THE WEEKLY TRIBUNE IS THE BEST AND THE CHEAPEST PAPER FOR FARMERS AND FAMILIES

THE WEEKLY TRIBUNE, now more than thirty years old, devotes a large share of its columns to Agriculture, employing the ablest and most successful cultivators to set forth what they know of farming in brief, clear essays, elucidating and commending Agriculture as the first and most important of progressive arts based on Natural Science.

No other periodical has done more to imbue our farmers with the truth, that the best instructed cultivator of the earth is far superior in efficiency to the strongest or even the most diligent.

We mean to make THE TRIBUNE an authority in every department of Productive Industry. Invention and Machinery are rapidly transforming the processes whereby Labor ministers to the physical wants of mankind.

"Home Interests" are discussed each week by a lady specially qualified to instruct and charm her own sex, and the younger portion of the other. No column is more eagerly sought or perused with greater average profit than hers. The News of the Day is condensed, while given sufficiently in detail to satisfy the wants of the average reader.

As to its political principles, THE TRIBUNE is, of course, hereafter as heretofore, the champion of Equal Rights, irrespective of Race, Nativity or Color. Independent of all political parties, THE TRIBUNE endeavors to treat them all with judicial fairness. It labors to purify the administration of Government, National, State and Municipal, and whenever those in authority take the lead in this work, it will therein give them its cordial support, but it can never be the servitor of any political party; nor will it surrender or even waive its right to criticize and condemn what is wrong, and commend what is right in the action of any parties or of any public men.

In short, THE WEEKLY TRIBUNE commends itself to Millions by ministering to their intellectual wants more fully than they are met by any other journal, while its regular reports of the Cattle, Country Produce, and other Markets, will of themselves save the farmer who regularly notes them, far more than his journal's price.

For the family-circle of the educated farmer or artisan, THE WEEKLY TRIBUNE has no superior, as is proved by the hundreds of thousands who, having read it from childhood, still cherish and enjoy it in the down hill of life.

We respectfully urge those who know its worth to commend THE WEEKLY TRIBUNE to their friends and neighbors, and we prefer it to clubs at prices which barely pay the cost of paper and press-work.
