

LIBERAL CONVENTION.

Conformably to a resolution adopted by the liberal members of the house of commons, last session, a convention of the liberal party is called to take place in the city of Ottawa on the twentieth day of June next.

The convention shall be composed as follows:

Each electoral district shall be represented by the liberal member sitting for the same, or the liberal candidate defeated at the last election held therein, and five delegates appointed by the liberal association of each district. In an electoral district entitled to elect more than one member, the number of delegates to be appointed shall be many times five as the district returns members.

The liberal press throughout the land is especially and earnestly invited to attend.

WILFRED LAUREL,
Arthabaskaville, 10th April, 1893.

In accordance with above notice a meeting of the liberals of York county will be held in the temperance hall, York street, Fredericton, at 10 o'clock, a. m. on Saturday, the 20th day of May, next, to choose delegates to attend the liberal convention to be held at Ottawa on the 20th day of June next.

Z. R. EVERETT,
Vice President of York
of the Liberal Association of N. B.
Fredericton, May 5, 1893.

NEW ADVERTISEMENTS.

THIRD PAGE.
Cant. Dr. R. McLearn

LOCAL NEWS.

No INTERVIEW.—Mr. Harrison, M. P. for Sunbury county, is improving in health, and has no intention of resigning his seat in the local legislature.

APPOINTMENT.—Geo. H. Coburn, M. D., of this city, has been appointed a member of the council of the medical society, in place of the late T. Clowes Brown.

CONFIRMATION.—Bishop Kingdon will administer the rite of confirmation at St. Peter's, Milltown, Monday evening, and at Christ church, St. Stephen on Tuesday evening.

THE STRAINERS.—The David Weston made her first trip Saturday and has continued during the week, handling large lots of freight. The Florenceville has resumed her regular trips.

THE EXODUS.—Cyrus Peterson and family have joined the exodus. They left on Thursday morning for Maine. They had many friends here who wish them all success in their new home.

Mrs. BOOTH.—There was a large attendance at the A. barracks Thursday night when an illustrated lecture descriptive of the life of Mrs. Booth was given by Brigadier Jacobs and Capt. Gardner.

SERIOUSLY ILL.—Lady Allen remains about the same condition, no change either way being apparent. Mr. Morrison is not showing that improvement which his many friends look for. Aid. Vandine is reported seriously ill.

AT VICTORIA HOSPITAL.—A very fine crayon portrait of the late Dr. Geo. M. O'Dell graces the consulting room of Victoria hospital. It was forwarded to Dr. Coulthart by Mrs. O'Dell with the wish that it be placed there.

BADLY HURT.—Egbert Smith, of Nashwaak, was brought here on Monday evening from Millville. He had been working with Messrs. Richardson, steam driving, and in breaking a bow was struck by a rolling log. His jaw was broken and he received several other serious injuries.

GOING TO MAINE.—David Burpee has gone with a crew of carpenters to Brownville, Maine, to begin work on the Simons and Burpee contracts for the Bangor and Ansonia railway company. Mr. Simons had not gone. They have a large contract and will likely put in most of the year in Maine.

ACROSS THE BRIDGE.—On Monday the C. P. R. trains began running across the bridge, the Woodstock train going out from the Fredericton station and returning to it at night. Affairs will not be fully arranged respecting the running of trains till the summer time table is issued about the first of June.

JUROR ASSENT.—The Purvis vs Road commission case came on for trial on Monday, and the witnesses and many residents of Millville were here to watch proceedings. It was found however that one of the jurors, Jacob Hazleton, was away starting for home. Mr. Hazleton had taken care to arrange the matter before going. The case was postponed.

HE GOES TO DOUGLAS.—Charles N. Scott, who has been in the innkeeping business at Woodstock for a number of years, has fallen heir to the Scott farm at Douglas and has removed there with his family. Mr. Scott and family will be quite an addition to Douglas society. They leave Woodstock carrying with them the best wishes of a very large circle of friends.

AT THE CATHEDRAL.—At the Cathedral on Thursday afternoon at half past one, Mrs. Hilton Green, of this city, sister of John Black, barrister, was married to Miles B. Dixon, a well known barrister of St. John. The happy couple left on the afternoon train. They have the best wishes of a large circle of friends, the bride being a favorite in society circles here.

BADLY BITTEN.—Thomas Monahan, of Oromocto, had to go to the hospital at St. John, one of his hands having been so severely bitten by a horse that it is supposed amputation will be necessary. Monahan was spending Sunday with Francis Blakely. Blakely was in the act of turning a horse to rest and Monahan was in the act of catching his hand and dragged him along till rescued by Mr. Blakely. This is the horse which killed David Mullin last year. He is very vicious.

