

YOUNG GIRL'S TRIALS.

Her Parents Had Almost Given Up Hope of Her Recovery.

Pale and Emaciated, Subject to Severe Headaches, She Was Thought to Be Going into a Decline—Now the Picture of Health and Beauty.

From the Richibucto, N. B., Review.

There are very few people, especially among the agriculturists of Kent County, N. B., who do not know Mr. H. H. Warman, the popular agent for agricultural machinery, of Molus River. A Review representative was in conversation with Mr. Warman recently, when the subject of Dr. Williams' Pink Pills was incidentally touched upon. Mr. Warman said he was a staunch believer in their curative properties, and to justify his opinion he related the cure of his sister, Miss Jessie Warman, aged 15, whom he said had been almost wrested from the grave by Dr. Williams' Pink Pills. Miss Warman had been suffering for nearly a year with troubles incident to girlhood. She suffered

PICTURE OF BEAUTY AND HEALTH.

From severe and almost constant headaches, dizziness, heart palpitation, and was pale and bloodless, and eventually became so weak and emaciated that her parents thought that she was in consumption, and had all but given up hope of her recovery. Her father, Mr. Richard Warman, who is a well-to-do farmer, spared no expense to procure relief for the poor sufferer. The best available medical advice was employed, but no relief came, and although the parents were almost in despair, they still strove to find the means of restoring their loved one to health. Mr. Warman, like everybody else who reads the newspapers, had read of the many marvellous cures effected by the use of Dr. Williams' Pink Pills, but like some others, looked upon these stories as "mere patent medicine advertisements." However, as everything else had failed he determined that Pink Pills should be given a trial, with a result no less marvellous than that of many other cases related through the press. Dr. Williams' Pink Pills have completely cured the young lady, so that in a few months, from a helpless and supposedly dying girl, she has become a picture of health and activity. The Warman family is so well known in this part of the country that no one would think of disputing any statement made by any of its members. Mr. H. H. Warman, on account of his business as salesman for agricultural machinery, is personally acquainted with nearly everybody in the county, and we feel assured that any enquiries made of him concerning the statements made above will be readily answered.

The gratifying results following the use of Dr. Williams' Pink Pills, in the case of Miss Warman, prove that they are unequalled as a blood builder and nerve tonic. In the case of young girls who are pale or sallow, listless, troubled with a fluttering or palpitation of the heart, weak and easily tired, no time should be lost in taking a course of Dr. Williams' Pink Pills, which will speedily enrich the blood and bring a rosy glow of health to the cheeks. They are a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Co., Brockville, Ont., and Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company at either address.

Of the thousands of persons who gained rewards in previous competitions, work is yet to be received from a dissatisfied competitor. Address THE LADIES' JOURNAL, 73 Adelaide St. W.; Toronto, Canada.

OVERJOYED WITH THE RESULT.

Compelled to Give Up Business Because of Nervous Debility—Lumberman E. Errett, of Merrickville, Ont., Was Restored to Perfect Health by South American Nervine.—"I cannot say Enough in Praise of South American Nervine." Are His Own Words.

he joy of a grateful heart will break through all conventionalities. It cannot be suppressed. The man who has been rescued, it may be, from a watery grave, must ever be thankful to his brother man who saved his life. This is the feeling of Mr. E. Errett, lumber merchant and mill owner, of Merrickville, Ont., towards the discoverer of South American Nervine.

Mr. Errett did not think that anything stood between him and the grave. Prostrated by nervous debility, he was forced to withdraw from active business. "I tried," said he, "several doctors, and everything in the shape of proprietary medicines, and got little, if any, relief from them. Having seen South American Nervine advertised, I decided to give it a trial, and I can truthfully say I had not taken half a bottle before I found beneficial effects. I have taken in all about twelve bottles, and I feel justified in stating that this medicine did for me all that the manufacturer claims for it. Before taking it, I not only had to give up business, but I really could not sign my own name, either with pen or pencil, my nervous system was so badly out of kilter. I am sure there are a great number of people in this country to-day suffering as I did, to whom I will say: 'Get a bottle of this wonderful medicine,' and I feel satisfied they will sound its praises as loudly as I am prepared to do. The fact is I cannot say enough in praise of South American Nervine. I am so overjoyed at what it has done for me, I will never be without it in my house, and I give this testimony freely and cheerfully, and wish South American Nervine success, and have no doubt as it becomes more widely known it will be still better appreciated."

It is not too much to say that South American Nervine is a saver of life. It saves many from death, and its frequent use at certain seasons of the year, will head off disease and prolong life.
