NOTICE TO CREDITORS

In the matter of Mrs. J. E. Shannon of the City of St. Catharines in the County of Lincoln.

Notice is hereby given that the above named Mrs. J. E. Shannon has made an assignment to me under the provisions of Chapter 134, R. S. O., 1914, of all her estate and effects in trust for the benefit of all her creditors.

A meeting of the creditors of the said estate is hereby convened and will be held at the law offices of Gibbons, Harper & Gibbons, London, on Monday, the 31st day of March A.D., 1919, at 2.30 o'clock in the afternoon for the appointment of inspectors and the giving of directions with reference to the disposal of the said estate.

All creditors of the said estate are hereby required to file their claims with my solicitors, Gibbons, Harper & Gibbons, London (as directed by the said statute), on or before the day of said meeting, after May 4, 1919, I shall proceed to distribute the said estate, having regard only to such claims as I shall have notice of, and I shall not be responsible for the assets of the said estate, or any part thereof, to any person or persons, whose claim or claims shall not have been filed.

Dated the 22nd day of March, A.D., 1919.

MICKEY.

As a character study "Mickey" which will be shown at the Grand Opera on Monday, Tuesday and Wednesday, is a real work of art. You will never forget this adorable little waif. The story of "Mickey" is vivid with action much of which is laid in that wonderful twilight zone of comedy where half the laughs are won with tears.

Mickey is a wholesome sweet mischievous little girl, raised by her foster father, an old miner, and her foster mother, a wise old Indian Squaw, in the mountain country, far away from the glamour and chill of the city.

Later she is sent to the city "to make a lady of her," at the home of her aunt, a scheming, jealous hypocrite, and she doesn't find her path exactly strewn with roses. But through-out, the old cheerful, high spirits of little Mickey prevail, and with her sheer happy perseverance she conquers what seem unbearable burdens and difficulties for the little waif.

Miss Normand is always a charming comedienne, but she is at her very best in this part, in this vivid and appealing comedy drama with real living characters, told without squash pies or battles.

Wood's Peppermint Cure.
The Great English Remedy.
It cures all the ailments of the chest, throat, lungs, and bronchitis, and is a sure cure for all cases of Whooping Cough, Sore Throat, and all other ailments of the throat and chest. It is sold by all druggists and mail order houses. Price 25c per bottle, six bottles for \$1.50. Beware of cheap imitations. THE WOOD MEDICINE CO., TORONTO, ONT. (Incorporated in Canada)

GRAPE JUICE INDUSTRY DEVELOPED IN OHIO

Due to the increased demand for grape juice as a beverage, many Ohio farmers and gardeners are preparing to get out larger areas of vineyards this spring, according to the Department of Horticulture at the Ohio Experiment Station. The grape juice industry, it is believed, will develop into as large a business as the manufacture of wine, which has been as high as 2,000,000 gallons annually.

Unlike the wine industry, the manufacture of grape juice is expected to develop in all parts of the state since it has been found possible to grow grapes in practically every section of Ohio as well as in the counties bordering Lake Erie. The development of vineyards of the highest flavored fruits for supplying home markets alone will also stimulate the production of grape juice as a by-product of grape culture, fruit men state.

Early grape growing was centered around Cincinnati, the Patent Office in 1853 reporting 7,000 of the 1,500 acres of vineyards in Ohio within 20 miles of that city. In 1910 almost one third of all the Ohio vineyards were in Cuyahoga County. In earlier years Ohio produced twice the amount of grape wine made in any other state although California ranked second in importance.

SPRING WEATHER

HARD ON BABY

The Canadian spring weather—one day mild and bright; the next raw and blustery is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or curing colds, simple fevers, colic or any other of the many minor ailments of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CABINET SHUFFLE AGAIN MOOTED

Announcement That Borden is to Retain the Leadership Revives Rumors.

Ottawa, Ont., March 29.—The somewhat curt message from Sir Robert Borden denying reports that he was considering the position of Ambassador at Washington, and declaring that it was his intention to return to Canada and resume his duties as Prime Minister as soon as the work of the Peace Conference will permit, has been received with considerable interest at Ottawa.

When Sir Robert left for England the reconstruction of the Cabinet was in contemplation, but was finally postponed until his return.

It is believed that his first action, when he does return, will be to resume negotiations along that line. Probably one of the chief weaknesses of the present Cabinet is the fact that three of the important departments of the Government, namely, Labor, Post Office, and Soldiers' Civil Re-establishment, have no representative in the Commons, the Ministers being members of the Senate. Changes in other departments are also said to be in contemplation. It is rumored that Sir George Foster will shortly retire as Minister of Trade and Commerce, and that his place may be taken by Dr. Magill, of the Board of Grain Supervisors. It is further rumored that Hon. Martin Burrell, Secretary of State, will go to the Senate.

