IMPORTANT DOCUMENT.

PARIS, Feb. 22.

The Supreme War Council has
the main details of the
treaty which Marshal Foch
presented to the Germans.
The document is a highly
one, being in its terms a
armistice but in effect a
treaty disarming and de-
ing the German forces down
the basis understood to
five and ten divisions of
with a similar complete
of aerial disarmament and
ment of the frontier for-
as well as Heligoland and
Canal. The economic and
questions with Germany
for later determination, but
the military and naval stan-
dards treaty will be com-
terminating the war, and
impossible the resumption
the treaty will also have the
releasing all the Allied
except in the established areas
until the definite peace
signed. This military treaty
effective in ending the
of hostilities that it is
in some quarters as defin-
ing the war, although there
be the technical question
the final ending of the war
wait the signing of the
treaty of peace.

WILL DESTROY THEM.

PARIS, Feb. 22.

(A.P.)—Out of the great
of contradictory statements
concerning the dis-

position of German warships which
have been seized, this much may be
accepted as a definite official fact.
Great Britain insists that these ships
be destroyed. This proposition, it is
understood, will be put before the
Supreme War Council as a part of
the British proposals for definite
peace terms. The published assertion
that these ships will be destroyed
would seem premature since there is
considerable opposition to the plan
especially on the part of France. The
Admiralty's decision is said to have
been influenced largely by the ob-
jection that a satisfactory distribution
of the ships among the Allies was im-
possible. In fact, it is added, Great
Britain would claim a major portion
of the ships. This would only serve
to increase her preponderance of sea
power which it is held might be ob-
jectionable to other nations.

AGAINST LEAGUE OF NATIONS.

WASHINGTON, Feb. 22.

Support for the Republican attacks
in the Senate upon the proposed
League of Nations came from the
Democratic side, when Senator Reed,
of Missouri, Democrat, delivered a
prepared address in denunciation of
the plan. Free American Govern-
ment, Senator Reed asserted, would
through the League be largely dis-
placed by a government controlled
by European monarchs and Asiatic
despots. He supported the charge of
Senator Borah, of Idaho, Republican,
that the League would abrogate the
Monroe Doctrine and involve Ameri-
can questions to a foreign tribunal.
England, Senator Reed asserted, vir-
tually would dominate the League
and on all questions, he insisted,
the United States would be overwhelm-
ingly out-voted.

DENMARK'S CLAIMS.

PARIS, Feb. 22.

Denmark claims for a portion of
Schleswig-Holstein were heard by

the Supreme Council to-day. H. A.
Bernhoft, the Danish Minister in
Paris, who appeared to represent
Denmark, told the Council the north-
ern half of Schleswig-Holstein right-
fully belonged on historical and na-
tional grounds to Denmark, but that
Denmark was willing to have a pleb-
iscite to determine its disposition.
While the Danish Minister did not
make a flat claim for the northern
half of Schleswig-Holstein including
the Kiel Canal, he said that in justice
to the population its future should be
decided by a popular vote. The
whole question was referred to a
commission.

DIED FROM WOUNDS.

COPENHAGEN, Feb. 22.

Minister of the Interior Auer, of
Bavaria, has died of his wounds, ac-
cording to the Munich correspondent
of the Politiken. Deputy Swiller, the
despatch adds, fired the shots which
fatally wounded Minister Auer and
killed Deputy Osel.

COMMUNIST LEADER LYNCHED.

LONDON, Feb. 23.

The Communist leader Bela Kun of
Budapest, has been lynched, accord-
ing to a despatch from the Berlin cor-
respondent of Reuters Limited, quot-
ing a message from the Hungarian
capital. The action of the Commun-
ists to undermine the existing order
of the entire Hungarian press in-
cluding extreme socialist organs has
unanimously condemned the Com-
munist agitation, the despatch adds.

ELEVEN BURNED.

MONTREAL, Feb. 21.

Eleven persons are believed to
have been burned to death, while an-
other will probably die, as the result
of burns in the fire which destroyed
the small hotel at St. Jovite on Wed-
nesday morning.

LAURIER'S FUNERAL.

OTTAWA, Feb. 22.

Canada's capital to-day honored its
great dead in worthy fashion. There
was a tremendous dignity and so-
lemnity in the funeral cortege of the
late Sir Wilfrid Laurier. This dig-
nity made itself manifest not so much
in the formal arrangements which
had been made for a state funeral,
but in the grand spontaneity which
the people flocked in thousands to
pay a last tribute of respect. Un-
questionably this was the largest
funeral, the grandest and the noblest
that Canada has ever seen. Monsie-
nor Dimara, representative of the
Pope in Canada, officiated at the
church, assisted by other high dig-
nities of the church.

WILHELMSHAVEN IN GOVERN-
MENT HANDS.

COPENHAGEN, Feb. 22.

The German naval port of Wil-
helmshaven has been occupied by
Government troops without fighting,
according to an official statement is-
sued in Berlin.

GERMAN ASSEMBLY MEETS.

WEIMAR, Feb. 21.

(By the A.P.)—The National As-
sembly opened to-day's session under
the disheartening influence of the
Munich murders and a sudden change
for the worse in the strike situation
in the Ruhr industrial region. The
news of the killing of Premier Eisner,
of Bavaria, and the assassination of
Herr Auer, Minister of the Interior,
and other ministers, was posted on
the newspaper bulletin boards in the
lobby of the theatre where the as-
sembly meets, just before the session
opened.

AMSTERDAM, Feb. 22.

The Soldiers' and Workmen's Coun-
cil at Essen, the Ruhr Industrial
Union, has decided to stop the gen-
eral strike. This action was taken to-
day according to a report from Es-
sen after an agreement had been
reached at a conference in Mueggen
between the commander of the gov-
ernment troops and representatives
of the Council.

Market Notes.

Codfish—Confidence is being ex-
pressed along Water Street that
everything will be O.K. very soon,
notwithstanding the bad situation
created by the unwise handling of the
Italian market, which resulted in
somewhat of a loss to shippers. More
active buying along Water Street
was marked last week, \$11.50 being
paid for Labrador Soft and \$18 for
No. 1 Shore.

Cod Oil—This commodity shows no
improvement in the common article,
there being no shipments to foreign
markets and no sales made locally.
Refined demand is slow, though the
price has gone up to \$2.25 per gallon,
with exports for last week showing a
total of about 7,000 gallons.

Herring—As shown on Saturday in
our columns the New York buyers of
Scottish cure are quite displeased with
the fall pack consequently the de-
mand is not so keen as it was last
year at this time. St. John's prices
to-day are \$17 for Large Fills, \$15
for \$7.50.

Provisions—Standard Flour is be-
ing shaded down, the current whole-
sale price being \$14.20; Retail \$14.50.
Arrangements for taking away a large
cargo of the substitutes in stock
have been made, which may possibly
be a reason for the gradual decline
in war flour quotations. Pork fig-
ures current are as follows: Spare
Ribs, \$48; Ham Butt, \$48; Short Cut
Clear, \$50. Beef—Plate, \$43.50; Bone-
less, \$46; Bcs Packet, \$46.50; Bcs
Flank, \$47.50 to \$48. White Sugar
will be permitted for general use if
the Food Control Board are success-
ful in disposing of 800 bags of Brown
en route by schr. Metamora from
Kingston, through Halifax agencies.

\$12.10; Brown, \$10.50 per hundred
pounds. Molasses prices are un-
changed and no new stocks are due
for some time. Holdings in the city
are limited and quality not guaran-
teed.

I. produce are \$5.50 per barrel and
