... Greece, was at-
 ... leaving the Lyons railroad sta-
 ... on for Nice. As the Premier stepped
 ... onto a train two men fired re-
 ... volvers at him. He was wounded
 ... slightly. His assailants were arrest-
 ... ed.
 ... Eight shots were fired at the Greek
 ... Premier. The shooting occurred at
 ... 9.45 p.m.
 ... Premier Venizelos was taking leave
 ... of friends, when two swarthy indi-
 ... viduals rushed from the crowd, one
 ... firing three shots and the other five
 ... before they were overpowered. The
 ... Premier was reported wounded in the
 ... right side and the left arm.
 ... His assailants, following their ar-
 ... rest, were rescued by the police from
 ... the crowds with great difficulty, the
 ... mob shouting, "Lynch him!" Both
 ... of the men were severely manhandled.

**Canada's Prospects
 Are Bright**

There is one particularly strong
 reason why there should be a great
 deal of confidence on the part of
 Canadians in the outlook for this
 country. While Canada, along with the
 rest of the world, is undergoing a
 period of trying conditions, the Dom-
 inion has good reason to face the sit-
 uation with a great deal of hope and
 courage. The principal reason for
 this is that Canada is on the eve of
 reaping one of the largest crops in
 the history of the country. While
 there is a chance of something still
 happening, which will reduce the total
 yield, still it is felt that the danger
 point has been passed and estimates
 now indicate a yield in the three West-
 ern provinces of from 250 million to
 300 million bushels of wheat.

While the wheat market is showing
 some fluctuations, there are indica-
 tions of a very good price for the pro-
 duction. What is especially advan-
 tageous is the fact that this is newly
 created wealth, and as fully two-thirds
 of the crop will be sold outside of the
 country, it will mean that millions of
 dollars of additional money will be
 brought into Canada.

**F ALL
 OR POLAND**

... Berlin says:—No
 outcome of the nego-
 tiated proposed confer-
 elsewhere, Poland is
 of the blackest of all
 has experienced since
 the World War.
 ... ence promise to
 r attack on Rus-
 and very largely by
 ... ces last Winter. Now
 forces that are sweeping
 over
 country have advanced so rapidly
 they have not been kept in sup-
 by the railroad lines. As a con-
 sequence the men and the horses are
 living off the land over which they
 advance. Poland promises to be
 swept absolutely bare. Four times in
 the last five years huge armies have
 swept across the land.
 Horrified by what has happened to
 their land and with their hopes crush-
 ed, thousands of Poles are unwilling to
 face the Winter. They want to emi-
 grate to America.

**First Oil-Burner
 to St. Lawrence Port**

A despatch from Montreal says:—
 The steamer Empress of France, now
 being reconditioned and fitted up with
 oil burners, will make her first trip
 from Liverpool on Sept. 1. She will
 be the first oil-burning liner to come
 up the St. Lawrence. Her first east-
 bound trip will be from Quebec on
 Sept. 15.

**900 Towns and Cities
 To Get Captured Guns**

A despatch from Montreal says:—
 Nine hundred towns and cities
 throughout the Dominion of Canada
 are to have presented to them guns
 captured by the Canadians from the
 Germans during the Great War. Ten
 of them have been given to Montreal
 and placed in various parts of the city.
 A small trench mortar has been
 placed before Mayor Martin's resi-
 dence. "Not as a gift," said the Dom-
 inion archivist, "but to commemorate
 the visit of the Prince of Wales to
 his home."

Cols. Bishop and Barker will again
 have charge of the 1920 aeroplane
 flights at the Canadian National Ex-
 hibition.

