

SYDNEY BASIC SLAG

Most Effective and Economical Fertilizer for Fall Wheat

WE want every Ontario farmer who reads this advertisement to realize that we are incurring the cost of this advertisement to secure his attention. We make money by supplying him with something that will make money for him. Sydney Basic Slag costs \$20 per ton, and will grow at least as good a crop of Fall Wheat as other fertilizers costing considerably more money. We can give you the names of hundreds of Ontario farmers who have already proved this. If you can save \$10 to \$15 per ton in the cost of your fertilizer, is not that of material importance to you? Drop us a line and let our general salesman come and have a talk with you. His visit will cost you nothing, and we believe you will find it profitable.

Interesting descriptive literature will be sent on application.

Mr. H. TUTTON, of Brantford, Ont. writes:

Question 1.—As my 4 h.p. Engine has been such a big saving to me during the 9 years I have had it, I thought I would write you. I have my own, hang a lot of stock, and do all my own chopping, feed cutting, wood sawing, etc. My engine is as good as new now, and compared with other makes around me, I am perfectly satisfied with its superior fuel economy, power and reliability.

Mr. Farmer and Dairyman:

Do not fail to send for our catalogue if you are thinking of remodeling your stables.

BUCHANAN'S Steel Cow Stalls, and Adjustable Positive Lock Stanchions have features found in no other make in Canada.

The arch stall makes a farmer's stable look like a show stable.

The noise and clang so common to the head rail stall is entirely done away with.

There are no spaces for the cattle to run through. All spaces are filled in the difference between a steel lock and wire springs. The stanchion can be adjusted for the smallest calf or the largest cow. We have been serving the Canadian Farmer for nearly forty years and thousands of farmers will testify that BUCHANAN Stalls and Stanchions are in a class by themselves. Write us for prices and catalogue. They will interest you.
