

# New tiger coaches . . .

By DENNIS PERLIN  
 Tigers new head coach, Harvey Scott was born in Trenton, Ontario and played college football at the University of Western Ontario. In 1960 he was voted most valuable player in the Senior Intercollegiate Conference and was elected captain of the Mustangs in 1961. In the spring of 1962 he graduated with a Bachelor of Arts degree with majors in both zoology and psychology. At the same time, in 1962, the Calgary Stampeders of the Canadian Football League (Western Conference) chose him as their first draft choice. After playing three exhibition games and four regular season games for Calgary, he was traded to the B.C. Lions where he finished the 1962 season.

they are trying to perfect. So "variety" is the keyword in the system with the guiding lights the "maturity, hard work, and intelligence of the players". "The game has to be fun" added Coach Scott. In order for the game to be fun the team must win and the practise sessions must be challenging and interesting. These two principles are the purpose behind the master strategy of the two coaches.

Coach Scott remarked that his defense will be of the "stunting" variety rather than the "normal or honest defense". In the latter the players hit, block, and tackle for the most part in a specific area which lies on the defensive end of the line of scrimmage with each player assigned a specific area to cover. In the "stunting" defense, there is a lot of blitzing and "red-dogging" (i.e. the defensive players do cross the line of scrimmage and into the offensive end). This calls for a greater variety of defensive set-ups and is preferred by Coach Scott because of the surprise that the smaller team members can gain from it when facing a larger team. Coach Scott predicted that this year's edition of the Tigers will be a football team of which the whole student body may be proud and one that is determined to play football when they step out on the field. Coach Scott is married to a beautiful and charming girl, Evelyn. They have one son, Morgan, 2, and are expecting another in December.

In the fall of 1965 Coach Scott returned to U.B.C. where he became Line Coach of the university football team, physical education instructor, and initiated his Phd studies in the "Mechanics of Athletics" at Oregon University where he is continuing to work towards this goal.

In the summer of 1966 Dalhousie extended an invitation to Coach Scott to become Head Football Coach and an instructor of physical education. Coach Scott termed football "strategically complex" for one man to coach and handle. Thus he believes that while there should be a Head Coach, he should, outside of the usual administrative duties, stick to one aspect of the game. In Coach Scott's case, defense is a speciality and the offensive end of the job will rest on Coach Bellemare's capable shoulders. Coach Scott stated that the type of system developed by him and Coach Bellemare is based on the fact that the boys playing are very intelligent. Thus, rather than learning a few plays offensively and defensively and perfecting these, the boys are being taught a large number of plays which

Montreal where he attended elementary and high schools. He continued his education at MacDonald College and McGill University where he received a Bachelor of Education (P.E.). Throughout his academic career Coach Bellemare played an active role in sports, being a fullback in high school football, a wing-backer and interior linebacker with MacDonald College and a fine rugby player in his junior year at McGill. His fourth year at that university saw him as first string guard for the McGill football Redmen. After graduating, Coach Bellemare became the Junior Varsity Head Coach in Football and Hockey at McGill. In 1964-65 his football team placed second but his hockey team did poorly. The next year was one of vast improvement with the hockey team winning the Junior Varsity Championship and the football team making it to the championship game before bowing out.

In the summer of 1966, he was invited to become lecturer at the new School of Physical Education at Dalhousie as well as offensive coach of the Tiger football team and assistant coach of the Tiger hockey team.

In speaking of his offensive tactics, Coach Bellemare stated that it will be one of "multiple plays". There will be a lot of passing and the backs "will be hitting the holes". His philosophy remains "that the game must be fun" which means winning and challenging. His system of coaching is complex i.e. with lots of variety and plenty of plays to be learned and perfected. Coach Bellemare is an eligible bachelor and during the summer months is working towards his Master's Degree in Physical Education from Springfield.

Officially, Mr. Bellemare is a lecturer in the new Dalhousie School of Physical Education. Unofficially, he is assistant football and hockey coach. Coach Bellemare was born in

# Dalhousie anglers miss boat

Wedgeport, N.S. - University of New Brunswick's fishing team stole the spotlight on the last day of the 11th Annual Intercollegiate Game Fish Seminar and Fishing Match by reeling in 494 pounds of fish for a three day total of 782 points to capture their second Hulman Cup in the past three years. The Match was held Sept. 7-9.

