# Red Wing Thresher Belts

## Stand the Hardest Kind of Service

"Red Wing" Belts are built to stand just the kind of service that threshing, day in and day out, on Western Canadian prairies will give them. They are ready for any kind of weather in which men can thresh—ready for the varying tensions and wind-pressure, the staking, the frequent putting on and off.

"Red Wing" Stitched Canvas Thresher Belts are made of specially woven heavy serviceable Cotton Duck, in four or more plies and any width desired. The layers of duck are stitched at quarter-inch intervals with Cotton Yarn, with double stitching at the edges and for several feet at the splice.

The special oil with which we impregnate the belts, permanently lubricates the fibres, preventing friction and wear from the bending over pulleys. The lubricant is retained and the belt surface protected by our special red paint. The excess stretch is removed by a powerful machine, leaving just enough elasticity.

If you prefer a rubber belt, you will get maximum service and satisfaction from our—

### "Star" and "Lumber King" Belts

*Behind these Belts stands the largest Manufacturer of Rubber Goods in the British Empire*

## Canadian Consolidated Rubber Co. Limited, Montreal
