SHIPPING SHARES.
Amsterdam, Aug. 16.—(Associated Press)—The Vienna correspondent of the Berliner Tagblatt asserts that huge fortunes are being made on the Vienna bourse by speculation in shipping shares. These are being forced up by a group of Trieste financiers and, as an instance of the remarkable rise which has occurred, the correspondent says Austro-American shares which stood at 540 in April, were quoted at 1,850 in July, while those of other shipping companies are being quoted proportionately high.

SENATOR SHERMAN MAKES PEACE MOVE

Urges Wilson To Confer With Allies For Statement of Peace Terms
FOLLOWS POPE'S LEAD
Other Senators Protest Against Discussion and Urge War To End

Washington, Aug. 16.—Still another peace resolution made its appearance in the Senate yesterday. It was offered by Senator Sherman of Illinois, Republican, calling on the President to confer with representatives of the allies with the view to putting before the world the precise terms upon which they would end the war with Germany.

The resolution goes exhaustively into a statement of terms that would be acceptable to America. Among these, as outlined by Senator Sherman, are the restoration of all invaded territory, no indemnity, the guarantee of freedom of the seas after the war, and limitation of armament.

Senator Sherman's resolution, furthermore, condemns submarine warfare as now conducted by Germany as piracy, and provides that in any future war, civilian, non-combatant population and hospital agencies on land or sea be immune from attack.

The rehabilitation of Belgium and other devastated territory, the resolution provides, shall be done at the joint expense of all belligerents signing the treaty of peace.

Another Illinois view.
Washington, Aug. 16.—Senator J. Hamilton Lewis of Illinois, a strong Administration supporter, offered a resolution in the Senate aimed at preventing any move in Congress at this time looking to the affirmation of peace terms upon which America would treat with Germany, and suppressing any further peace talk in the House or Senate.

The Illinois Senator recently had a conference with the President, and among other things peace was touched upon, the President. It is understood, having expressed the opinion that any peace talk now is premature. The resolution offered yesterday, which went over for debate, is believed to reflect the sentiment of the President.

Senator Lewis' resolution calls upon Congress to affirm its confidence in the President and to rely upon him to indicate when the time is propitious to take up the promulgation of peace terms. Until the Executive makes that communication to Congress, the resolution provides, Congress shall not make any move toward peace, so as not to embarrass him.

Fight To End.
Washington, Aug. 16.—It became known at the Capital last night that Senator King of Utah, who offered a resolution in the Senate last Saturday, proclaiming the sentiment of Congress that the war must go on until Germany either is vanquished or makes acceptable peace overtures, is to call upon the President to-day to ascertain what action, if any, he desires Congress to take.

The Utah Senator will ask the Executive if he favors the passage of Mr. King's resolution, or that of Senator Lewis, or if any other action is wanted by Senator King is actuated by the desire that Congress do nothing that will in any way embarrass the Executive.

Sensors who participated in the conference leading up to the King resolution were: Lodge, Pomerene, Smoot, Sausbury, Wadsworth of New York and Knox of Pennsylvania. A resolution proposed by Mr. Ly Follette and favored by himself, by a few of his colleagues and by several pacifist organizations, is said to have been inspired by pro-German influences.