The Wedgeport wharf buzzed with excitement as the teams, 11 in all, kept arriving after the four o'clock deadline with substantial catches that kept changing the standings with each count.

With only Dartmouth College of the U.S., and U.N.B. of Canada left to weigh in the highest total on the board was that of the University of Toronto with 589. Toronto was leading at the end of the first two days and added 123 pounds today.

However, Dartmouth, second when the fishing started today, came in with 189 pounds to boost their total to 623 for top spot with only the New Brunswickers to be heard from. Minutes later Coach Amby Legere's team arrived and their catch, the biggest individual catch of the three day match, gave them first place and the Hulman trophy. This left Dartmouth in second spot and dropped University of Toronto in third place.

As was the case yesterday many tuna were seen but would not take the bait. On the other hand, Soldier's Rip, better known as a tuna ground, yielded scores of great big cod. In fact, Match Director Edward Migdalski said that in all his experience here during the past 18 years he had

WEDGEPORT, N.S. - One of the five teams from Canada entered in the 11th Annual Intercollegiate Game Fish Seminar and Fishing Match at Wedgeport this year is Dalhousie University of Halifax. never seen so many big cod landed.

Following the weighing in the Hulman Cup was presented to the U.N.B. team by N.S. Minister of Trade and Industry, Hon. W.S.K. Jones.

The R. J. Schaefer Brewing Company International trophy, competed for each year between the five U.S. and five Canadian teams, was won by the U.S. with

a score of 2100 to 2018 1/2. This was presented by Peter Fitzpatrick of New York, a representative of the company, to the American collegians.

The Crandall Trophy for the biggest fish caught in the match was presented to Bill Heinold who on Thursday boated a cod weighing 43 1/2 pounds. Heinold is on the University of Massachusetts team and is a native of

Leominster, Mass. Director Migdalski said he was immensely pleased with the results of this year's seminar and fishing competition, which included nightly lectures on fishing and daytime fishing. The final standing was: U.N.B. 782, Dartmouth 623, University of Toronto 589, Japan 558, Yale 466, and University of Massachusetts 419.

# Tigers show new power

By DENNIS PERLIN  
 The Dalhousie Football Tigers opened their 1966 campaign last Saturday with an awesome display of offensive and defensive power as they crushed the Dartmouth Vikings, 62-0.

The offensive power is easily exhibited by the 9 touchdowns, the 19 first downs, the 439 yards gained-287 by rushing and 152 by passing, and the 57 per cent completion of passes attempted.

The defensive power is exhibited by only 5 Dartmouth first downs, only 58 yards gained-only 33 by rushing, only 25 by passing, and only a total of 6 yards gained in the second half, by Dartmouth

only 24 per cent completion of passes attempted, by the three intercepted passes and by the two recovered fumbles.

When a team wins as convincingly as our Tigers did last Saturday it has to be a "team effort, however there were some sparkling individual performances.

On offensive, halfback Bill Stanish's performance earns him the Gazette's "Roar of the Week" award.

Stanish scored five touchdowns all of them spectacularly; he carried the ball 11 times for 139 yards, i.e. 12.6 yards a carry; he passed to Eric Kranz to set

up Dalhousie's two-point conversion.

Another bright spot on offense was the kicking of Guy Masland, who converted every touchdown he was called upon to convert (3), as well as booting a beautiful 30 yard field goal late in the fourth quarter.

On defense, Eric Kranz the right corner linebackers Bob Daigle, the left corner linebacker and Jimmy Collins, the safety were particularly effective.

But, all in all, this victory was definitely a team performance with every Tiger on the field, veteran and rookie alike, putting out his best and giving

the Dalhousie fan what he likes most-the sweet taste of victory.

