CANADIAN NAVY WILL NOT FLY UNION JACK WHEN IT HAS CHARGE OF OUR WATERS—PART OF TEXT OF NAVAL AGREEMENT.

(1) The naval services and forces of the Dominion of Canada and Australia will be exclusively under the control of their respective governments.

(2) The training and discipline of the naval forces of the Dominion will be generally uniform with the training and discipline of the fleet of the United Kingdom, and by arrangement, officers and men of the said forces will be interchangeable with those under the control of the British Admiralty.

(3) The ships of each Dominion will be distinguished by the White Ensign as the symbol of the authority of the Crown, and at the jack staff the distinctive flag of the Dominion.

(4) The Canadian and Australian governments will have their own naval stations as agreed upon from time to time. The limits of the stations as considered desirable are set forth in schedule A for Canada, and in schedule B for Australia.

(5) The Canadian station will include the waters north of 30 degrees north latitude, and west of the meridian of the 40 degrees west longitude. The Canadian Pacific station will include the waters north of 20 degrees north latitude, and east of the meridian of 180 degrees longitude.

(6) In the event of the Canadian or Australian government desiring to send ships to a part of the British Empire outside of their own respective stations, they will notify the British Admiralty.

(7) In time of war, when the naval service of a Dominion, or any part thereof, has been put at the disposal of the Imperial Government by the Dominion authorities, the ships will form an integral part of the British fleet and will remain under the control of the British Admiralty during the continuance of the war.

(8) It will thus be seen that Newfoundland is within the Canadian Atlantic station, and that under clause V. of the Canadian naval agreement can send their ships to Newfoundland without let or hindrance from the Admiralty and even without notifying them. Newfoundland will be under the EXCLUSIVE naval command of Canada.

(9) We are awaiting an explanation from the Premier, Sir Edward Morris. No explanation appeared in the Daily News this morning.

Martin won a splendid swimming race at Topsail Beach in the early '80's, and Mr. Power now here from N.S. who was a good second and Mr. A. Barnes. Young Martin did not know he was entered for the race until he came to the city from the country a few days ago and he is a plucky lad.

Taylor, Joseph Greene and W. Cole heard his moans and lowering themselves into the pit found Mr. Murphy unconscious. He did not recover till a doctor had worked over him for half an hour. They took him to Mr. Basha's shop and sent for Dr. Guthro. He was afterwards taken to his mother's house where he lay in bed for two days before he was able to return to duty in the city.

**Damaraland's Crew Arrive.**  
Capt. Geo. N. Vine, of the lost schr. Damaraland, with his five men of a crew, arrived here by the Stephano to-day. Her decks were awash, and to prevent her becoming a derelict they set her on fire. The crew were picked up about 25 miles off Barbadoes by a fishing smack. Capt. Vine leaves by this evening's train for Carbonear.
