of Good Health - Take South American Nerve - It Does Everything It Promises.

La grippe has left many "stranded" constitutions, nervous, weak, hopeless, despondent cases. South American Nerve is seeking them out - has gone to the fountain head of the trouble and is lifting many a prostrated one out of the darkness of disease into the noontide light of perfect health. A well-known Toronto lady wrote last week: "I was at death's door and South American Nerve saved me." Sold by J. P. Lamb & Son.

The People's Column. 4c's of 6 lines and under in this column. 2c for first insertion and 10c each subsequent insertion.