MILL BURN.—On Friday, the 20th ult., the fire mill at Millville was burnt to the ground. The men were at dinner when the fire started, and as everything was very dry all efforts to subdue it were unavailing. The mill was rented by Peter Johnson, whose lease would have expired in about six weeks. There was no insurance on the mill, but it is said that Mr. Johnson had made some arrangements with Mr. Hayes, so that in case fire did break out Mr. Hayes would receive some compensation for his loss.

THE DRIVES.—The river is rising fast since the rain began and there is every prospect now that the drives will come along at a rapid rate. The Keswick drive which was held last year is expected to be in a few days when the local company will begin operations. Prospects are better on the Nashwaak and Miramichi than was the case last week. Reports from the upper St. John are to the effect that there is much snow in the woods to guarantee good driving, and all that is wanted is rain and warm weather.

BICYCLISTS FINED.—D. W. Crowe and another bicyclist appeared before the P. M. on Friday to answer to a charge preferred against them by the city for riding their wheels on the sidewalk. The magistrate imposed fines of one dollar each, and remarked at the same time that others who violated the law would not be let down so easily. Many complaints had been made, especially by old ladies, who feared being run over and the council felt compelled to put the law into effect. It would be as well to run over the city as to ride on the sidewalk.

CITY COUNCIL.

Tuesday Evening's Session a Lively One.

The general monthly meeting of the city council took place on Tuesday evening last and all the city fathers were in their places with the mayor in the chair. The meeting moved along in its usually quiet way till the question of the coal contract was reached, when a general discussion ensued. F. I. Morrison of this city and J. A. Likely of St. John had submitted tenders. The contract was given to Mr. Morrison.

The old officials were re-appointed. The horse cart purchase has been laid aside for the present. The fire committee reported tenders received from the firms of John Edgecombe & Sons of this city and the Gutta Percha Co. of Toronto. The committee made no recommendation, but as Messrs. Edgecombe have made a fair offer, and as all admit they can turn out a first class article it would be better to keep the work in this city.

The road committee had a special meeting called for Friday. This committee have proposed a large amount of work in asphalt and macadamizing. It is intended to asphalt York street from King to the C. P. R. depot. It is said that Mr. Fisher of St. John will supply the necessary asphalt.

CONDOLENCE.

Resolution Passed by the York County Medical Association.

At a meeting of the York medical society, held at Fredericton on Friday April 28th, 1893, the following resolutions were adopted: Inasmuch as it has pleased Almighty God, in His infinite Providence to remove from a life of usefulness our much beloved friend and practitioner, Dr. T. Clowes Brown, we the undersigned, on behalf of the members of the society beg leave as an expression of our sorrow to extend our heartfelt sympathy to the bereaved widow and relatives. Dr. Brown as president of our society was always held in the highest esteem and respect. Being one of the oldest practitioners of the province, the members were always ready to profit, not only by his wide and varied experience, but by his mature judgment on all matters under consideration. He was also one of the first to conceive the idea of forming a society for the social intercourse and mutual benefit of the profession in the county and in him we have lost an able, conscientious and enthusiastic member. Dr. Brown had among his widest circle of friends and acquaintance of any man in the province. Rich and poor alike received a kind word and genial smile. His kindness and sympathy and his example for good had endeared him to every one, and both profession and public have lost one whose place it will be hard to fill.

Committee, J. W. BRIDGES, M. D., G. C. VAN WART, M. D.

THE CAMERON CASE.

W. E. Vickery Appears in a New Line.

William Cameron was up before the St. John county court Thursday morning on a charge of obtaining money under false pretences. The chief of police in giving evidence said that among Cameron's effects, besides \$50 in Virginia treasury notes, he found the following:

WOODSTOCK, N. B., Feb. 23, 1893.
DEAR SIR—No doubt you will think it kind of strange what looks to me Woodstock had small lot of goods for another party that was to meet me there on the 23rd inst. I put up at Queen hotel on my arrival. Between two and three o'clock Thursday morning I was awakened by fire and burned down and I lost your goods. Will explain full particulars when I see you.

Judge and Mrs. Stoddard have returned from Florida much improved in health. Mr. and Mrs. Tom Morrison and Julius Morrison have returned to their homes.

Attention is called to the cards of Dr. W. E. Vickery and Wesley W. Vickery. The very handsome cornice on Howard & Crangle's new building is the work of Kitchin & Shea.

There was a small fire on the roof of the steam warehouse, Thursday, but little damage was done.

The Fredericton broom company have secured the M. Brown corner and are removing their plant there.

Ald. Everett has been at Kingsclear visiting his brother-in-law, William Kilburn, who is very ill with consumption.

There were some big catches of smelt made on the river here, and the recent rise in the river none have been caught.

