We have just received some special lines. Opening today. Come and see what we can show you in Ladies' Felt Hats, trimmed, for 59c each.

#### In the Dining-Room.

SUNDAY, NOV. 7.

BREAKFAST - Baked quinces. O Steamed eggs. Waffles. Coffee. O LUNCHEON-Princess potatoes. O Oyster macaroni. Sea-foam o sandwiches. Blackberry jam. O

cake. Tea. DINNER-Roast duck, with baked O pudding. Coffee.

Cut out these recipes and paste them in a scrap-book.

Steamed Eggs-Butter five patty pans and break an egg in each one. Place in a steamer and set over a kettle of boiling water; steam till the whites are cooked. Take out on a hot platter, sprinkle over with one small half-teaspoonful of salt and one-eighth teaspoonful of pepper, and pour over all a tablespoonful of melted butter.

Oyster Macaroni-Break enough macaroni into inch pieces to fill up a pint cup. Put in a saucepan and cover with boiling water. Keep at the boiling point till tender (20 or 30 minutes). Have ready one pint of oysters, a teaspoonful of salt, a saltspoonful of pepper and a half cupful of cream. Drain the macaroni, and put a layer in buttered baking dish, sprinkle over a litof the oysters, and another of the macaroni, with more of the seasoning. Sprinkle cracker crumbs over the top, add little bits of butter and a little more cream or rich milk, if necessary. Put a cover over the dish and bake till nearly done; then remove cover and continue baking till a delicate brown.

Sea-Foam Sandwiches-Spread crisp sea-foam wafers with butter and a sprinkling of grated cheese and very finely chopped celery or olives. Place two together and keep in a cool place till ready to serve.

Blackberry-Jam Cake-Rub to a cream one-half of a supful of butter, gradually add one cupful of sugar, the volks of three eggs and the whites of two (reserve the other white for frost-this danger with Dr. Thomas' Eclecing), one-half a cupful of sour milk or tric Oil-a pulmonic of acknowledged thin cream, one-half teaspoonful of efficacy. It cures soreness and lame-soda, one level teaspoonful each of ness when applied externally, as well cinnamon and allspice, two scant cup- as swelled neck and crick in the back; fuls of sifted flour and one cupful of and, as an inward specific, possesses thick blackberry jam or preserves.

Roast Duck with Baked Apples-Take a young duck that weighs about four pounds; singe and wash quickly; wipe dry, and rub both the inside and outside of the fowl with the juice of half a lemon (reserve the other half for the pudding sauce); then fill with small onion minced fine, one large sour the stomach, and instead of being apple cut in rather thick slices, one oven till tender, basting often. (Two acidity, open the secretions and con-or three very thin slices of bacon laid vey the food partaken of into healthy Some of the anti-Semite expressions

two teacupfuls of flour, one-half teaspoonful of soda and one slightly heaping teaspoonful of cream tartar. Put the batter in muffin rings or gem pans and bake in a quick oven; take out on a hot platter, and when ready to serve pour over a sauce made of one Lablespoonful of flour rubbed smooth with three tablespoonfuls of softened butter. Put in a saucepan, add one cupful of sugar, one and onehalf cupfuls of boiling water and the juice and grated rind of half a lemon.

A Few Doses Gave Permanent Relief. James Allen, of St. Stephen, N. B., writes: "I was troubled with very seapples. Mashed potatoes. Cel- vere pains in the heart, pain in the ery. Lima beans. French puff o side, and shortness of breath. I became completely exhausted with the least exertion. Doctors said my case was a hopeless one. I procured a bottle of Dr. Agnew's Crue for the Heart. A few doses gave permanent relief, six bottles entirely cured me. Today For sale by C. McCallum and B. A. Mitchell.

> The Toronto Trades and Labor Council held a special meeting on Wednesday night for the purpose of revising the constitution, which had been placed in the hands of a committee some time ago. The attendance was large, and the meeting was chiefly remarkable for an attempt to exclude from membership men who are not actually engaged at their trade. The resolution, which was no doubt aimed at D. J. O'Donoghue, was defeated by a vote of 41 to 3.

Piles! Piles! Itching Piles!

SYMPTOMS .- Moisture; intense itchtle of the salt and pepper, little dots of | ing and stinging, mostly at night: butter and a little cream; then a layer worse by scratching. If allowed to continue, tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. All druggists, or by mail, 50 cents. Dr. Swayne & Son, Philadelphia, Lyman Sons & Co., Montreal, wholesale agents.