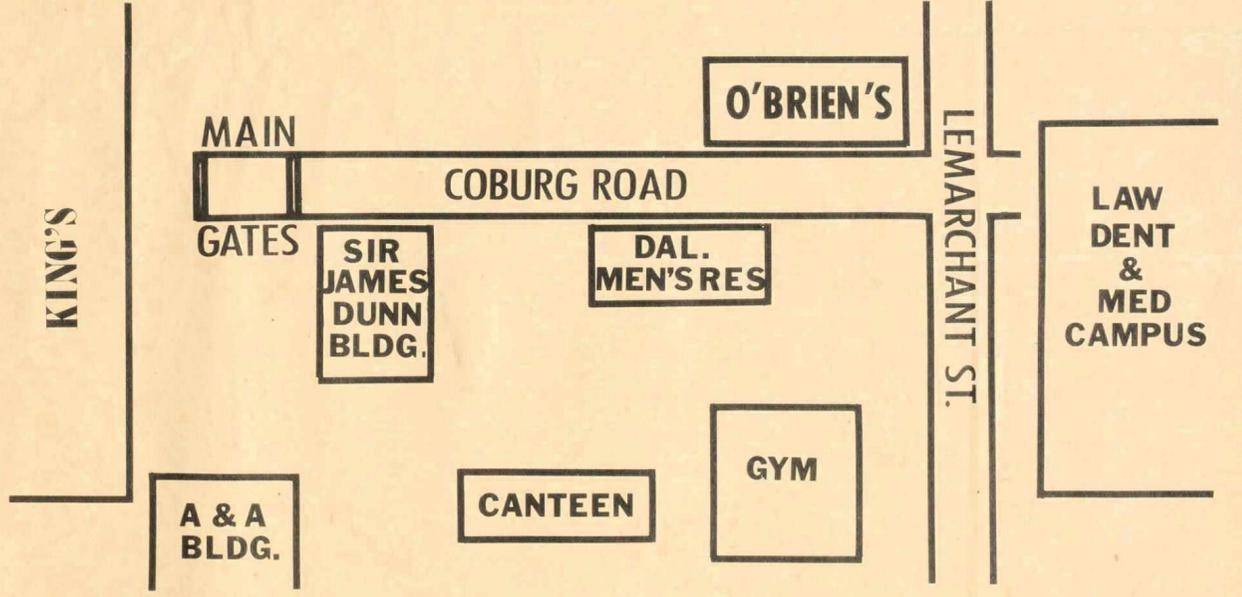

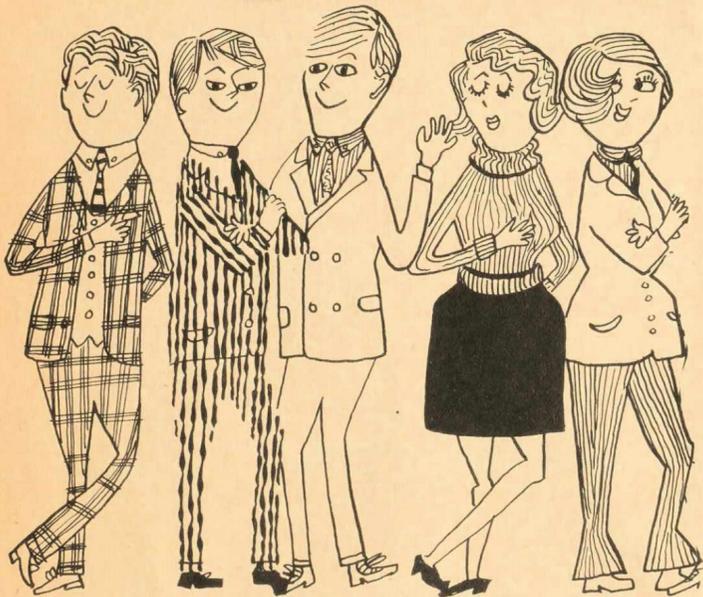

## Swimmers

ATTENTION SWIMMERS - There will be an organizational meeting for Varsity Swimming on Monday September 19 at 5:45 in the classroom, at the gymnasium. Reasonable practice hours have been arranged. Males and females welcome.

## Volleyball

ATTENTION GIRLS - There will be a Varsity Volleyball meeting at the gymnasium on Tuesday September 20 at 12:30 p.m.