Mr. Ferris, wife of the popular member for Queens, L. P. Ferris, M. P., is visiting her parents, Mr. and Mrs. Hugh Hay, at Woodstock.

On Wednesday morning a car-load of oil got off the C. E. R. track near the bridge approach, and in this instance the accident was experienced in getting it on again.

W. H. Carvell, the laundry man, has removed his work rooms to the Inches building, north side York street, where he will be pleased to see all his old friends and many new ones.

R. C. McCreedy has removed his gas fitting and general plumbing business down street almost opposite the new bank, near North America. The premises vacated by him will be used as a dairy depot in charge of Lewis J. Bliss.

STANLEY RAILWAY.—Another attempt is being made by the residents of Stanley village to secure better railway facilities and several interviews have taken place with those in authority respecting the question. A dominion subsidy of five miles has been asked for to build a spur from Cross Creek to the village. Other members of the majority are in favor of removing twenty-five miles of the C. E. R. track now laid and relaying it through the village of Stanley and up Ryan brook hill the line is regarded as the best. The village gets a line it must decline in favor of Cross Creek which is rapidly coming to the front as a railway center.

HORSE AND TRACK.

The Fredericton Park Association and their Comedians Quarters.

The season is about begun and the track at this date is in good shape as it ever has been, the best having one little damage, and by the middle of May will be in first class order. The directors intend an early date to make some improvements in the grounds and buildings and when complete will have one of the finest trotting parks in the province. The government barns on their grounds have been leased by them and are now under their sole control.

Already several trainers have located on the track taking the stalls and the barns. At the gate entrance D. J. Stockford has leased eleven stalls and has erected over them a large fifteen foot awning, which makes them very comfortable and a most pleasant site on the grounds for training purposes. Dave has fitted up a first class office or parlor in which his many friends delight to loaf away an hour on pleasant occasions and hear him tell of his most interesting throat lat finishing of the past. This year Dave has a string of nine to begin with; among them are the Gibson mare, Nellie; G. H. Thomas' Oak Hill and black gelding Chief; J. A. Edwards' Black Pilot; the little grey whirling that every-one knows without mentioning names; H. O'Neill's Annie Sprague; that readers will remember was good enough to win the year old class last year, and a good looking and speedy son of Sporter owned by J. B. Orr.

Of these perhaps the fastest and from which will be expected the most, is the brown mare Nellie. This mare trotted trials last year in thirty-five and could have with-out doubt entered the list with special fitting, and this year by her admirers, as well as her owner, expect her to go in the list.

The little cyclone as many know is a race mare of the highest quality, having last year shown her ability to fight out a race of many heats and get a first class place. This year she will probably be started in several races and the field of horses that will be good enough to start a fifty-dollar horse will not be any too fast for her. The remaining horses are all good ones and will be fitted for speed. During the season they will likely compete in many races.

The fourteen stalls on the upper side of Stockford's, are occupied by Sandy Stewart, who is training by private arrangement, so it is understood, for Messrs. Peabody, McConnell and Keirstead. Mr. Peabody will probably have five or six string; McConnell will have the brown mare, Jen F.; and Mr. Keirstead will have, no doubt, a couple of good ones. It is also said that that fashionable brood mare owned by James Gibson will also be handled by Stewart this year.

The government barns this year have been leased by the Fredericton park association to W. R. Dunbar who, it is said, is going to have a string of good ones. Among those now in his care is the bay stallion, Sir Wilkie, owned by A. N. LaForest. Sir Wilkie is a good one and should put up many fast miles.

The directors intend to give the public a chance to see lots of sport. They purpose having a series of races beginning on the 24th inst. to continue at intervals throughout the season as often as circumstances will permit.

Newsp Notes.

Morrison's mill has been closed down a few days for repairs.

Major Gordon's many friends gave him a hearty welcome back.

Judge and Mrs. Stoddard have returned from Florida much improved in health.

Mr. and Mrs. Tom Morrison and Julius Morrison have returned to their homes.

Attention is called to the cards of Dr. W. E. Vickery and Wesley W. Vickery.

The very handsome cornice on Howard & Crangle's new building is the work of Kitchin & Shea.

THE DEAD.

Rev. Mr. Kingdon and Other Well Known Residents Pass Away.

The death of Nevill MacLaine of Cambridge, Queens county, is announced. Mr. MacLaine was a brother of E. H. MacLaine of St. John. He was a man who was greatly respected throughout his native county. Deceased was 53 years of age, and leaves a wife and three children. His funeral took place on Tuesday last, a large attendance testifying the esteem in which he was held.

