EASTON'S CORNERS BOY PERFORMS IN BIG TIME HOCKEY

Harry Fleming Landed by the Pittsburgh Press.

NEWS OF THE DISTRICT

Women's Missionary Society Conducts Service in Methodist Church.

Easton's Corners, April 3.—Those who are interested in hockey will remember Harry Fleming, of Ottawa, who while here last winter visiting his aunt, Mrs. Clayton Warren, played with the locals in a game with Frankville and as a result of some heavy checking was so badly shaken up that he spent some time in a hospital. This winter he has been performing prodigies of valor for the Pittsburghs and has been proclaimed a hero many times by the Pittsburgh papers, which used large black type across the top of the sport pages and flashed his portrait about on many occasions. In a game with Toronto University, when the score was 2-2 and when the Toronto seemed to be the superiors in every way, Harry saved the day. Quoting the Pittsburgh Post: "Finally Fleming got the puck again and down the ice he went. The crowd—pretty big—was on its feet, waiting for a score. On and on came Fleming. The enthusiasm rivalled anything ever seen on a baseball diamond. The Toronto defence men came out to meet Fleming—and they met him, but not before he had lifted the puck and shot it, true as an arrow and fast as a bullet, right past the best goal tender Pittsburgh has seen this season."

Miss L. Spratt left on Thursday evening to spend her holidays at her home in Manotick.

Canadians Will Visit Gothenburg Exposition

WHAT is planned to be the greatest and most interesting exposition ever held in Scandinavia will be held in the old Swedish seaport of Gothenburg from May 8th to September 30th next. Most of those who are touring Europe this year will endeavor to include Gothenburg in their itinerary, and thousands will probably go to Sweden from all parts of the world for the specific purpose of visiting the Jubilee Exposition, which, in physical proportions and

special excursion and tourist trains will run practically every sports day from different parts of Sweden and the adjoining countries.

Everything has been most thoroughly planned and the whole community of Gothenburg is working hard to make its largest undertaking a success. Its beautiful situation on the alluring west coast archipelago is a great attraction to the town, which is full of interest and variety from an architectural point of view also. No expense has been spared by the interested individuals or the city itself, and for the purpose of gathering historical material, Baron af Ugglas and Dr. Sixten Strombom have excavated Gothenburg's two ancestral cities, Gamla Lodosse and Nya Lodosse, and have made some of the most important and interesting archaeological finds in North Europe in recent years. On the site of the ancient town of Gamla Lodosse near Gothenburg, Baron af Ugglas has uncovered a church almost as large as the present Gothenburg Cathedral, several smaller churches, city walls, a castle, private houses, armour, tools, etc., which throw considerable light on the history and culture of early Scandinavia. A model of the church and some of the armour and tools will be exhibited in the historical section of the Exposition. Dr. Strombom's excavations still continue within the limits of the city of Gothenburg, and visitors will have the opportunity of inspecting for themselves the ancient works and fortifications.

Already a large number of Canadians have booked passage on the Canadian Pacific Empress liners for Europe, and the exposition is the first thought of many of them.

variety of exhibits will be the greatest ever held north of the Baltic. The grounds cover over 75 acres, and in addition to historical, cultural and other exhibitions ranging from fine-arts to exports, numerous international meets will be held; automobile and aviation meets, printing and journalistic congresses and athletic and gymnastic competitions, etc. Foreign athletes are being provided with transportation by the authorities, and such an interest is being taken in the games that

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
