Farm and Household.

Quality Counts.

Dairymen should not forget that the discrimination between choice and ordinary grades of butter is becoming more clearly and sharply defined each year. It is only the best that is always in demand and will sell at good prices when there is a surplus of the inferior grades.

Don't Put the Church to Shame.

Why should the church leave her high place and come down into the arena, where she will be put to shame? Do men come to church for petty pleasures fit only for children, or for the satisfaction of their souls and the confirmation of their faith? Would Christianity have begun to exist if the Apostles had been "pleasing preachers" and "bright men," and had given themselves to "socials" and "sales" and "talks"?

Cottage Cheeses.

The cottage cheese so much seen and used is usually made at home. Use sour milk that has been thickened, but not separated, and put it into a basin. Set it at the back of the fire or in a pan of hot water, where the milk will heat very gradually, but not boil.

Good manners cannot be learned in a moment.

There are certain forms which society has agreed people must conform to if they wish to appear well bred, and these are often not at all what the natural inclination would prompt one to do under the circumstances. Children must be taught these conventions, and we must not be surprised if they are sometimes slow in learning them, nor despair if after much teaching they at times relapse into native barbarism.

The Nursery.

Don't place the cot in a position where the light will fall on the child's eyes, nor in a draft. Don't hang curtains around the cot. Children need plenty of air, especially when sleeping.

COOK'S SURE COUGH CURE

The Home Piano.

When it is possible, a pupil should have a piano to practice upon that is delicate in action, responsive and sympathetic in tone and have it kept in tune.

Often in the morning there comes a feeling of weariness, indescribable; not exactly ill, nor fit to work, but too near well to remain idle.

A Ripans Tabule taken at night, before retiring, or just after dinner, has been known to drive away that weariness for months.
