THE HEART DEPARTMENT

ing information is unearthed.

One woman writes she finds matrimony hard to endure because her husband snores like a foghorn. Another writes she married to escape from duties to which she was too closely tied. Matrimony and a baker's dozen of children as the result cause her to realize she jumped from the frying pan into the fire. Another wife admits she wedded because she fell in love with her husband shown curling locks. Her disillusionment came upon the discovery that his head was crowned with a toupee.

A woman who is as yet a bride hints that she finds matrimony a failure because she thought she was marrying a man of means, but she found out that the rhusband has to count the pennies. It was but a "pipe dream" that he was saled.

ing marriage. There are letters by the score from women who descant in many paged letters to the effect that marriage with a stingy man should be made a misdemeanor, being sufficient icause for a wife to gain her freedom. Quite as many more hold that unfaithful husbands are the greatest blight of matrimonial happiness. Many of these ask that their letters be printed I should like to but prudence forbids. Whoever heard of a woman finding fault because her husband was too fond. fault because her husband was too fond of her? Yet, we hear of one woman sending her husband to court because he torments her by insisting that she serve kisses with every dish which she regales him with at the dinner table.

Another writes of the husband who does the nagging. There is a wife who

TRAINING-GIRLS TO MAKE GOOD HOUSEWIVES

Public Schools Broadening Courses to Include Instruction in Home Nursing

Many Useful Things Included in Subjects Offered by Corps of Instructors

In furtherance of the work for developing ideal housewives and fitting the girls of the public schools for the duties of home building during the coming session, those who are attendng the cookery classes will be given a course in home nursing.

Over at the Hillhurst school Miss Borden is giving a course to the girls of Grade 8, and they are showing great interest in the work. The course is very practical and use-

ful in its bearings on everyday life of the home and includes: (a) The sickroom and its furnishings,

heating, ventilation, cleaning, etc.; (b) emergencies, such as fainting, nose, bleed, convulsions, insect stings, etc.; (c) burns and cuts, simple dressings and bandaging; (d) serious accidents, apparent drowning, what to do till the doctor comes; (e) invalid feeding, cautions regarding medicine; (f) general rules of bedily health, clothing, bathing, etc; (g) contagious and infecti diseases, personal and general pred
