GOOD AND POOR.
 The market for eggs is little changed
 from last week. Receipts in Ontario and
 Quebec markets continue about the same
 in volume and quality. In parts of the
 West receipts have almost reached the
 point where heavy operations
 being something to do with the curtailment
 of receipts. Quotations for current
 receipts, same returnable, 30c to 40c;
 No. 1 candled, 40c to 45c; selected, new
 45c to 50c; extra, 50c to 55c; extra, 55c to 60c.
 Receipts of live birds were a little
 heavier the past week with prices
 practically unchanged. Some extra feeding
 is being done by packers at the larger
 centers, much of the stock arriving being
 not well finished. Quotations:

DAIRY PRODUCE.
 Business generally quiet, but prices re-
 maining steady and showed no change-
 ment for the first time in 12 seasons
 was more than the corresponding
 year ago, showing a decrease of
 10 per cent. Receipts, however, they
 were all requirements. Creamery
 sales are quoted on this market at 45c;
 fresh milk, 45c to 47c; choice dairy
 milk, 40c to 42c; ordinary dairy milk,
 35c to 37c; butter, 25c to 27c.
 There was a decided falling off in re-
 ceipts of cheese last week, due to the
 closing August contracts. Receipts
 are expected to be about the same, but
 show a decrease of 15,000 boxes
 compared with the previous week, and
 with the corresponding week a year ago.

Live Stock.
 The quality of the cattle offered for
 sale on the whole, considerably bet-
 ter than some weeks ago. The mar-
 ket load of stock were on the Mon-
 day, on which day a total of 3,800
 were on sale, a record for any one day,
 and for anything possessing
 weight, and prices ruled a trifle higher.
 The quotations continue to be strong
 and several loads of good cattle were
 sold in that point on speculation.
 The best sale was a pair of cattle was
 sold, averaging 1,230 pounds, that sold
 at \$175.75 per hundred; other
 lots of heavy steers of good quality were
 sold from \$145.00 to \$155.00, while those
 of poorer trading averaged from \$115.00
 to \$130.00. The demand for cattle of lighter
 weight showed slight improvement,
 and a number of good lots were sold
 for anything running under 1,000
 pounds. Receipts were considerably
 heavier than during the previous week,
 and head being on sale. As a result,
 continued on the decline throughout
 the week. On Monday \$19 a calf,
 100 lbs. live price; by Wednesday the top
 price was \$18.50, and later on the day
 day unbroken lots were offered
 for \$17, while \$15 was the top
 price for sheep for breeding stock, and one
 ewe dropped out of the terms of
 the freight policy of the livestock.
 Prices were unchanged from the week-
 end's closing quotations. The
 big houses bought hogs all week at
 10c per cwt., while a few dealers, who
 are local butchers at \$12.75. Hog re-
 ceipts continue very light.
 Another decline of 2c a cwt occurred
 at Montreal, a similar decline
 was had a straight brace of 22 on

lamb and 10c on sheep. As during pre-
 vious weeks, the best cattle offered were
 of only fair finish and sales of this class
 were made up to \$15.50 per cwt.,
 the top price being secured on an
 grading slightly higher than anything
 offered during the previous week. Of two
 carloads of cattle, from the same ship-
 ping point, one consisted of 24 steers,
 averaging 1,230 lbs. each, which were made
 up at \$12.50, and the other lot was made
 up of mixed heifers and steers, averaging
 900 pounds, for which \$10.00 was
 paid. A larger percentage of the offer-
 ings than usual consisted of fairly fat
 cows, which were now coming in
 bulls sold at \$4.50, while bulls, two years
 old and up, not fat, sold at \$7. The best
 yearling heifer was sold for \$10.00, and
 a pair of calves of poor quality sold at \$4.50.
 Fairly good 2-year-old calves were
 sold to the shippers at \$10.00, and
 approximately 1,000 sheep and lambs, prin-
 cipally the latter, were offered during
 the week, and those in touch with local
 conditions state that heavy runs may be
 expected during the autumn. Lambs of
 good quality sold at \$16, and sheep at \$12.
 Select hogs sold at \$20.50 off cars.
 Spring-coming hogs are now commencing
 to arrive in fair numbers, and the
 average weight of the weekly receipts is
 lower as a consequence.

THE SLAVIN LULU.
 In the ad. of Mr. C. Slavin, of Malton,
 in last week's issue the average records
 of Riverside Johanna Pontiac on his
 sire's side was given as 37.5 lbs. butter
 in 7 days. After we had gone to press we
 received word that the official banking
 of this bull on his sire's side was 38.82
 lbs. and his dam and sire's ten nearest
 relatives average 38.27 lbs. The
 breeders should note this very creditable
 banking. Owing to the poor photo
 illustration of Riverside Johanna Pontiac
 in our last issue does not do him justice.

THE BIG SALE AT OTTAWA.
 ONE of the leading features at the
 Central Canada Exhibition this year
 will be the consignment sale of Hol-
 steins, held by the Ontario Holstein
 Breeders' Club. This is the first time for
 many years that such an event has been
 held in connection with the Ottawa Fair,
 and it gives promise of being a decided
 success.
 The Ottawa Valley Holstein Breeders'
 Club was organized in the spring of 1917,
 and since that date has had a very suc-
 cessful career. Mr. T. A. Dawson, the
 Secretary, Mr. W. A. Spratt, the President,
 in addition to the other officers, are
 are each doing their part to make the
 club successful. The members of the club
 are distributed over quite a large ex-
 tent of territory, reaching from the
 Western part of the province, as far west
 as Redwood and the adjoining district.
 The animals offered are chosen from the
 best herds of the province. The mem-
 bers of the club several Western On-
 tario breeders, who will be showing at
 the Fair, have offered to offer animals
 to the sale. Every care is being taken
 to make the sale a success. It will be
 held on the Exhibition grounds in a tent
 erected in the judging ring, where there
 will be ample accommodation provided
 for all concerned. The club is taking
 every precaution that the animals
 contributed to the sale are of the
 highest order, and a thorough inspection
 will be made by a committee appointed
 to examine the stock. Only the best
 of good type, of good producing strains,
 and of healthy condition.

This is a splendid opportunity for farm-
 ers who are attending the Fair, and even
 those who otherwise would not have the
 time to attend, to secure some unusually
 well-bred Holsteins. This sale will be
 held on Friday, September 13th, at 1 p.m.
 sharp. Catalogues are now ready and all
 wishing to secure such should write to
 Mr. W. R. Cummings, of Kanesville,
 Brides, Ont.