> Toothache, as an excuse for absence from duty, is not recognized in the postoffice of Geneva, Switzerland. When an employe complains of an aching tooth, a government doctor pulls it

#### Old Sarsaparilla.

That's Ayer's. The same old

The Same...

sarsaparilla as it was made and sold by Dr. J. C. Ayer 50 years ago. In the laboratory it is different. There modern appliances lend speed to skill and experience. But the sarsaparilla is the same old sarsaparilla that made the record—50 years of cures. Why don't we better it? Well, we're much in the condition of the Bishop and the raspberry: "Doubtless," he said, "God might have made a better berry. But doubtless, also, He never did." Why don't we better the sarsaparilla? We can't. We are using the same old plant that cured the Indians and the Spaniards. It has not been bettered. And since we make sarsaparilla compound out of sarsaparilla plant, we see no way of improvement. Of course, if we were making some secret chemical compound we might .... But we're not. We're making the same old sarsaparilla to cure the same old diseases. You can tell it's the same old sarsaparilla because it works the same old cures. It's the sovereign blood purifier, and-it's Ayers.

### Attempted Assassination.

Would Leave the Erection of a Child-\$25,000 Building for Private Patients Would Be a Good Thing.

pital board of trustees was held yesterday afternoon, with all the members present. The principal business council on Monday night the follow-

opinion that the hospital should be ministration buildings in the center, very materially improved, and calls at- with all the present outbuildings retention to the report of the hospital for moved from the river bank. Such a the year ending Sept. 30, 1897, which hospital would be much improved by shows that 842 patients were admitted the erection of the children's pavilion, during the year. The number in 1888, being the first year the trust had of private wards at a cost of \$25,000, charge of the hosptal, was 494, which but the trust, while quite willing to has increased year by year, till the take charge of these, if the citizens wish number 842 was reached \_during the to erect them, do not regard them as ernment received a cable message from past year. This is not due, the reindicative of the steady increase in the

> The original design of the present buildings was that the center portion would ultimately be used for administration purposes only, and these buildings the architects value at between \$30,000 and \$35,000.

Messrs. Moore & Henry, architects, complete hospital, using as far as practicable the present buildings, and their plans have been approved by the medical profession in the city. From them it will be seen that a hospital including pavilions for children and private that being convinced by the "most un-queenly language" of the Queen's al-patients, will cost about \$80,000, the amount being made up as follows:

Men's pavilion ......\$12,000 Women's pavilion ..... 8,000 gratulations were untrue, it has obtained a personal denial that Mr. Cleveland Contagious diseases, isolated pavilion ..... 15,000

Private pavilion .....\$25,000 Children's pavilion ..... 10,000

Total ...... \$35,000 Grand total .....\$80,000 As you are aware, the law relating to hospitals is that a municipality may aid in the erection or maintenance thereof, and as citizens generally, may differ in their opinions respecting the extent that aid should be given, the trust thought it best to have plans preable the citizens to erect a hospital with pavilions for children and private patients if they considered both

the latter necessary. The hospital, with pavilions for children and private patients, will cost

Without the pavilion for private patients, it will cost \$50,000, and if the children's pavilion is also dispensed The observations or suggestions which the trust consider they should

submit with reference to the matter, are as follows: With reference to the children's pavilion, the trust think it would be best to leave the erection of that in the hands of the citizens' committee. The trust have not found that the number of children requiring hospital treatment is large, there being seldom, more London, Nov. 6 .- The Daily Chron- than two or three children in the hoscost of the treatment per pa-

building. Then to isolate one, two or three children is not desirable, and would be very lonely for them. trust do not desire in any way to restrain the citizens from erecting such a ward, as it would tend to make a complete hospital, but only to point out the extent to which it would probably be used, and the cost likely to be incurred, leaving it to the citizens to say whether the need justifies the outlay. With reference to the private wards, the trust are of the opinion that if such were erected they would be used to a considerable exten! There appears to be an increasing demand for private hospital accommodation, and the objection which once existed to going to a hospital for treatment is fast dying out. It is, however, rather the purpose of the city hospital to provide accommodation for those who cannot afford to pay, than for those who can, and

He is removing from the farm. in compliance with the request of the ing estimated by the architect at about \$45,000. This will give the citizens a The report states the trust are of the complete public hospital with the adat a cost of \$10,000, and by the erection an absolute necessity, or feel their need to be so great as the other public requirements of the hospital. The trust feel that this is a question about which there should be no differ-

ence among the citizens; even doctors should not differ. The trust believe all ity, he borrowed \$10, \$15, \$25, or as desire the public good, and the work done by the jubilee committee, if handed over to the council, will be a very material aid in securing the firstclass hospital desired by the citizens were requested to prepare plans for a generally. The trust regard the present site as healthy, and the prospect very good, and if the buildings shown by Messrs. Moore & Henry's plan are erected there, a complete hospital for all purposes will be the result, and if the public part only is erected, the preof the public for many years to come

be provided for. The plans show that all the proposed buildings, with the exception of the contagious pavilion, would be connected by corridors, the total length from the private patients' building at the east end to the children's ward at the west being 400 feet. The contagious pavilion would be erected southeast of the present building, and 100 feet away from any other building. The situation of all the buildings is peculiarly favorable for the admission of sunlight-an important consideration. The new children's pavilion, if built, would accommodate 22 patients, and in the other buildings, aside from that for private patients, provision would be
