**Sets Now Ready**

**Latest Standard Sets**

The new Radiola Sets are ready—the last word in Radio, that virtually revolutionizes everything that has gone before.

**Improved**

Here are achievements you have been waiting for—Sets so selective you can tune any station in or out; so sensitive you span half the continent; non-radiating so you interfere with no one; melodious and accurate in reproduction of voice and music.

**Popular Price**

Best of all, these improvements are obtainable at a popular price ranging from \$45.00 up. Hear them at our store or send for illustrated booklet describing the new Radiolas.

**Council of Education Plans Programme**

Sir Robert A. Falconer, K.C.M.G., President, University of Toronto. Mr. Vincent Massey, Member, Board of Governors, University of Toronto. Sir Arthur Currie, G.C., M.C., Principal, McGill University. Mr. E. W. Beatty, President, Canadian Pacific Railway, Chancellor, McGill.

**T**HE recent announcement that the third triennial conference on Education and Citizenship to be held under the auspices of the National Council of Education will take place in Montreal in 1926 recalls the invaluable work this organization is performing. Under the Honorary Presidency of His Excellency the Governor-General and the Presidency of Mr. Vincent Massey, President of the Massey-Harris Co., Toronto, the Council includes many of Canada's leading citizens, among them Sir Robert A. Falconer, K.C.M.G., President of the University of Toronto; Sir Arthur Currie, G.C.M.G., Principal of McGill University, and Mr. E. W. Beatty, President of the Canadian Pacific Railway. It has as its principles: (1) That education should concern itself with the development of character and should provide a full preparation for life; (2) That education is a spiritual process; (3) That education is imparted by personality—its success or failure rests with the teacher; (4) That education is everybody's business; and (5) That Canada's education must be Canadian in its ideals.

The principal activities of the Council are twofold. The National Lectureship Scheme is a plan under which distinguished men and women—both Canadians and visitors from Great Britain and other countries—are engaged to speak on education (broadly interpreted) throughout Canada. The Bureau provides an organization for the exchange of information between the Provincial departments of education for the reception and diffusion of ideas from outside the Dominion and for disseminating data concerning education in Canada to the outside world. Until the Council established this bureau, Canadian educational authorities were dependent upon the American Bureau of Education of Washington for all educational information.

The Council was formed as a result of a conference held in Winnipeg in 1919 and attended by over 1,200 persons from all over Canada. The second conference was held in Toronto in April of 1923 and was attended by about 1,500 persons, representing the nine provinces. This conference, through many brilliant speakers on the programme, among them Sir Michael Sadler, Sir Henry Newbolt, Lord Robert Cecil and Sir Robert and Lady Baden-Powell, sought to set forth the Council's conception of the role of Education as a citizen builder.

The plans for this third conference now pending were laid at a meeting held in Montreal, presided over by Sir Arthur Currie, in the absence of the Chairman, and attended by several of the leading officers of the Council in the persons of Mr. Vincent Massey, President; Mr. S. B. Gundy, Chairman of the Finance Committee, and Major F. J. Ney, Executive Secretary.

At present, the Council is engaged in preparing a programme for the second triennial period. It has secured as Educational Secretary Professor J. A. Dale, of the Social Service Department of the University of Toronto, whose duties will include the editorship of a series of small volumes on educational problems. The success of the National Lectureship Scheme inaugurated last year, which established important contact with the leading minds of Great Britain, will be followed up, beginning in September, by contributions from Dr. Finley, Editor of the New York Times and once a Commissioner of Education for the State of New York, from the Stratford-on-Avon Shakespeare Fellowship Players, under the direction of Mr. Bridges Adams, and from a number of other distinguished speakers.
