Canadian Insurance Men Meet.

The seventh annual convention of the Canadian Fire Underwriters Association began in the City Hall this afternoon. There is a large attendance of insurance men from all parts of the Dominion, and the seasion promises to be one of considerable interest and importance, and will last a couple of days. Among those present are the following: From Montreal, Messre. Heaton, of the Citizens; Evans, Commercial Union; Kennedy, Fire Association; Vincent, Glasgow and London; Roberts, Guardian; Lacy, Imperial; Smith, Liverpool and London and Globe; Lilly, London Assurance; Davidson, North British; R. Patterson, Phenix; Hart, Phenix of Hartford; Mudge, Queen's; McKendrie, Royal Canadian, and Topley, Royal of England.

Foresters' Incorporation.

An Ottawa telegram says: Mr. Jamieson, M.P., introduced a deputation to Sir John A. Macdonald yesterday consisting of Messra. John A. McGillivray, Q.C., and D. Millar, of Toronto, and B. W. Greer, of London, especting the Independent Order of Foresters, relative to the proposed incorporation of the order. In the state of New York it appears that the State is willing to grant the incorporation asked for, provided that the Canadian law is reciprocal with regard to United States fraternal organizations. The reciprocal arrangement, it appears, does exist, as for instance, with regard to the Sons of Temperance, which operates in Canada without let or hindrance. On this point the Premier referred the deputation to Sir John Thompson. With respect to another suggestion made by the visitors that the books of the order should be annually inspected by a Dominion Government official in order to satisfy the State authorities, he said the Government would consider that matter. Subsequently the deputation saw the Minister of Justice in regard to the state of the Canadian law as affecting American societies, and were informed by him that he would consider that matter

The Nationalists' Appeal Falls.

DUBLIN, Oct. 1.—The appeal of Dillon, O'Brien and others to the High Court of Justice for a writ to prohibit the magistrates at Tipperary from proceeding with the conspiracy cases on the ground of bias has failed. Judge Holmes decided this morning not to grant the writ. No further steps can be taken, it is understood, with a view to changing the magistrates before whom the hearing is to be continued, but the Nationalists feel that their protests persistently made against being tried by magistrates whom they have reason to believe are biased against them will have much effect on public opinion. Attention has been strikingly directed to the composition of the court before which political offenders as the Nationalists consider the arrested men are being tried. The case for the prosecution was continued at Tipperary to-day without striking episodes.

Everybody appears to be perfectly satisfied as to the correctness of the verdict, and universal sympathy is felt for the young wife, who, however, refuses to be comforted. BIRCHALL'S NERVE.

Chief of Police McKinnon, of Hamilton, who sat near the prisoner, does not think that Birchall displayed much nerve. "I sat close to him," said the chief, "I kept my eyes on him all the time. His face was pale, there were black rings under his eyes and he could not keep his hands still. I am satisfied that his indifference was assumed. You could see it in every move he made. Birchall did not sketch any pictures, you bet, while the addresses were being made to the jury."

Murderous Attack on His Daughtor's Lover.

CHICAGO, Ill., Oct. 1.—John Brenock, millionaire contractor and manufacturer and ex-Park Commissioner, gave himself up to the police yesterday on a charge of assault with intent to kill. The accusation will probably be changed to murder. Edward E. Swiney, president of the Edward E. Swiney, president of the Edward E. Swiney Company, whom Brenock attacked, is expected to die. It is the startling climax to the story of Swiney's love for the beautiful Mrs. E. Ragor, the millionaire's eldest daughter. Brenock intercepted a note addressed to his daughter, who is a "grass widow," which revealed her intimecy with Swiney, who is a married man. Brenock armed himself with a baseball bat, proceeded to the trysting plase named in the note and assaulted Swiney, pounding his head almost to a jelly. He was released on bail.

PROPOSED TUG-OF-WAR TOURNAMENT.

An effort is being made by a number of local lovers of sport to hold a tug-of-war tournament here on Saturday, Oet. 11. Mr. William A. Small, formerly of Chicago, a well-known sportsman, is at the head of the scheme, and has formulated an outline of the day's programme. Mr. A. Gordon Murray, of Chicago, chief of the Highland Association of Illinois, has signified both by telegram and letter that the elebrated Highland team will compete if satisfactory arrangements can be made. The members of this team are virtually champions of America, having defeated the great Irish team. Capt. Jas. Sutherland's Zora team from Embro was also defeated by the Chicago men at the recent Highland games held in that city. A return match is to be pulled between these two teams at the Embro Agricultural Society's show on Oct. 10, and from there both teams will repair to this city. The details have not yet been arranged, but it is thought that prizes of \$50, \$30 and \$20 will be awarded, together with a corresponding percentage of the gate receipts. Among the teams available the following will likely take part: The Asylum team, Capt. Robson's, London township, "D" Company, I. S.