Mrs. John Tait died at her residence here, the remains of Herbert Briggs came by Thursday's train to this city from Boston where his death occurred at a hospital on Friday the 28th ult. Deceased was a brother-in-law of Arthur Coverthwaite of this city. For some years he was employed with the New Brunswick railway company, on their line from Gibson to Woodstock. He was a native of Lakeville Corner, Sunbury county, and had many friends in this vicinity.

Charles street, on Thursday night, the 4th inst., at twelve o'clock, after a protracted illness from inward cause. Deceased was a daughter of John Edgar, and a native of New Brunswick. He was a husband and two children, a boy and girl, to mourn their loss. Mrs. Tait who was in her fifty-seventh year, was highly respected and the sympathy of all citizens is extended to her bereaved family. Her funeral will take place on Sunday afternoon at 2 o'clock, rev. Mr. McDonald officiating.

After a lingering illness Miss Christina Tompkins died of consumption, Friday morning, the 28th ult., at the home of her sister, Mrs. George Brown, Southampton. This quietly ended a very useful life, exceedingly free from selfishness. All had loved her, no one an enemy. In accordance with the request of the deceased lady, the body was taken direct from her home to the cemetery, after which Rev. Mr. Grosvenor, assisted by Rev. Messrs. Bonnell and Grant, preached in his quiet, forcible way an excellent sermon in the R. B. church. The pall bearers were: Messrs. George Glynn, F. R. Brooks, John and Harry Kerley. The music was directed by Leonard W. Miller, who was very good; Miss Mary Maxon presided at the organ. Robert Brown and David Gibson of Northampton, and old friends of the deceased, were present at the funeral.

Among the many sad deaths which have occurred lately none has been so widely felt as that of the Rev. William Kingdon which occurred on Friday morning, the 5th inst. He has been suffering for some time and his death was not unexpected. Deceased was a native of the north of England. He learned the trade of tanner and worked for some years in the millinery business in this city. While in this employ he spent his Sundays in church work, laboring in the interests of the free christian Baptist denomination in several of the neighboring parishes. For a time he kept the small candle lighted by this church again at Maryville when the days were dark and the prospects dull indeed. He is survived by Mrs. Kingdon, and one son, WILLIAM Kingdon, who is many a councillor for the parish of Douglas. Mr. Kingdon has for many years carried on a tannery at Douglas where he had a pleasant home, and where he died on the 5th inst. His funeral will take place on Sunday at 2.30 Sunday afternoon.

Write Your Feet.—Careful housekeepers always require the best of shoes to leave their muddy boots outside the hall door; and it is a melancholy sight to us as we meandered around town during the past muddy days, to see the poor fellows tugging in their heavy boots on the front door stoop, rather than brave the brimstone of their better half's. A simple but effective remedy for all this unpleasantness is to be had of J. B. Edger, at 249, and you will be sure to get a pleasant greeting there awaits you.

SEBASTY LOOSE.—Monday morning in the Blissett hall, Sunbury county, a meeting of the I. O. F. was called by LeBaron Colman. A lodge was instituted and the following were members: Hon. J. W. Wedderburn was present and assisted. Officers were installed as follows: J. W. Hoyt, C. E. O. Boone, F. S. Jacob Hoyt, W. D. Smith, R. S. W. W. Perry, W. H. Perry, W. D. Perry, D. B. Perry, S. A. H. Worden, S. B. Meetings will be held each second and fourth Tuesdays in each month.

SCOTT ACT.—On Wednesday morning the police magistrate gave judgment in the case of H. Edger and Mrs. Linforth, convicting both parties for the usual fine. W. White came on for trial Friday. There were three charges laid by Bruce Simmons for selling on the 18th April. Elbridge Haines of St. Mary's, testified that he had visited both parties on the 18th April, and that they had sold him a bottle of Irish whiskey and paid fifty cents for it. The bottle was presented in court. J. A. Vanwart appeared for the defence and J. W. McCroarty for prosecution. Three fines were imposed.

STANLEY RAILWAY.—Another attempt is being made by the residents of Stanley village to secure better railway facilities and several interviews have taken place with those in authority respecting the question. A dominion subsidy of five miles has been asked for to build a spur from Cross Creek to the village. Other members of the majority are in favor of removing twenty-five miles of the C. E. R. track now laid and relaying it through the village of Stanley and up Ryan brook hill the line is regarded as the best. STANLEY RAILWAY.—Another attempt is being made by the residents of Stanley village to secure better railway facilities and several interviews have taken place with those in authority respecting the question. A dominion subsidy of five miles has been asked for to build a spur from Cross Creek to the village. Other members of the majority are in favor of removing twenty-five miles of the C. E. R. track now laid and relaying it through the village of Stanley and up Ryan brook hill the line is regarded as the best. The village gets a line it must decline in favor of Cross Creek which is rapidly coming to the front as a railway center.
