HYDRO FOR AYLMEY

By-Law Carries by Big Majority of 292. Only 43 Vote Against It.

With no uncertain sound the rate-payers of Aylmer declared in favor of Hydro power on Monday last. The vote was a fairly large one, 292 being recorded, 233 of whom were in favor, and 43 against it. All we think, believed in Hydro power, but a few were fearful that the change would mean increased taxes, and decided that a later date for installing it would be preferable.

The promoters of the scheme were well organized, and after being busy from 9 a.m. until the polls closed at 5 p.m. bringing in the voters. Otherwise the vote would have been much smaller, as many accepted the conclusion that it was sure to carry, and did not intend to take the time to vote. The smallness of the vote against the measure was a surprise to even its most enthusiastic advocates, and is an evidence that the people have entire confidence in Sir Adam Beck and the Hydro Commission.

We understand that the materials for installing are to hand, and work will be started as soon as they can be placed on the ground. It is expected that everything will be completed within two or three months after work is started. Now that the by-law has been passed, the sooner the better, as the town now has a good opportunity to dispose of the present engines, boilers, etc., we are told, at a price little less than their original cost. If this be correct, it is an evidence that our plan is not "junk" as designated by some parties not very well informed.

The vote giving the council authority for the issuing of debentures to meet the expense of installation, was practically the same as the by-law for installing.

Now that this most important question is settled, let all differences of opinion be forgotten, and all work together to make it an unqualified success. The great big majority wanted Hydro, and the majority rules.

The following is the vote by wards:

Ward No.	For	Against
Ward No. 1	123	17
Ward No. 2	125	12
Ward No. 3	77	7
Totals	325	43

Majority for By-Law, 292.

VIENNA

Mrs. G. F. Williams received very sad news on Thursday evening, that her brother, Mr. E. Harris, of Cultus, had died very sudden.

Mr. Guy Godby, who has accepted a position in Windsor, spent the week-end at his home here.

Several from here attended the play entitled, "A regular Flint" given by the Tillsonburg Dramatic Club, at Stratfordville on Tuesday night.

Mrs. G. F. Williams entertained the Ladies Aid at her home on Wednesday afternoon. A very dainty lunch was served.

Misses Myra and Aleta Godby are spending a couple of weeks with their brother, Clayton Godby, at Richmond.

A miscellaneous shower was tendered the bride elect, Miss Shirley Scruton at the home of Wm. Weaver on Tuesday evening. A large number were present and during the evening a tasty lunch was served. The numerous and costly presents show the high esteem in which the young couple are held.

Mrs. J. Longfield, of Ingersoll, spent Saturday in the village.

We have always something new here in Vienna. The latest is a young man from the wild and woolly west. We do not know what kind of game he has been in the habit of chasing there, but here he runs the deer's of Vienna up and down the sidewalks on horseback.

Quarterly service will be held in the Methodist church on May 6th at 9:30 a.m.

TO WHOM IT MAY CONCERN

I hereby warn all and sundry not to trust any one on my account without my written order.

Buggies

Worth the Money

There is as much difference in buggies as in anything else, and we have no hesitation in saying the McLaughlin is the BEST in the market to-day. It is known as the Noiseless Buggy—and the only buggy made with the brass and rubber washer, the secret of which is the hub on either end striking the oval brass washer with the rubber inside makes no noise and still it has play enough to revolve without friction, therefore you are assured of a very light draft. This is the one buggy on the market that will give you full value for the money invested. Come and take a look at it if you need a buggy.