The main trouble at the present time is that there is absolutely no machinery for the holding of bye-elections. The lists used at the last election were only available for bye-elections up to the end of the year just passed, and there are no other lists which will suit. Glengary and Stormont, East Quebec (North Ontario), and Assiniboia are all now vacant, but they will have to remain vacant until some new election machinery is devised, and that is not expected for some time yet.

SEND IN YOUR ORDER

Any one desiring to have The Journal delivered should call telephone 59, circulation department. Carrier boys are now going to all parts of the city and arrangements can be made to have the paper delivered every evening at your home.

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it when feverish, cross, bilious, for bad breath or sour stomach.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleaning at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish stomach-ache, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid!

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

APPROVE OF ACTION OF CITY COUNCIL FOR FISH SALE

Trades and Labor Council Discuss Course Taken—Free Hospital Treatment is Briefly Considered.

It is quite an inspiration to attend a meeting of the St. Catharines District Trades and Labor Council and the latest meeting of that body was brimful of interest and enthusiasm. President Greenlaw, who was complimented on his appointment on the Housing Commission, presided over a large attendance. A large amount of correspondence was read and handed over to the respective committees to deal with. A communication from the Board of Trade intimated that the President of the Trades Council had ex officio been added to the Council of the Board. Peter Grant, W. J. Cheevers and H. Burgess were appointed.

The Municipal Committee presented an elaborate report dealing with such questions as coal, government fish, housing, etc. They reported on an interview with Alderman Rose, who gave the committee some interesting information on the working of the Fair Price Inquiry Committee. The committee expressed great pleasure that the City Council had at last decided to enter into the sale of government fish. Addition to the report Delegates H. Robertson and M. J. Crowley stated they thought the time was opportune for organized labor taking action to put into operation some scheme to enable working people to get free medical advice and assistance. Many ideas were advanced on free hospital treatment and the delegates were instructed to place the matter before their locals and report at next council meeting.

Considerable discussion took place on conditions on the Welland Canal and the secretary was instructed to write to the Minister of Labor and others to hasten the convention arranged to adjust affairs. Owing to the late hour the discussion on Technical Education was held over.

Blue diamonds, though unusually beautiful stones, are considered very unlucky. So much so, that in the Orient they are known significantly as "diamonds of death."

Demobilization of Troops

The demobilization of the Canadian Expeditionary Force is perhaps the most important problem now confronting the Dominion Government, and the transportation of the troops from the port of landing to their home destination is a work which will require skilful handling.

Lieutenant Colonel Walter Maughan.

It was therefore a wise decision on the part of the Dominion Government when they elected that the Canadian Railway War Board should appoint a committee that will make all the arrangements necessary for the transportation of the soldiers through Canada.

The War Board so constituted the committee that it is representative of the three principal Canadian railways. Ever since the beginning of the war, the Canadian Pacific Railway has been conspicuous as Maughan, Assistant General Passenger Agent of the C. P. R., has been chosen as chairman of the committee that is to undertake the responsibility for the train transportation of the soldiers to their places of abode in Canada. Lieutenant Colonel Maughan's long experience and his thorough knowledge of railroad affairs make him thoroughly qualified to fill the position for which he has been selected.

In March, 1892, at the age of sixteen years, Walter Maughan joined the staff of the Canadian Pacific Railway as a clerk in the Toronto offices. In September of the same year he was transferred to Hamilton to act in a similar capacity. In 1895 he was again brought back to the Toronto offices, and in March, 1897, he became city passenger agent in the Queen City. On November 1st, 1913, he became assistant district passenger agent in Montreal.

Lieutenant Colonel Maughan is representing the C. P. R. on the newly formed committee. Mr. H. H. Melanson will represent the Canadian Government Railways, and Mr. C. W. Johnston the Grand Trunk Railway.

By a co-ordination of effort it is believed that the representatives of the three big Canadian railways can so regulate railway transportation arrangements as to insure the safe and comfortable return of the Canadian soldier men to their homes. The headquarters of the committee will be in Ottawa, where the committee will be in direct touch with the Canadian Government, when the Minister of Militia was represented by Colonel E. F. Ylaska, Director General of Supplies and Transportation. The problem of transportation was discussed in all its phases, and the committee will have nothing undone to ensure safe transit, and feeding facilities of the highest character for the Canadian soldier men who so bravely answered to the call of duty when the country was in danger.

A "Mother" Sent This

If the sweetest little kiddies Act like old and crabbed Biddies, From the pain that's in their middies—
Cascarets!

When the child begins to ail, Coated tongue and looking pale, Spend two jinnies of your kale—
Cascarets!

You'd relieve your kiddie if you could Of course you will—I knew you would. Any druggist in your neighborhood—
Cascarets! 10 cents!

This wise mother knows that the best and safest way to relieve a bilious, sick or constipated child is by giving candy Cascarets at the first sign of a white tongue, a feverish breath or a sour stomach. Children love Cascarets because of the candy taste. Nothing else "works" the nasty bile, sour fermentations and poisons from the little liver and bowels so gently—yet so thoroughly. Each 10 cent box of Cascarets has directions for children aged one year old and upwards.