Seeking Fresh Adventures

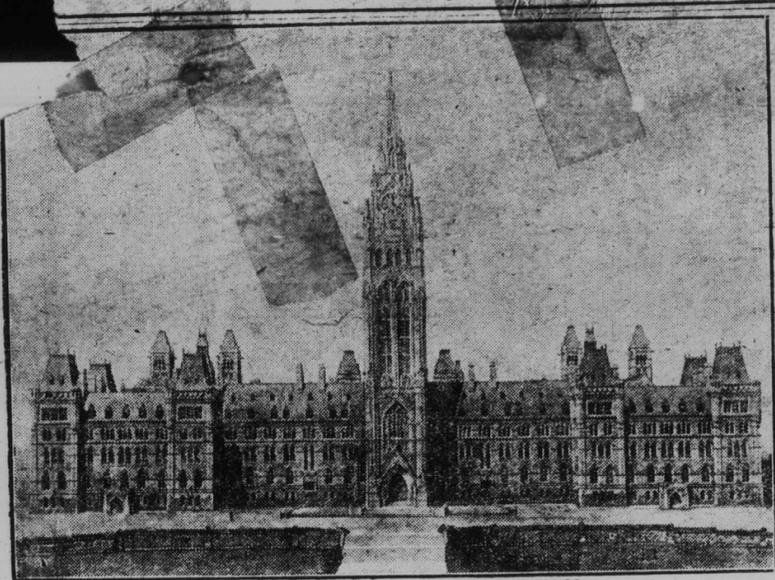

Col. Ray Collishaw, the famous Cana-
 dian airman, who is again in search of
 adventure. He has left Canada for
 England, where he will receive a com-
 mission for service in Poland. Col.
 Collishaw is the most noted airman
 in service to-day.

**Soviet Representatives
 Have Arrived in Berlin**

A despatch from Paris says:—
 Bolshevik plenipotentiaries have ar-
 rived at Berlin to resume diplomatic
 relations between Russia and Ger-
 many, it is reported in a despatch re-
 ceived here from the German capital.
 The message adds that another mis-
 sion has reached Vienna from Russia
 with a view to renewing relations with
 Austria.

**Next War to be Fought
 In Air and Under Sea**

A despatch from Paris says:—
 The next war will be fought in the
 air and under the sea, Marshal Foch
 told the Naval Cadets in an address
 on Thursday.

**ROAD MAP OF
 CANADIAN SKIES**

**Air Board Publishing a Directory
 for Air Travel.**
 A despatch from Ottawa says:—
 The roadmap of the sky for all Canada
 is in the making; in fact, it is nearly
 complete, and will be published by
 the Air Board within a day, or two, ac-
 cording to Col. F. F. Scott, director-
 in-chief of civil aviation.
 This map will cover every route
 laid out within the Dominion. One
 of its most important features is that
 it will be drawn to deal with both
 civil and military aviation. When re-
 vized and finally published Canada will
 have as complete a directory of travel
 through the air as it is possible to
 get. There will be one vast highway
 across the Dominion. The map also
 involves an aerial survey of the whole
 Dominion.

**Mennonites to Emigrate
 to the South**

A despatch from Winnipeg says:—
 Orthodox Mennonites of Southern
 Manitoba are making final prepara-
 tions for their exodus to Mississippi.
 According to travellers, who say
 they have been through the old colony
 districts of Morden-Rhinfeld consti-
 tuency, many conferences have been
 held by the elders of the Orthodox
 Church, and it has been decided by a
 considerable body of settlers to dis-
 pose of their Manitoba holdings as
 soon as the present crop is gathered.
 How many Mennonites will go south
 is unknown, even to members of the
 church, it is said. A split has occur-
 red in the ranks of the old colony set-
 tlers, many of the younger element
 having refused to leave Canada. The
 first of the emigrants will leave for
 the south in October.

He Was No Poet.

The passengers on the pleasure
 steamer, having just finished dinner,
 were enjoying the beauties of the
 evening to the full.
 A majestic Highland raveno came
 into view, all tender greys and shim-
 mering browns and blues. Mrs. de
 Vere held her breath till they had
 passed. "Oh, John!" she said, "what
 a lovely gorge that was!"
 "Yes, darling," he said absently,
 "quite the best feed we've had since
 we left London."

**Trafalgar Square
 Will be Reproduced**

"The Empire Triumphant" the
 evening Spectacle in front of the
 Grand Stand at the Canadian National
 Exhibition this year will be a pageant
 of splendor, color, light and action and
 will provide a striking object lesson
 in the making and keeping of the
 British Empire. Trafalgar Square, a
 spot so alive with associations and
 memories for thousands of returned
 men and other Canadians, will be the
 setting for this new triumph in stage-
 craft and the very spirit of Nelson
 will seemingly hover over the scene
 glorifying in the fact that we have never
 relinquished our beneficent heritage
 of sea-wide supremacy. Reproduced
 with truthful attention to detail, Nel-
 son's monument will be shown tower-
 ing 75 feet in the air, with the Na-
 tional Gallery in the background. St.
 Martin's church on the left and public
 buildings on the right. Profoundly
 impressive will be the musical treat-
 ment and divertissement, including the
 Empire ballet, Sailors drill, etc., while
 an added touch of realism will be
 given by a large battle tank in action
 —"Over the top with the Canadians!"
 —and a great battleship moving maj-
 estically to her anchorage crowded
 with cheering blue-jackets—"Britannia
 Rules the Waves." Another of the
 many stirring episodes will be the
 breaking out of the largest Union Jack
 in the world and the trooping of the
 King's Colors, a gorgeous event and
 one of the oldest of British Army
 ceremonials, appropriately conducted
 on Trafalgar Square.

