Rt. Hon. Arthur Meighen,

Toronto, Ont.

Dear Mr. Meighen:

There is no need whatever for you to apologize to me in relation to the man mentioned in your letter of November 11. Personally, I have not become involved in any financial way, but it is an unfortunate fact that he has turned out to be something entirely different from what you and others believed he was.

I trust you are keeping in good health and that your affairs generally are prospering.

Yours faithfully,