**Regina—Over 300,000 Pounds of
 Western Wool Has Been Sold to a
 Canadian Manufacturer by the
 Canadian Co-operative Wool Growers
 Association at a Price Ranging from
 45 to 55 Cents per Pound. Up to Date
 over 540,000 Pounds of Wool Have
 Been Received at the Regina Warehouse,
 While the Total for the Whole of Last
 Season was Only 556,000 Pounds. It is
 Estimated that 700,000 Pounds of Wool
 Will be Handled at the Local Warehouse
 This Year.**

Fredericton—Provincial Horti-
 culturist A. C. Turney, announces that
 the apple crop in this province this
 year would amount to only sixty per
 cent. of last year's crop. This was
 owing to the prolonged drought in
 some sections which caused a heavy
 drop of the young apples.

Regina—Cutting on the Greater
 Production in Alberta has already
 started. The crop on 12,000 acres
 sown in wheat is expected to average
 30 bushels to the acre. W. M. Graham,
 Commissioner of Indian Affairs for
 the three prairie provinces, is on a
 tour of inspection of the crop on the
 Greater Production farms.

Vancouver—The sockeye are just
 starting to run in the Fraser River and
 the pack is expected to be equal to last
 year's. On the Skeena River the fish
 are not running so strong as last year
 and a much smaller pack is expected
 in that district this year. Regular
 English customers have already placed
 large orders for sockeye and red
 spring salmon, subject to the pack and
 sales have been made to them at \$21
 a case unlabeled. The price of raw
 sockeye to the fishermen opened at 55
 cents per fish and they are now being
 paid 75 cents on the Fraser, and some
 packers think it will be necessary to
 pay \$1 per fish to induce the fishermen
 to increase his catch.

**Bigger Premiums For
 Live Stock Displays**

The enlarged classification in the
 livestock section at the Canadian Na-
 tional Exhibition this year provides
 for every animal of importance uti-
 lized in Canada. The premium list for
 horses, cattle, sheep, swine the fur
 and feathered classes and pet stock
 together with agricultural products,
 the output of the dairy, orchard, etc.,
 sets a new mark. Various breed and
 other association and the Governments
 offer new prizes which added to those
 given by the Exhibition brings the
 sum total to a standard which ensures
 proportionate recognition for every
 branch of improved husbandry on a
 scale more lavish than ever before and
 should attract a display by which will
 be established new records in expo-
 sition and Canadian livestock and agri-
 cultural history.

**Butter-making Competitions
 Introduced at the Canadian National
 Exhibition in 1899 for the First Time
 in America. They are Similar to Those
 Given at the Dairy Shows in Great
 Britain.**

Sir Auckland Geddes
 British Ambassador to Washington,
 who has accepted an invitation to open
 the Canadian National Fair at Toronto
 this month.

The Canadian National Exhibition
 will again run thirteen days in 1920.
 The suggestion that it be extended for
 three weeks has been left in abeyance
 by the Directors.

Canadian News

St. John—The Canadian De-
 partment of Public Works and the
 State Highway Commission have
 issued a joint call for tenders for
 construction of the superstructure and
 substructure of the proposed inter-
 national bridge to be built over the
 St. John River between Edmundston
 and the village of Madawaska, Maine.
 Bids will open August 18th.

Bathurst, N.B.—Because of the gen-
 eral coal shortage the Bathurst Lum-
 ber Co.'s large pulp mills have been
 forced to shut down. The mills em-
 ploy about 500 hands.

Montreal—The most important pur-
 chase made by English interests of
 Canadian pulp holdings has now been
 closed as the result of Northcliffe
 interests of London, England, having
 purchased a two-thirds interest in the
 Gulf Pulp and Paper Company, at
 Clark City, below Quebec. This is
 the company owned by members of
 the Clark family. Following their
 purchase, the Northcliffe interests
 have formed the Imperial Paper Mills,
 Limited. The remaining one-third of
 the interest in the company is being
 purchased by other London people who
 are interested in the purchase of
 paper. The price, it is understood,
 was \$3,000,000.

Regina—Over 300,000 pounds of
 western wool has been sold to a Cana-
 dian manufacturer by the Canadian
 Co-operative Wool Growers Associa-
 tion at a price ranging from 45 to
 55 cents per pound. Up to date over
 540,000 pounds of wool have been re-
 ceived at the Regina warehouse, while
 the total for the whole of last season
 was only 556,000 pounds. It is es-
